Selected and adapted excerpts

Golfers and a threatened frog species appear to be co-existing at Sharp Park Golf Course in Pacifica with help from the City of San Francisco, according to a federal judge who REFUSED TO SCALE BACK OPERATIONS at the 81-year-old golf facility.

Environmental-Terrorist-Organizations SUED to obtain an INJUNCTION that would limit water pumping, mowing and golf car use at the 417-acre ocean-front golf facility.

In a ruling on November 29th, 2011, U.S. District Judge Susan Illston said Environmental-Terrorist-Organizations had FAILED TO SHOW the need for court intervention before their lawsuit goes to trial in July 2012.

Judge Illston said there was UNDISPUTED EVIDENCE that the golf facility's Red-Legged Frog population HAS INCREASED over the last 20 years.

The two sides disagree about the reasons.

Government Officials at City of San Francisco said they have worked with the U.S. Fish and Wildlife Service to protect eggs and tadpoles from the pumps, have limited mowing and golf car use, and have suspended golf play when threatened species are spotted nearby.

NO Injunction Against Golf Facility

Environmental-Terrorist-Organizations ALLEGE that the only improvements have been at nearby Mori Point, and that Sharp Park habitat is still imperiled.

Regardless, U.S. District Judge Susan Illston said, the gains by the park's frog population, and the city's « *careful monitoring of water levels* » and other conditions, ELIMINATE ANY NEED FOR AN IMMEDIATE INJUNCTION.

The judge said there was LITTLE EVIDENCE THAT GOLF FACILITY OPERATIONS WERE HARMING the San Francisco Garter Snake, which was last sighted in the park in 2008.

Judge Illston could reach a different conclusion after next year's trial, where Environmental-Terrorist-Organizations say they will present evidence that the golf facility and the water pumping are wrecking habitat for both creatures.

Deputy City Attorney James Emery said Judge Illston « *recognized the careful stewardship that (the Department of) Recreation and Park has implemented* » and has given the city more time for a « *policy decision on how that property should be used* ».

In other words, the golf facility MAY BE CLOSED because of RELENTLESS AND UNCEASING ENVIRONMENTAL-TERRORIST ACTIVITIES.

NO Need For An Injunction

ENVIRO-TERRORISM AGAINST GOLF WILL NEVER END

As usual, these Lunatic-Enviro-Terrorists want to DESTROY the Golf Industry.

While San Francisco is intent to maintain the 18-hole golf facility, terrorists have been pushing for it to be SHUT DOWN and turned into restored wildlife habitat with recreational uses like hiking and biking.

As usual, these Lunatic-Enviro-Terrorists DESPISE the Game of Golf.

Environmental-Terrorist-Organizations like National Parks Conservation Association and Wild Equity Institute have TERRORIZED the City of San Francisco for years over the future of Sharp Park Golf Course.

According to Enviro-Lunatic Brent Slater of Wild Equity Institute —

We've got hundreds and hundreds of (frog) egg masses that are being destroyed by pumping that exposes them to the open air.

Our case is only going to get stronger.

NO Injunction Against Golf Facility

FALSE ALLEGATIONS

Environmental-Terrorist-Organizations ALLEGE the golf facility is somehow HARMING TWO OBSCURE AND INSIGNIFICANT ANIMAL SPECIES — the California Red-Legged Frog and the San Francisco Garter Snake.

The terrorists FALSELY ALLEGED that lawn-mowing, pest control product spraying, and flood control activities on the golf facility are contributing to population losses, and that the City of San Francisco has done little to mitigate the ill-effects of golfing on the species' habitats.

The injunction they sought would have halted pumping from a pond where frogs deposit their eggs, POSSIBLY flooding 10 of the 18 course holes during winter rains.

The terrorists attempted to MINIMIZE the CARNAGE they were creating by claiming that the shut-down of the golf facility would be partial and temporary.

But the City of San Francisco and the San Francisco Golf Alliance said AN INJUNCTION MIGHT HAVE PERMANENTLY CLOSED THE ENTIRE COURSE.

City supervisors, meanwhile, are considering whether to maintain the golf facility and invest in improvements or convert it to parkland, perhaps by transferring it to the federal government.

VICTORY AGAINST TERRORISTS may be SHORT-LIVED.
