The #@!!% Suzuki-Basterds Believe No One In English-Speaking Canada Is Capable Of Reading Their French Anti-Pesticide Propaganda

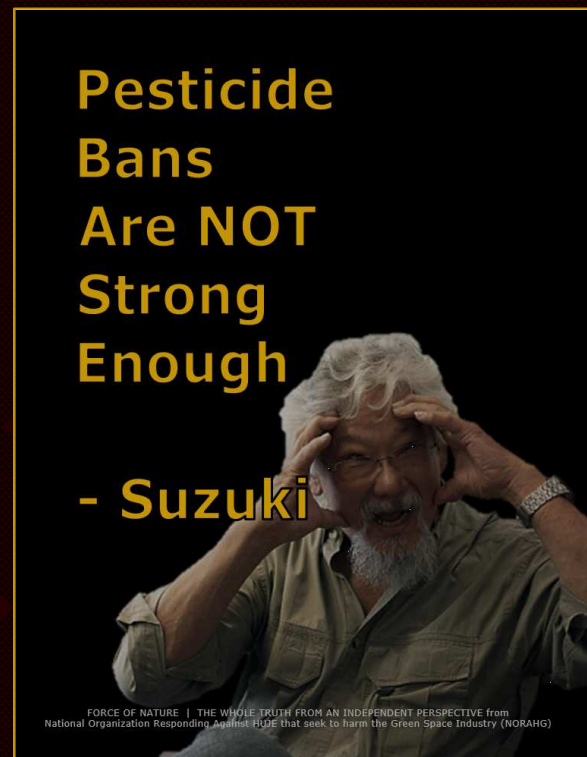

Quebec, which in 2003 pioneered the adoption of the Pesticide Management Code, has now been overtaken by other provinces in the regulation of pesticides for cosmetic purposes.

This is what has emerged from the analysis of the David Suzuki Foundation and Équiterre [organizations operating as anti-pesticide terrorists under the pretext of protecting the environment] when comparing regulatory frameworks of Canadian provinces in this regard.

Indeed, the regulations of the Ontario and Nova Scotia, although they have room for improvement, now offer the best protection in terms of health and environment. [?!?!]

The David Suzuki Foundation and Équiterre recommend revising Quebec's Pesticides Management Code so that it applies not only to lawns, but to all aspects of landscape maintenance. [?!?!]

The organizations also recommend that Quebec put forward a solid list of allowable LOW IMPACT active ingredients, that the sale and use of all pesticides be prohibited ON ALL PUBLIC AND PRIVATE PLACES [i.e. Golf Facilities], and that a mechanism be developed to cover new active ingredients emerging on the market. [?!?!]

Suzuki Continues To Interfere In Partisan Politics and Thinks He Can Hide Behind The French Language With His Anti-Pesticide Propaganda

Suzuki DESPISES the Golf Industry !

David Suzuki Foundation consists of Anti-Golf and Anti-Pesticide Lunatics who want to DESTROY THE GOLF INDUSTRY just as they DESTROYED businesses operating in the Professional Lawn Care Industry.

The Suzuki-Lunatics have called on ALL PROVINCES TO EXPAND PESTICIDE BANS TO ALL GOLF COURSES.

Suzuki has also stated that IT DOES NOT WANT ANY EXCEPTIONS FOR THE GOLF INDUSTRY.

Suzuki DEMANDS NEEDLESS, SENSELESS, and MALICIOUS PROHIBITIONS against pest control products used by the Golf Industry.

Karel Mayrand — David Suzuki Foundation

David Suzuki Foundation is an Anti-Pesticide and Environmental-Terrorist Organization.

Suzuki is also a FUND-RAISING, PROFIT-SEEKING, and LOBBYING organization, and it is NOT a science, research, or health organization.

Suzuki is presently UNDER INVESTIGATION FOR CHARITY FRAUD AND CONSPIRACY.

The #@!!% Suzuki-Basterds Believe No One In English-Speaking Canada Is Capable Of Reading Their French Anti-Pesticide Propaganda

According to Anti-Pesticide Lunatic Karel Mayrand, Director of the David Suzuki Quebec —

Quebec should seize the opportunity to take advantage of recent developments in other provinces and regain its position as a leader in this field by revising its Pesticides Management Code. [?!?!]

Mayrand has been placed on the list of CANADA'S PROMINENT ANTI-PESTICIDE TERRORISTS.

She is one of the PRINCIPAL ARCHITECTS who is part of the CONSPIRACY TO PROHIBIT pest control products used in the Urban Landscape.

Her ACTS OF SUBVERSION as an Anti-Pesticide Terrorist have SEVERELY DAMAGED THE BUSINESSES operating in the Professional Lawn Care Industry.

Sidney Ribaux — Equiterre

Equiterre is an Environmental-Terrorist and Anti-Pesticide Organization that is VERY CLOSELY ALLIED WITH DAVID SUZUKI FOUNDATION.

In 1992-1993, Equiterre was established as an AMBASSADOR AND PUBLIC POLICY SHIELD ORGANIZATION FOR DAVID SUZUKI FOUNDATION IN THE PROVINCE OF QUEBEC.

SUZUKI and EQUITERRE are basically ONE-IN-THE-SAME GROUP that even operate out of the SAME LOCATION in Montreal.

Suzuki Continues To Interfere In Partisan Politics and Thinks He Can Hide Behind The French Language With His Anti-Pesticide Propaganda

According to Anti-Pesticide Lunatic Sidney Ribaux, general coordinator at Equiterre (a.k.a. David Suzuki Foundation) —

The Ministry of Sustainable Development, Environment and Parks would benefit from updating the Pesticides Management Code. [?!?!]

Since its establishment in 2003, the list of prohibited products in Quebec was unchanged while Ontario and Nova Scotia have now developed STRONGER POLICIES THAT PROHIBIT MORE PESTICIDES in Quebec. [?!?!]

Ribaux has been placed on the list of CANADA'S PROMINENT ANTI-PESTICIDE TERRORISTS.

He is a PRINCIPAL ARCHITECT who are part of the conspiracy to prohibit pest control products used in the Urban Landscape.

His ACTS OF SUBVERSION as an Anti-Pesticide Terrorist have SEVERELY DAMAGED THE BUSINESSES operating in the Professional Lawn Care Industry.

Nadine Bachand — Equiterre

According to Anti-Pesticide Lunatic Nadine Bachand, project manager in agriculture at Equiterre (a.k.a. David Suzuki Foundation) —

The #@!!% Suzuki-Basterds Believe No One In English-Speaking Canada Is Capable Of Reading Their French Anti-Pesticide Propaganda

Ontario and Nova Scotia have raised the bar for better protection of the environment and human health with regard to pesticides used for cosmetic purposes. [?!?!]

Other provinces should learn from these models and regulate them rigorously. [?!?!]

Bachand has been placed on the list of CANADA'S PROMINENT ANTI-PESTICIDE TERRORISTS.

She is one of the PRINCIPAL ARCHITECTS who are part of the CONSPIRACY TO PROHIBIT pest control products used in the Urban Landscape.

Her ACTS OF SUBVERSION as an Anti-Pesticide Terrorist have SEVERELY DAMAGED THE BUSINESSES operating in the Professional Lawn Care Industry.

Edith Smeesters — Equiterre

According to Anti-Pesticide Lunatic Edith Smeesters, a pioneer in the movement for alternatives to pesticides in Quebec, and ecological horticulture consultant for Equiterre (a.k.a. David Suzuki Foundation) —

Too many people think they are protected by the Pesticides Management Code established by the Government of Quebec. [?!?!]

Suzuki Continues To Interfere In Partisan Politics and Thinks He Can Hide Behind The French Language With His Anti-Pesticide Propaganda

However, the code is NOT STRONG ENOUGH, and Quebec must now UPDATE using the recommendations of the David Suzuki Foundation and Equiterre. [?!?!]

10 years ago, we were pioneers in the movement of awareness and alternatives, and the need for a PROVINCIAL BAN on pesticides used for cosmetic purposes. [?!?!]

We must now RAISE THE BAR and resume our position as leader. [?!?!]

Smeesters has been placed on the list of CANADA'S PROMINENT ANTI-PESTICIDE TERRORISTS.

She is one of the PRINCIPAL ARCHITECTS who are part of the CONSPIRACY TO PROHIBIT pest control products used in the Urban Landscape.

Her ACTS OF SUBVERSION as an Anti-Pesticide Terrorist have SEVERELY DAMAGED THE BUSINESSES operating in the Professional Lawn Care Industry.

Michel Gaudet — Environmental Health Association

Environmental Health Association of Quebec (EHAQ) is an Environmental-Terrorist and Anti-Pesticide Organization that is VERY CLOSELY ALLIED WITH DAVID SUZUKI FOUNDATION.

According to Anti-Pesticide Lunatic Michel Gaudet, vice president and spokesman for EHAQ —

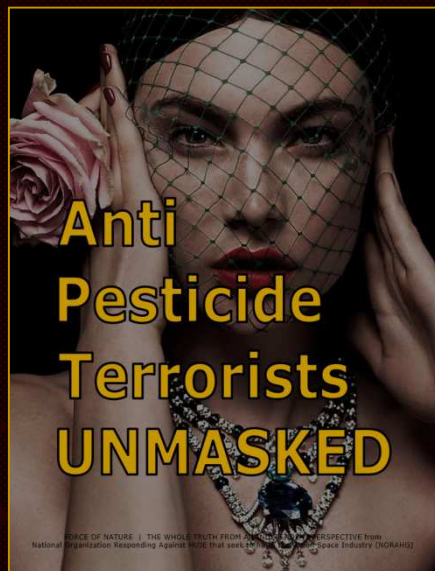

The #@!!% Suzuki-Basterds Believe No One In English-Speaking Canada Is Capable Of Reading Their French Anti-Pesticide Propaganda

Many of our members suffer adverse effects on their health as a result of exposure to pesticides. [?!?!]

This limits their quality of life during the summer since they should avoid places where products are sprayed, and avoid participating in outdoor activities because of these pesticide applications. [?!?!]

In Quebec, a Pesticides Management Code has been established to protect human health.

In this context, Québec must now increase the requirements to better protect our health. [?!?!]

Les bâtards de merde Suzuki croient que personne dans le Canada anglophone est capable de lire leur propagande en français contre les produits anti-parasitaires

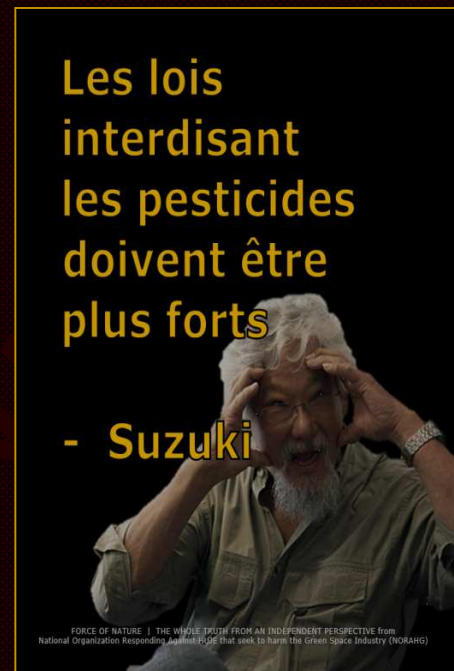

Le Québec, pionnier en 2003 avec l'adoption du Code de gestion des pesticides, a maintenant été dépassé par d'autres provinces en matière de réglementation de pesticides utilisés à des fins esthétiques.

C'est ce qui ressort de l'analyse de la Fondation David Suzuki et d'Équiterre [organisations qui opèrent en tant que terroristes contre les pesticides, sous prétexte de protéger l'environnement] comparant les encadrements réglementaires des provinces canadiennes en la matière.

En effet, les règlements de l'Ontario et de la Nouvelle-Écosse, bien qu'ils présentent des possibilités d'amélioration, offrent maintenant la meilleure protection sur le plan de la santé et de l'environnement dans le domaine. [?!?!]

La Fondation David Suzuki et Équiterre recommandent de réviser le Code de gestion des pesticides du Québec afin que celui-ci s'applique lui aussi non plus seulement qu'aux pelouses, mais à tous les éléments d'un aménagement paysager. [?!?!]

Les organisations recommandent également que Québec mette de l'avant une liste solide d'ingrédients actifs à faible impact autorisés, que la vente et l'usage de tout autre pesticide soient interdits sur TOUS LES LIEUX PUBLICS ET PRIVÉS [exemple : terrains de golf], et qu'un mécanisme soit mis en place afin de couvrir les nouveaux ingrédients actifs qui émergent sur le marché. [?!?!]

Suzuki continue de s'ingérer dans la politique partisane et pense qu'il peut se cacher derrière la langue française

Suzuki MÉPRISE l'industrie du golf!

La Fondation David Suzuki se compose d'écologistes radicaux qui veulent DÉTRUIRE L'INDUSTRIE DU GOLF tout comme ils ont DÉTRUIT les entreprises opérant dans l'entretien des pelouses.

Les radicaux Suzuki ont demandé à toutes les provinces pour ÉTENDRE L'INTERDICTION DES PRODUITS ANTI-PARASITAIRES À TOUS LES TERRAINS DE GOLF.

Suzuki a également déclaré qu'il NE VEUT PAS D'EXCEPTION POUR L'INDUSTRIE DU GOLF.

Suzuki EXIGE DES INTERDICTIONS INUTILES, ABSURDES et MALVEILLANTES contre les produits anti-parasitaires utilisés par les terrains de golf.

Karel Mayrand — La Fondation David Suzuki

La Fondation David Suzuki est une organisation d'enviro-terroristes qui sont contre les produits anti-parasitaires.

Suzuki est également une organisation À BUT LUCRATIF à travers des activités telles que COLLECTE DE FONDS et LOBBYING.

Suzuki N'EST PAS une organisation qui se consacre à la science, la recherche, ou la santé.

Suzuki est actuellement sous enquête pour fraude et complot.

Les bâtards de merde Suzuki croient que personne dans le Canada anglophone est capable de lire leur propagande en français contre les produits anti-parasitaires

Selon Karel Mayrand, un radical contre les pesticides, et directeur général de la Fondation David Suzuki au Québec —

Le Québec devrait saisir l'occasion de mettre à profit les récents développements dans les autres provinces et regagner sa position de chef de file dans ce domaine en révisant son Code de gestion des pesticides. [?!?!]

Mayrand se trouve sur la liste des terroristes qui opèrent en évidence contre produits anti-parasitaires au Canada.

Elle est l'un des PRINCIPAUX ARCHITECTES qui font partie de la CONSPIRATION visant à interdire les produits anti-parasitaires utilisés dans le milieu urbain.

Ses ACTES DE SUBVERSION en tant que terroriste contre les produits anti-parasitaires ont GRAVEMENT ENDOMMAGÉ LES ENTREPRISES opérant dans le secteur de l'entretien des pelouses.

Sidney Ribaux — Équiterre

Équiterre est une organisation d'enviro-terroristes qui sont contre les produits anti-parasitaires, et qui est très étroitement liée à la Fondation David Suzuki.

En 1992-1993, Équiterre a été établi comme AMBASSADEUR ET BOUCLIER POUR LA FONDATION DAVID SUZUKI DANS LA PROVINCE DE QUÉBEC.

Suzuki continue de s'ingérer dans la politique partisane et pense qu'il peut se cacher derrière la langue française

Suzuki et Équiterre sont fondamentalement le MÊME GROUPE qui opèrent AU MÊME ENDROIT à Montréal.

Selon Sidney Ribaux, un radical contre les pesticides, et coordonnateur général d'Équiterre (également reconnu comme la Foundation David Suzuki) —

Le ministère du Développement durable, de l'Environnement et des Parcs (MDDEP) du Québec aurait avantage à mettre à jour l'approche du Code. [?!?!]

Depuis sa mise en place en 2003, la liste de produits interdits au Québec est restée inchangée alors que l'Ontario et la Nouvelle-Écosse ont désormais développé DES POLITIQUES PLUS FORTES QUI INTERDISENT PLUS DE PESTICIDES qu'au Québec. [?!?!]

Ribaux se trouve sur la liste des terroristes qui opèrent en évidence contre les produits anti-parasitaires au Canada.

Il est l'un des PRINCIPAUX ARCHITECTES qui font partie de la CONSPIRATION visant à interdire les produits anti-parasitaires utilisés dans le milieu urbain.

Les bâtards de merde Suzuki croient que personne dans le Canada anglophone est capable de lire leur propagande en français contre les produits anti-parasitaires

Nadine Bachand — Équiterre

Selon Nadine Bachand, un radical contre les pesticides, et chargée de projet en agriculture chez Équiterre (également reconnu comme la Foundation David Suzuki) —

L'Ontario et la Nouvelle-Écosse ont remonté la barre pour une meilleure protection de l'environnement et de la santé humaine en matière de pesticides utilisés à des fins esthétiques. [?!?!]

Les autres provinces doivent s'inspirer de ces modèles et réglementer ceux-ci de manière rigoureuse. [?!?!]

Bachand se trouve sur la liste des terroristes qui opèrent en évidence contre produits anti-parasitaires au Canada.

Elle est l'un des PRINCIPAUX ARCHITECTES qui font partie de la CONSPIRATION visant à interdire les produits anti-parasitaires utilisés dans le milieu urbain.

Suzuki continue de s'ingérer dans la politique partisane et pense qu'il peut se cacher derrière la langue française

Edith Smeesters — Équiterre

Selon Edith Smeesters, un radical contre les pesticides, et pionnière du mouvement pour les alternatives aux pesticides au Québec et consultante en horticulture écologique pour Équiterre (également reconnu comme la Fondation David Suzuki) —

Trop de gens pensent qu'ils sont protégés par le Code de gestion des pesticides instauré par le gouvernement du Québec.

[?!?!]

Or, le Code est beaucoup TROP FAIBLE, et le Québec doit maintenant se REMETTRE À JOUR en appliquant les recommandations du rapport de la Fondation David Suzuki et d'Équiterre. [?!?!]

Il y a 10 ans, nous avons été pionniers dans le mouvement de sensibilisation de la population et des décideurs aux solutions de rechange et à la nécessité d'une INTERDICTION PROVINCIALE des pesticides utilisés à des fins esthétiques.

Il faut maintenant REHAUSSER LA BARRE et reprendre une position de leader. [?!?!]

Smeesters se trouve sur la liste des terroristes qui opèrent en évidence contre products anti-parasitaires au Canada.

Elle est l'un des PRINCIPAUX ARCHITECTES qui font partie de la CONSPIRATION visant à interdire les produits anti-parasitaires utilisés dans le milieu urbain.

Michel Gaudet — L'Association de santé environnementale du Québec

L'Association de santé environnementale du Québec est une organisation d'enviro-terroristes qui sont contre les produits anti-parasitaires, et qui est très étroitement liée à la Fondation David Suzuki.

Selon Michel Gaudet, un radical contre les pesticides, et vice-président et porte-parole de l'ASEQ —

Plusieurs de nos membres souffrent d'effets nocifs sur leur santé à la suite d'expositions aux pesticides. [?!?!]

Cela limite leur qualité de vie pendant l'été puisqu'ils doivent éviter les endroits arrosés de tels produits ou éviter de participer aux activités en plein air à cause de ces épandages de pesticides. [?!?!]

Au Québec, un code de protection des pesticides a été instauré pour protéger la santé.

Dans cette optique, le Québec doit maintenant hausser les exigences pour mieux protéger notre santé. [?!?!]

Equiterre

Equiterre is an Environmental-Terrorist and Anti-Pesticide Organization that is VERY CLOSELY ALLIED WITH DAVID SUZUKI FOUNDATION.

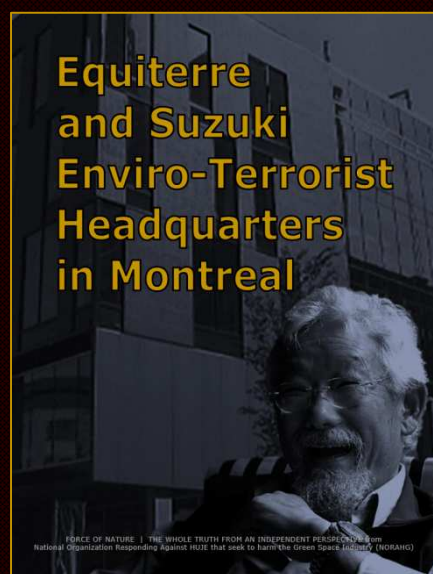

In 1992-1993, Equiterre was established as an AMBASSADOR AND PUBLIC POLICY SHIELD ORGANIZATION FOR DAVID SUZUKI FOUNDATION IN THE PROVINCE OF QUEBEC.

SUZUKI and EQUITERRE are basically ONE-IN-THE-SAME GROUP that even operate out of the SAME LOCATION in Montreal.

In 2001, when Anti-Pesticide PROHIBITION in the Town of Hudson, Quebec, was challenged before The Supreme Court Of Canada, Ecojustice Canada provided legal counsel for the NATURE-ACTION QUEBEC (an early version of EQUITERRE), as well as Federation of Canadian Municipalities (managed by some of the same people that now run New Democratic Party of Canada (NDP)), and World Wildlife Fund (WWF).

EQUITERRE's office is located in Montreal, Quebec, in the Centre for Sustainable Development, which officially opened its doors on October 6th, 2011, and is home to EIGHT Environmental and Social Terrorist Organizations, including EQUITERRE, and coincidentally, DAVID SUZUKI FOUNDATION.

The centre is COLLECTIVELY OWNED by the organizations that occupy the building, including the Quebec headquarters for the David Suzuki Foundation and Amnesty International.

The Quebec Pesticides Management Code

The Pesticides Management Code has been in force since April 3rd, 2003, sets strict standards to control the use and sale of pesticides, under the PRETEXT of attempting « *to protect human health* ».

This Code was the result of a **BOGUS CONSULTATION** carried out in 1998 by the Ministry of the Environment, following the recommendations of the Groupe De Réflexion Sur Les Pesticides En Milieu Urbain, an Anti-Pesticide Organization.

Since April 2006, it is **PROHIBITED** to use certain products on the lawns of public, semi-public and municipal properties and, on the lawns of private and commercial properties, except for golf courses.

Who says Quebec is Pesticide-Free !?!?

Despite a **PROHIBITION** fully implemented since 2006, several pest control products are **ALLOWED** in the Province of Quebec for Commercial Use on Turf

- Acclaim Herbicide
- Betasan Herbicide
- Deltagard Insecticide
- Dicamba Herbicide
- Dimension Herbicide
- Imidacloprid Insecticide
- Spinosad Insecticide.

Now that 60 per cent of Quebec Lawn Care businesses have been **ANNIHILATED** by Suzuki and Equiterre, who are **UNSATIATED**, say they want to **FURTHER DESTROY MORE BUSINESSES WITH DEMANDS TO PROHIBIT THE REMAINING ALLOWABLE PRODUCTS.**

Complaints Against David Suzuki Foundation by Ethical Oil

On April 23th, 2012, David Suzuki Foundation became THE TARGET OF A COMPLAINT TO THE CANADA REVENUE AGENCY (CRA), just days after its namesake co-founder stepped down amid heightened tensions between environmental charities and the Government of Canada.

EthicalOil.org, a non-profit organization that promotes oil from Canada and other democracies, sent a COMPLAINT to Canada Revenue Agency asking it to INVESTIGATE whether David Suzuki Foundation is BREAKING RULES THAT PERTAIN TO POLITICAL ACTIVITY.

The COMPLAINT comes on the heels of the Government of Canada's WARNING that it will keep a much closer eye on the BLURRY LINE BETWEEN CHARITY AND POLITICS, arming the tax department with 8-MILLION-DOLLARS to enforce the rules.

Registered charities are allowed to devote only a SMALL FRACTION of their resources to POLITICAL ACTIVITY, although they can NEVER BE PARTISAN.

EthicalOil.org said in its 44-page COMPLAINT, which was drafted by Calgary-based JSS Barristers —

« If you find the Suzuki Foundation is in contravention of the CRA rules, then we request that you consider whether the Suzuki Foundation should have its CHARITABLE STATUS REVOKED or otherwise be SANCTIONED. »

The COMPLAINT relates to David Suzuki Foundation's activities over the past year, and the bulk of the COMPLAINT outlines allowable political activity such as letter-writing campaigns to federal politicians or blog posts urging the Government of Canada to change its environmental policies.

Jamie Ellerton, Executive Director of EthicalOil.org, said those activities point to the group's « politicization » and that Canada Revenue Agency should « determine whether or not they are crossing the 10 per cent political threshold and VIOLATING CHARITIES LAW ».

David Suzuki Foundation

Complaints Against David Suzuki Foundation (continued)

The COMPLAINT also says David Suzuki Foundation received funding from the British government and that the purpose of the funding may have been to « *forward the policies of the United Kingdom Government on climate change in Canada* ».

Ellerton said the COMPLAINT was faxed to David Suzuki Foundation, but the organization did not confirm receipt or provide comment.

Ellerton said that organizations should FORGO CHARITABLE STATUS — and all the economic benefits it brings — if they want THE FREEDOM TO BE POLITICAL —

« *What we're looking to accomplish [in issuing a complaint to the revenue agency] is to ENSURE TAX-PAYERS AREN'T SUBSIDIZING THE POLITICAL ACTIVITY of the David Suzuki Foundation.* »

Other portions of the COMPLAINT accuse David Suzuki Foundation of ENGAGING IN PROHIBITED PARTISAN ACTIVITY and point to the following as two examples —

- A blog post titled « *Ontario Liberal platform maintains green energy focus* », which was published two days after the 2011 provincial election was called last fall; and
- A July 2011 Toronto Star article that reported Mr. Suzuki had endorsed Premier Dalton McGuinty and was « *urging Ontarians to re-elect* » the Liberal leader.

EthicalOil.org also mounted a FORMAL COMPLAINT against Environmental Defence in March 2012.

Other environmental groups have reacted in order to protect themselves.

ForestEthics Canada last week announced it would SPLIT INTO TWO so one segment can devote all its time to opposing projects such as the Northern Gateway oil pipeline.

Suzuki and Greenpeace

Complaints Against David Suzuki Foundation (continued)

ForestEthics Canada was never a registered charity itself, but its donors received tax receipts through its former UMBRELLA GROUP, TIDES CANADA.

It is known in at least one instance that the Vancouver address for Tides USA, as reported to the U.S. Internal Revenue Service by the Hewlett Foundation, is EXACTLY THE SAME AS THE ADDRESS of David Suzuki Foundation — 2211 WEST FOURTH AVENUE, SUITE 219.

Complaints Made Greenpeace Lose Its Charity Status

Greenpeace New Zealand CANNOT REGISTER AS A CHARITY.

Greenpeace, an Environmental-Terrorist-Organization, appealed against a 2010 ruling by the Charities Commission, which found its promotion of « disarmament and peace » was POLITICAL rather than educational, and while it did not directly advocate illegal acts, Greenpeace-Lunatics had ACTED ILLEGALLY.

According to Justice Paul Heath —

« Non-violent, but potentially ILLEGAL ACTIVITIES (such as trespass), designed to put (in the eyes of Greenpeace) objectionable activities into the public spotlight were an independent object DISQUALIFYING it from registration as a charitable entity. »

Greenpeace's pleas for disarmament and peace COULD BE SEEN AS AN INDEPENDENT PURPOSE, and its political activities WERE NOT NECESSARY to educate members of the public on the key issues of Greenpeace, Justice Heath said.

Greenpeace-Lunatic-Lawyer Davey Salmon argued all of the organisation's primary purposes were charitable and the engagement of charities in political advocacy was more acceptable now in 21st Century New Zealand — YEAH, RIGHT !

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the Green Space Industry (NORAHG)

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
