The owner of a Professional Lawn
Care Franchise speaks out !

Selected and adapted excerpts

Banning pest control products HAS ENCOURAGED individuals to substitute the banned product for MORE TOXIC AND MORE ENVIRONMENTALLY HAZARDOUS ALTERNATIVES.

With franchise locations across the country, we get a very good and accurate report of what is happening out there in the field.

People paying higher property taxes every year will simply not sit by and let their property values go down.

People want and need nice green spaces, and that make them feel good about their life, their family and their environment,

People want and need nice green spaces in order to create a society of happier people.

Consequences

By banning pest control products, people are now feeling that they are in a dictatorship.

People have their backs up against the wall, and are wondering what is next that they will be told to do for no good reason.

What else will be taken away for no good reason ?

If the government can do what they have done, then there really is no limit here, and that is the start of the back-lash that we now hear.

By banning pest control products, individuals using MORE TOXIC AND MORE ENVIRONMENTALLY HAZARDOUS ALTERNATIVES like BORAX and SOAP for the control of ants.

This is a so-called recommended green alternative !

I called the Borax people to ask what is its PERSISTENCE IN THE ENVIRONMENT, and they say they have NO IDEA, and do not test for that.

The Borax people asked why on earth are you putting it on turf because it is not for that in any way.

By banning pest control products, people have used products they have brought back from the U.S. that are MUCH STRONGER than Canadian-registered products.

By banning pest control products, people are using bleach, gas, turpentine and many other HOUSEHOLD CONCOCTIONS to fight pests of turf.

Minimal use of a proven-to-be-safe registered product is a MUCH MUCH MUCH BETTER WAY TO PROTECT THE ENVIRONMENT.

By banning pest control products, a BLACK MARKET FOR HAZARDOUS PRODUCTS has developed.

These BLACK MARKET PRODUCTS harm the environment like no tomorrow.

and malicious prohibition***

IN THE 9/11 ERA OF ENVIRONMENTAL-TERROR, AT LEAST ONE MALICIOUS ACT OF TERROR IS PERPETRATED EVERY SINGLE DAY BY ENVIRO-LUNATICS.
