

The following prominent enviro-maniacculprits and their environmental-terrororganizations are accountable for conspiring to change public policies that TERRORIZE and THREATEN the Green Space Industry. Their policies have led to the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE conventional pest control products. Furthermore, their policies have led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on THOUSANDS of hapless victims throughout the Ontario GREEN SPACE INDUSTRY

We must defend the industry, whatever the cost may be

EXECUTIVE DIRECTOR. Ecojustice Canada.

In 2008, Ecojustice Canada used the PUBLIC AFFAIRS SHIELD organization Coalition for Pesticide Reform Ontario. This shield was created to influence public policy regarding the Ontario Cosmetic Pesticides Ban Act. Here is a 2008 coalition statement that was supported by Ecojustice —

In a world of multiple chemical exposures, we must remove needless risks from lawn and garden pesticides.

In 2001, on behalf of the Federation of Canadian Municipalities, World Wildlife Fund of Canada, and Nature-Action, Ecojustice provided expertise in the precedentsetting case in support of NEEDLESS, SENSELESS, and MALICIOUS prohibition in the Town of Hudson, Quebec.

In 2009, Ecojustice began representing David Suzuki Foundation and Equiterre attempted to block Dow Agrosciences, the owner of the hated herbicide 2,4-D. Dow declared that it had enough with prohibition in the Province of Quebec, and invoked its rights as a company that manufactures a product that has been given a CLEAN BILL OF

HEALTH by Health Canada. Dow argues that the federal government owes millions of dollars in lost revenues for a product that was prohibited needlessly. Dow's case is based upon Chapter 11 of the North America Free Trade Agreement (N.A.F.T.A.).

In 2008, Children's Hospital of Eastern Ontario used a PUBLIC AFFAIRS SHIELD ORGANIZATION called Coalition for Pesticide Reform Ontario. This shield was created to ensure the passage of the Ontario Cosmetic Pesticides Ban Act, which C.H.E.O. clearly supported.

Here is an excerpt from a 2008 coalition advertisement —

[C.H.E.O. is among the] Health and Environmental Organizations [that] Support Ontario-wide Ban on Cosmetic Pesticides.

[...] one should be thankful for the care and concern that the Coalition has taken in order to help protect the health of citizens from the frivolous use of synthetic lawn chemicals. [?] — September 2008

The RCMP have indicted people for the tainted blood fiasco, including scientists from Health Canada. The three arguments against pesticide control are that it is a federally regulated substance, it will cost too much, and that there is no absolute proof. [?] — February 2004

Only minimal-risk products should be used around the home, in public places and in the workplace. Rather than spending time and money educating people on adverse effects of pesticides, it would be more sensible to teach them to care for properties without toxic chemicals, because non-toxic methods exist and work (often better, with no risk of pesticide resistance developing). - WARD 2 COUNCILLOR. Chair of the Environment and Sustainability Committee. Town of Markham, which adopted its own prohibition, is located in the Greater Toronto Area.
- Member. Green Party of Ontario.

Erin Shapero is one of the elected government officials of the Town of Markham who has been particularly militant regarding the conspiracy to prohibit FEDERALLY LEGAL, SCI-ENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE pest control products in the Province of Ontario.

In 2008, Erin Shapero said —

The ban on the sale of pesticides is key to protecting our residents, our children and our environment. We will be healthier and safer because of it, not just in Markham, but across the Province. We will be pesticide free across the province by Earth Day next year.

In 2004, Shapero also said —

Homeowners have to start connecting what they do on their property with diseases such as cancer. [?]

EXECUTIVE DIRECTOR. Environmental Defence Canada.

Environmental Defence used the PUBLIC AFFAIRS SHIELD organization Coalition for Pesticide Reform Ontario, that was created to influence public policy regarding the Ontario Cosmetic Pesticides Ban Act. Environmental Defence is an organization that conspired to prohibit FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE pest control products in the Province of Ontario.

The following are excerpts from a 2008 coalition advertisement that was supported by Environmental Defence —

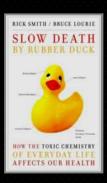

In a world of multiple chemical exposures, we must remove needless risks from lawn and garden pesticides.

In his 2009 book « Slow Death by Rubber Duck », Rick Smith boasts how he and his colleagues organized meetings and photo-ops with rent-a-crowd moms, strollers and of course, gurgling, crying and diaper wetting babies to influence politicians. This confirmed that enviro-maniacs routinely use children as « weapons of mass destructtion ». And then, as the book blatantly states -

SUZUKI, DAVID

contact@davidsuzuki.org

The following are Suzuki's personal affiliations with organizations that conspired to prohibit FEDERALLY LEGAL, SCI-ENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE pest control products in the Province of Ontario —

- CHAIRMAN and CO-FOUNDER. David Suzuki Foundation.
- HONORARY BOARD MEMBER. Ecojustice Canada.
- HONORARY BOARD MEMBER. Environmental Defence.

In 2004, David Suzuki said —

We shouldn't be putting our health in danger because we like to garden or play golf.

In 2008, Suzuki also said —

[The new prohibition legislation in Ontario] allows golf courses to continue using pesticides and gives power to the Ontario minister of the environment to allow other exceptions, a potentially dangerous loophole.

On October 15th, 2008, Suzuki's organization said —

If provincial bans exempt golf courses, as proposed in the discussion paper, municipalities need clear authority to restrict pesticide use on golf courses within their boundaries to better protect public health and the environment.

Background Information from an Independent Perspective

Evaluation of Coalition for Pesticide Reform Ontario

Clearly, the public has been DUPED into believing that Coalition for Pesticide Reform Ontario has considerable size and power, when in fact, it does not. Coalition for Pesticide Reform Ontario is actually comprised of just a few dozen Enviro-Maniacs.

Coalition-Enviro-Maniacs are advisors, analysts, board members, chairmen, councillors, directors, fund-raisers, investigamanagers, physicians, professors, researchers. spokesmen.

But NOT ONE Coalition-Enviro-Maniac is a scientist or a researcher or a specialist in the field of pest control products.

NOT ONE Coalition-Enviro-Maniac has ANY recognized expertise, training, or background in matters concerning pest control products. Overall, Coalition-Maniac opinions on pest control products are VALUELESS and WORTHLESS.

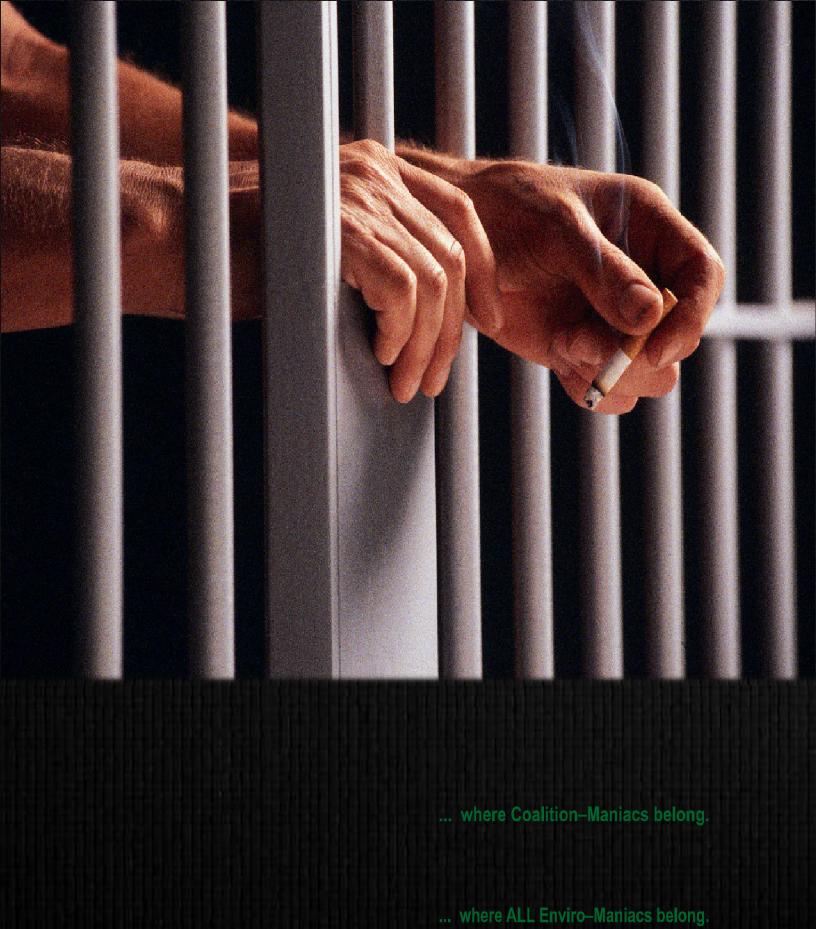

In fact, the true recognized experts in matters concerning pest control products are opposed to the ideas concocted by Coali-Historically, Coalition-Enviro-Maniacs tion-Enviro-Maniacs. have compensated for their ignorance and lack of expertise with the concoction of LIES, FEAR-MONGERING, MISCONCEP-TIONS, COERCION, THREATS, DECEPTIONS, TERROR, AND PARANOID CONSPIRACIES about pest control products.

Coalition for Pesticide Reform Ontario has NEVER produced official documents indicating that it is sanctioned by nothing more than a few GREEDY and AVARICIOUS Enviro-Maniac-Basterds seeking SAFE, SECURE, GUARANTEED, and WELL-PAYING Enviro-Terror-Jobs, and MILLIONS OF DOLLARS from government and private donations!

Additionally, Coalition for Pesticide Reform Ontario has NEVER provided documents indicating that it is OFFI-CIALLY supported by ANY organization. It is merely supported by a few dozen Enviro-Maniacs. NONE of the organizations used in Coalition advertising has EVER RATIFED with their membership any agreement or relationship with the Coalition. The public has been duped into believing that Coalition for Pesticide Reform Ontario has considerable size and power, when in fact, it does not.

FORCE OF NATURE WAS LAUNCHED FOR CONTINUOUS TRANSMISSION ON THE INTERNET ON JANUARY 1ST, 2009. IT IS A SERIES OF E-NEWSLETTERS DESTINED FOR THE GREEN SPACE INDUSTRY, THE ENVIRONMENTAL-TERROR-MOVEMENT, GOVERNMENT OFFICIALS, AND THE MEDIA, NATION-WIDE ACROSS CANADA, THE UNITED STATES, AND OVERSEAS.

FORCE OF NATURE IS THE BRAINCHILD OF WILLIAM H. GATHERCOLE AND HIS ENTOURAGE. MANY OF THESE PEOPLE ARE LEADERS IN THEIR OWN INDUSTRIES. THE OPINIONS EXPRESSED IN FORCE OF NATURE, EVEN THOUGH FROM AN INDEPENDENT PERSPECTIVE, MAY NOT REFLECT THOSE OF EVERYONE IN THE GREEN SPACE INDUSTRY, OR MR. GATHERCOLE'S MANY ASSOCIATES. BE WARNED! FORCE OF NATURE MAY SOMETIMES BE VERY IRREVERENT AND FEARLESS WITH THESE E-NEWSLETTERS. MR. GATHERCOLE IS NOW RETIRED FROM FORCE OF NATURE, ALTHOUGH HIS NAME CONTINUES TO APPEAR AS THE FOUNDER.

WILLIAM H. GATHERCOLE IS A PRINCIPAL FOUNDER OF THE MODERN PROFESSIONAL LAWN CARE INDUSTRY IN BOTH ONTARIO AND QUEBEC. HE HOLDS A DEGREE IN HORTICULTURE FROM THE UNIVERSITY OF GUELPH, AND ANOTHER PURE AND APPLIED SCIENCE DEGREE FROM MCGILL UNIVERSITY. FOR FIFTEEN YEARS, THE STRATEGIES DESIGNED AND IMPLEMENTED BY MR. GATHERCOLE AND HIS COLLEAGUES GUARANTEED THE CONTROL OF ENVIRONMENTEROR FOR THE ENTIRE MODERN GREEN SPACE INDUSTRY ACROSS CANADA. ALTHOUGH HE CAN BE ACCUSED OF BEING ANTI-ENVIRONMENT-MOVEMENT, HE IS, IN FACT, SIMPLY A STRONG ADVOCATE FOR THE MODERN GREEN SPACE INDUSTRY. HOWEVER, THIS POSITION HAS NOT PRECLUDED HIM FROM CRITICIZING THE GREEN SPACE INDUSTRY ITSELF. NONETHELESS, HIS VAST KNOWLEDGE OF OUR LONG JOURNEY WITH ENVIRONMENTAL ISSUES IS UNDENIABLE.
