Enviro-Terror NEVER Ends

TORONTO MAYORAL CANDIDATES GRADED ON THE ENVIRONMENT BY ENVIRO-MANIAC-ACTIVISTS

October 14th, 2010

Toronto Environmental Alliance
(Environmental-Terror-Organization)

Media Release

Selected and adapted excerpts

The Environmental-Terror-Organization called Toronto Environmental Alliance has evaluated and graded almost thirty mayoral and over two-hundred council candidates in all wards of the City of Toronto on their so-called pretentious commitment to continue building a « *Green Toronto* ». A « *Green Toronto* » is defined by this organization's own twisted Enviro-Maniac logic.

Toronto Environmental Alliance created a survey of twenty « *yes* » or « *no* » questions about the six Enviro-Maniac Priorities identified by Toronto Environmental Alliance and « *endorsed* » by other Enviro-Terror-Organizations and Enviro-Maniac-Activists throughout the City of Toronto.

An « *endorsement* » from other Enviro-Maniac-Activists is totally meaningless and utterly useless. Enviro-Maniacs likely « *endorse* » each other while getting drunk with draught beer, dressed in Spandex and Plaid, and thirsting for brutal revenge against those politicians who do not agree with them regarding environmental issues that are intellectually decrepit, depraved, despicable, and devoid of any sound science.

Government Officials should NOT deal with TERRORISTS, environmental or otherwise

Home > Voteto > Candidates Graded in Environmental Report Card > Top Mayoral Candidates graded on the Environment

Top Mayoral Candidates graded on the Environment

TEA has evaluated and graded almost 30 mayoral and over 200 council candidates in all wards of the city on their commitment to continue building a green Toronto.

TEA created a survey of 20 'yes' or 'no' questions about the 6 Environmental Priorities identified by TEA and endorsed by organizations and individuals across the City. These priorities identify key action areas for the next mayor and council to work on to build on the last ten years of environmental progress at the City.

TEA Mayoral Candidate Environmental Report Card

0/20

F

No interest in the environment - Because Mr. Ford failed to respond to our survey or even tell us why he wouldn't fill it out, he received an F. This is unfortunate because many organizations and individuals from all corners of the city care about the environment. He clearly does not consider the environment an important issue nor does he consider it important to talk to Torontonians about an issue they care about. Torontonians expect better from someone who wants to be their next Mayor.

20/20

A+

Strongest on the environment - Mr. Pantalone got an A+ on our report card. His commitment to the environment and the issues surrounding it are clear. If elected mayor, he will continue to build on the past 10 years of environmental success by moving forward with the 2007 Transit City Plan, the Sustainable Energy Strategy and increasing waste diversion. His only fault is not presenting more detailed, innovative ideas about how he will move forward.

0/20

F

No interest in the environment - Like Mr. Ford, Mr. Rossi has shown that the environment is not one of his priorities, and so got an F. Despite repeated attempts at contacting Mr. Rossi for his answers, he failed to respond to any of our efforts. He also failed to show up to our mayoral debate, even after committing to it. Mr. Rossi is sending voters the message that he does not care about the environment, and is ignoring the voices of the many Torontonians who do.

18/20

A+

Shows Clear Commitment - Mr. Smitherman's commitment to the environment is clear and he receives an A+. If elected mayor, he commits to the City's Sustainable Energy Strategy, creating local, green jobs, reducing toxic pollution and getting green bins into apartment buildings and condos. But he stumbled on two important issues: he refused to rule out burning garbage and he refused to fully implement the City's bike plan. Finally, his transit answers don't match his transit platform.

Background Information from an Independent Perspective

TORONTO ENVIRONMENTAL ALLIANCE (TEA)

Toronto Environmental Alliance is an Environmental-Terror-Organization that operates in the City of Toronto.

This organization has claimed to be dedicated to the so-called protection and improvement of Toronto's environment by connecting residents to decisions made at City Hall.

Toronto Environmental Alliance CONSPIRED to PROHIBIT pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

The following is an excerpt from a TEA document entitled « *Toronto Pesticide By-law. Toronto's Pesticide Bylaw — Choosing Kids' Health over Chemical Lawns* ». (The emphasis is our own.) —

« *TEA and other environmental, health and labour organizations PARTNERED TOGETHER to call on Toronto to protect our health and environment [!?!?] by ADOPTING A [NEED-LESS, SENSELESS, and MALICIOUS] PESTICIDE BY-LAW.* »

« *In 2003, we were successful — the City of Toronto joined over 50 other Canadian municipalities by passing a by-law banning the cosmetic use of chemical pesticides on all outdoor properties (including golf courses).* »

« *This ban came into effect April 2004.* »

« *As with other successful by-laws, Toronto exempts least-toxic [!?!?] pest control products from the ban.* »

TEA ALLIANCES

Toronto Environmental Alliance is closely ALLIED with other Environmental-Terror-Organizations that also CONSPIRED to PROHIBIT pest control products, such as —

- Canadian Association of Physicians for the Environment (CAPE)
- Canadian Cancer Society (CCS)
- Ontario College of Family Physicians (OCFP)
- Ontario Public Health Association
- Partnership for Pesticide Bylaws
- Pesticide Free Ontario (PFO)
- Registered Nurses' Association of Ontario (RNAO)
- Sierra Club of Canada
- World Wildlife Fund of Canada (WWF)

Background Information from an Independent Perspective

TEA AND PARTNERSHIP FOR PESTICIDE BYLAWS (PPB)

Partnership for Pesticide Bylaws was the PUBLIC AFFAIRS SHIELD for several Environmental-Terror-Organizations that CONSPIRED to PROHIBIT pest control products —

- Canadian Environmental Law Association (CELA)
- Ontario College of Family Physicians (OCFP)
- TORONTO ENVIRONMENTAL ALLIANCE (TEA)

Partnership for Pesticide Bylaws was created TO ENSURE THE PASSAGE OF THE TORONTO PROHIBITION OF PEST CONTROL PRODUCTS.

TEA AND PESTICIDE FREE ONTARIO (PFO)

Pesticide Free Ontario operated as a PUBLIC AFFAIRS SHIELD for several Environmental-Terror-Organizations.

Pesticide Free Ontario was started in 1999, and originally consisted of a Steering Committee that was comprised of the following Environmental-Terror-Organizations that CONSPIRED to PROHIBIT pest control products —

- Canadian Association of Physicians for the Environment (CAPE)
- Canadian Environmental Law Association (CELA)
- Canadian Labour Congress
- Coalition for Alternatives to Pesticides
- Sierra Club of Canada
- TORONTO ENVIRONMENTAL ALLIANCE (TEA)
- World Wildlife Fund of Canada (WWF)

TEA FINANCING

Toronto Environmental Alliance has been HEAVILY FINANCED by Foundations that have traditionally FINANCED Environmental-Terror-Organizations that CONSPIRED to PROHIBIT pest control products.

Toronto Environmental Alliance has been FINANCED by ...

- Laidlaw Foundation
- The EJLB Foundation
- The Ontario Trillium Foundation (OTF)

Background Information from an Independent Perspective

TEA AND THE ONTARIO TRILLIUM FOUNDATION (OTF)

Toronto Environmental Alliance has been FINANCED by The Ontario Trillium Foundation.

The Ontario Trillium Foundation is the FINANCIAL SHIELD used by the Government of Ontario to supply money to Environmental-Terror-Organizations.

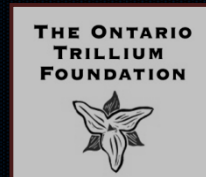

Coincidentally, large sums of money were provided by The Ontario Trillium Foundation during the period of time covering the public debates on the Toronto prohibition and the Ontario prohibition (2001-2008).

In 2007-2008 alone, almost 500,000 DOLLARS was provided by The Ontario Trillium Foundation to Environmental-Terror-Organizations that CONSPIRED to PROHIBIT pest control products.

During the period 1999-2009, Trillium supplied OVER 1,500,000 DOLLARS to these organizations.

Toronto Environmental Alliance received two large sums of money from OTF —

- 245,700 DOLLARS (1999-2000)
- 135,200 DOLLARS (2005-2006)

TEA AND LAIDLAW FOUNDATION

Laidlaw is one of several PRIVATE FOUNDATIONS that have repeatedly funded the activities and/or infra-structures of Environmental-Terror-Organizations.

Since 2000, over 700,000 DOLLARS has been provided by Laidlaw to those Environmental-Terror-Organizations that CONSPIRED to PROHIBIT pest control products.

Laidlaw Foundation FINANCED Toronto Environmental Alliance.

Toronto Environmental Alliance has received three sums of money from Laidlaw —

- 20,000 DOLLARS (2000)
- 39,200 DOLLARS (2005)
- 39,200 DOLLARS (2006)
- 4,324 DOLLARS (2007)

In 2000, Laidlaw funded Toronto Environmental Alliance for « *Pesticide-Free Daycares and Communities Program — Year 2 funding* ».

Background Information from an Independent Perspective

According to the Laidlaw Annual Report 2000, funding was supplied for the following reasons (The emphasis is our own) ...

« *To fund a two-year Program that focuses on DEVELOPING NEW, SUSTAINABLE PEST CONTROL PRACTICES, TARGETING PRIMARILY ORGANOPHOSPHATES FOR INDOOR USE AND HERBICIDES FOR OUTDOOR USE, AND REPLACING THEM WITH NONTOXIC BUT EFFECTIVE ALTERNATIVES [?!?!?] through daycare centres as a focal point.* »

« *During the first year of the project, public daycare centres will be chosen to pilot a comprehensive strategy to ELIMINATE THE INDOOR AND OUTDOOR USE OF TOXIC [?!?!?] PESTICIDES.* »

« *A PESTICIDE-FREE POLICY for public daycare centres will be developed and implemented. During the project's second year, private daycare centres will be targeted.* »

« *The Program will be guided by an expert community advisory team and parent working groups, and it will complement and run concurrently with the City of Toronto's new pesticide-free parks and indoor IPM (Integrated Pest Management) Programs to extend the use of alternatives into the community.* »

THE DISMAL FAILURE OF GREEN ALTERNATIVES

Despite claims to the contrary, overall, there are NO viable, efficacious, or economical Green Alternatives to replace conventional pest control products.

Overall, Green Alternatives are a DISMAL FAILURE since they merely SUPPRESS or INHIBIT pests of turf, and require an excessive number of repeat applications, often with EXTREMELY-HIGH-INPUTS OF ACTIVE INGREDIENT.

Green Alternatives may be questionably HIGHER IN TOXICITY, and pose HIGHER ENVIRONMENTAL RISKS. Many Green Alternatives have been PROHIBITED in some jurisdictions because of concerns about safety.

TEA AND THE EJLB FOUNDATION

EJLB is one of several PRIVATE FOUNDATIONS that have repeatedly funded the activities and/or infra-structures of Environmental-Terror-Organizations. The EJLB Foundation was incorporated in February 1983 as a non-profit charitable corporation.

Toronto Environmental Alliance has also been FINANCED by The EJLB Foundation.

One of its two main areas of interest is the so-called PROTECTION OF THE ENVIRONMENT, by providing support, on a case by case basis, for a variety of concrete environmental endeavours.

Toronto Environmental Alliance received 25,000 DOLLARS from EJLB in 2008.

Background Information from an Independent Perspective

TEA AND JANET MAY

Janet May is an Enviro–Maniac–Activist who has operated with Toronto Environmental Alliance.

May was instrumental in the passage of the Toronto and Ontario PROHIBITIONS of pest control products.

In fact, May has operated with SEVERAL Environmental–Terror–Organizations that CONSPIRED to PROHIBIT pest control products —

- Canadian Coalition for Health and the Environment (CCHE)
- Canadian Environmental Law Association (CELA)
- Organic Landscape Alliance (OLA)
- Parents' Environmental Network
- Pesticide Free Ontario (PFO)
- TORONTO ENVIRONMENTAL ALLIANCE (TEA)
- York Region Environmental Alliance (YREA)

JANET MAY AND USING THE DEATH OF A FRIEND AS A WEAPON OF ULTIMATE ENVIRONMENTAL–TERROR

Janet May has DESPICABLY and FALSELY used the DEATH OF A FRIEND AS A WEAPON OF ULTIMATE ENVIRONMENTAL–TERROR in order to promote changes in public policy —

« *One of my daughter's best friends died earlier this month.* »

« *Jeffrey was diagnosed with leukemia when he was six years old.* »

« *It's the garden variety type, the doctors assured Jeff's parents, meaning that his chances of complete recovery were quite high.* »

« *After eight years of treatment, the disease did go into remission.* »

« *Unfortunately, the cancer returned and, last week, while undergoing one of the final stages of treatment, Jeff died.* »

« *He was fourteen.* »

« *One of the questions Jeffrey's parents were asked when he was first diagnosed with this terrible disease was — DO YOU USE PESTICIDES ? [?!?!?]* »

« *Jeff's parents did not, but in our lawn rich North York community, many of our neighbours did spray and pesticide applications were the norm on our playgrounds, schoolyards and parks [?!?!?].* »

The next **Rob Ford** **Mayor of Toronto**

ROB FORD OPPOSED PROHIBITION-TERRORISM

In 2003 and 2004, a majority of Elected Officials in City of Toronto voted in favour of PROHIBITING the use of conventional pest control products in the Urban Landscape.

ROB FORD VOTED AGAINST PROHIBITION-TERRORISM.

Ford claimed that FEDERALLY-APPROVED pest control products were NOT a health risk. Besides, our parents used them, and they're living longer lives. Moreover, weeds are ugly.

PROHIBITION DAMAGES to the Professional Lawn Care Industry were EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

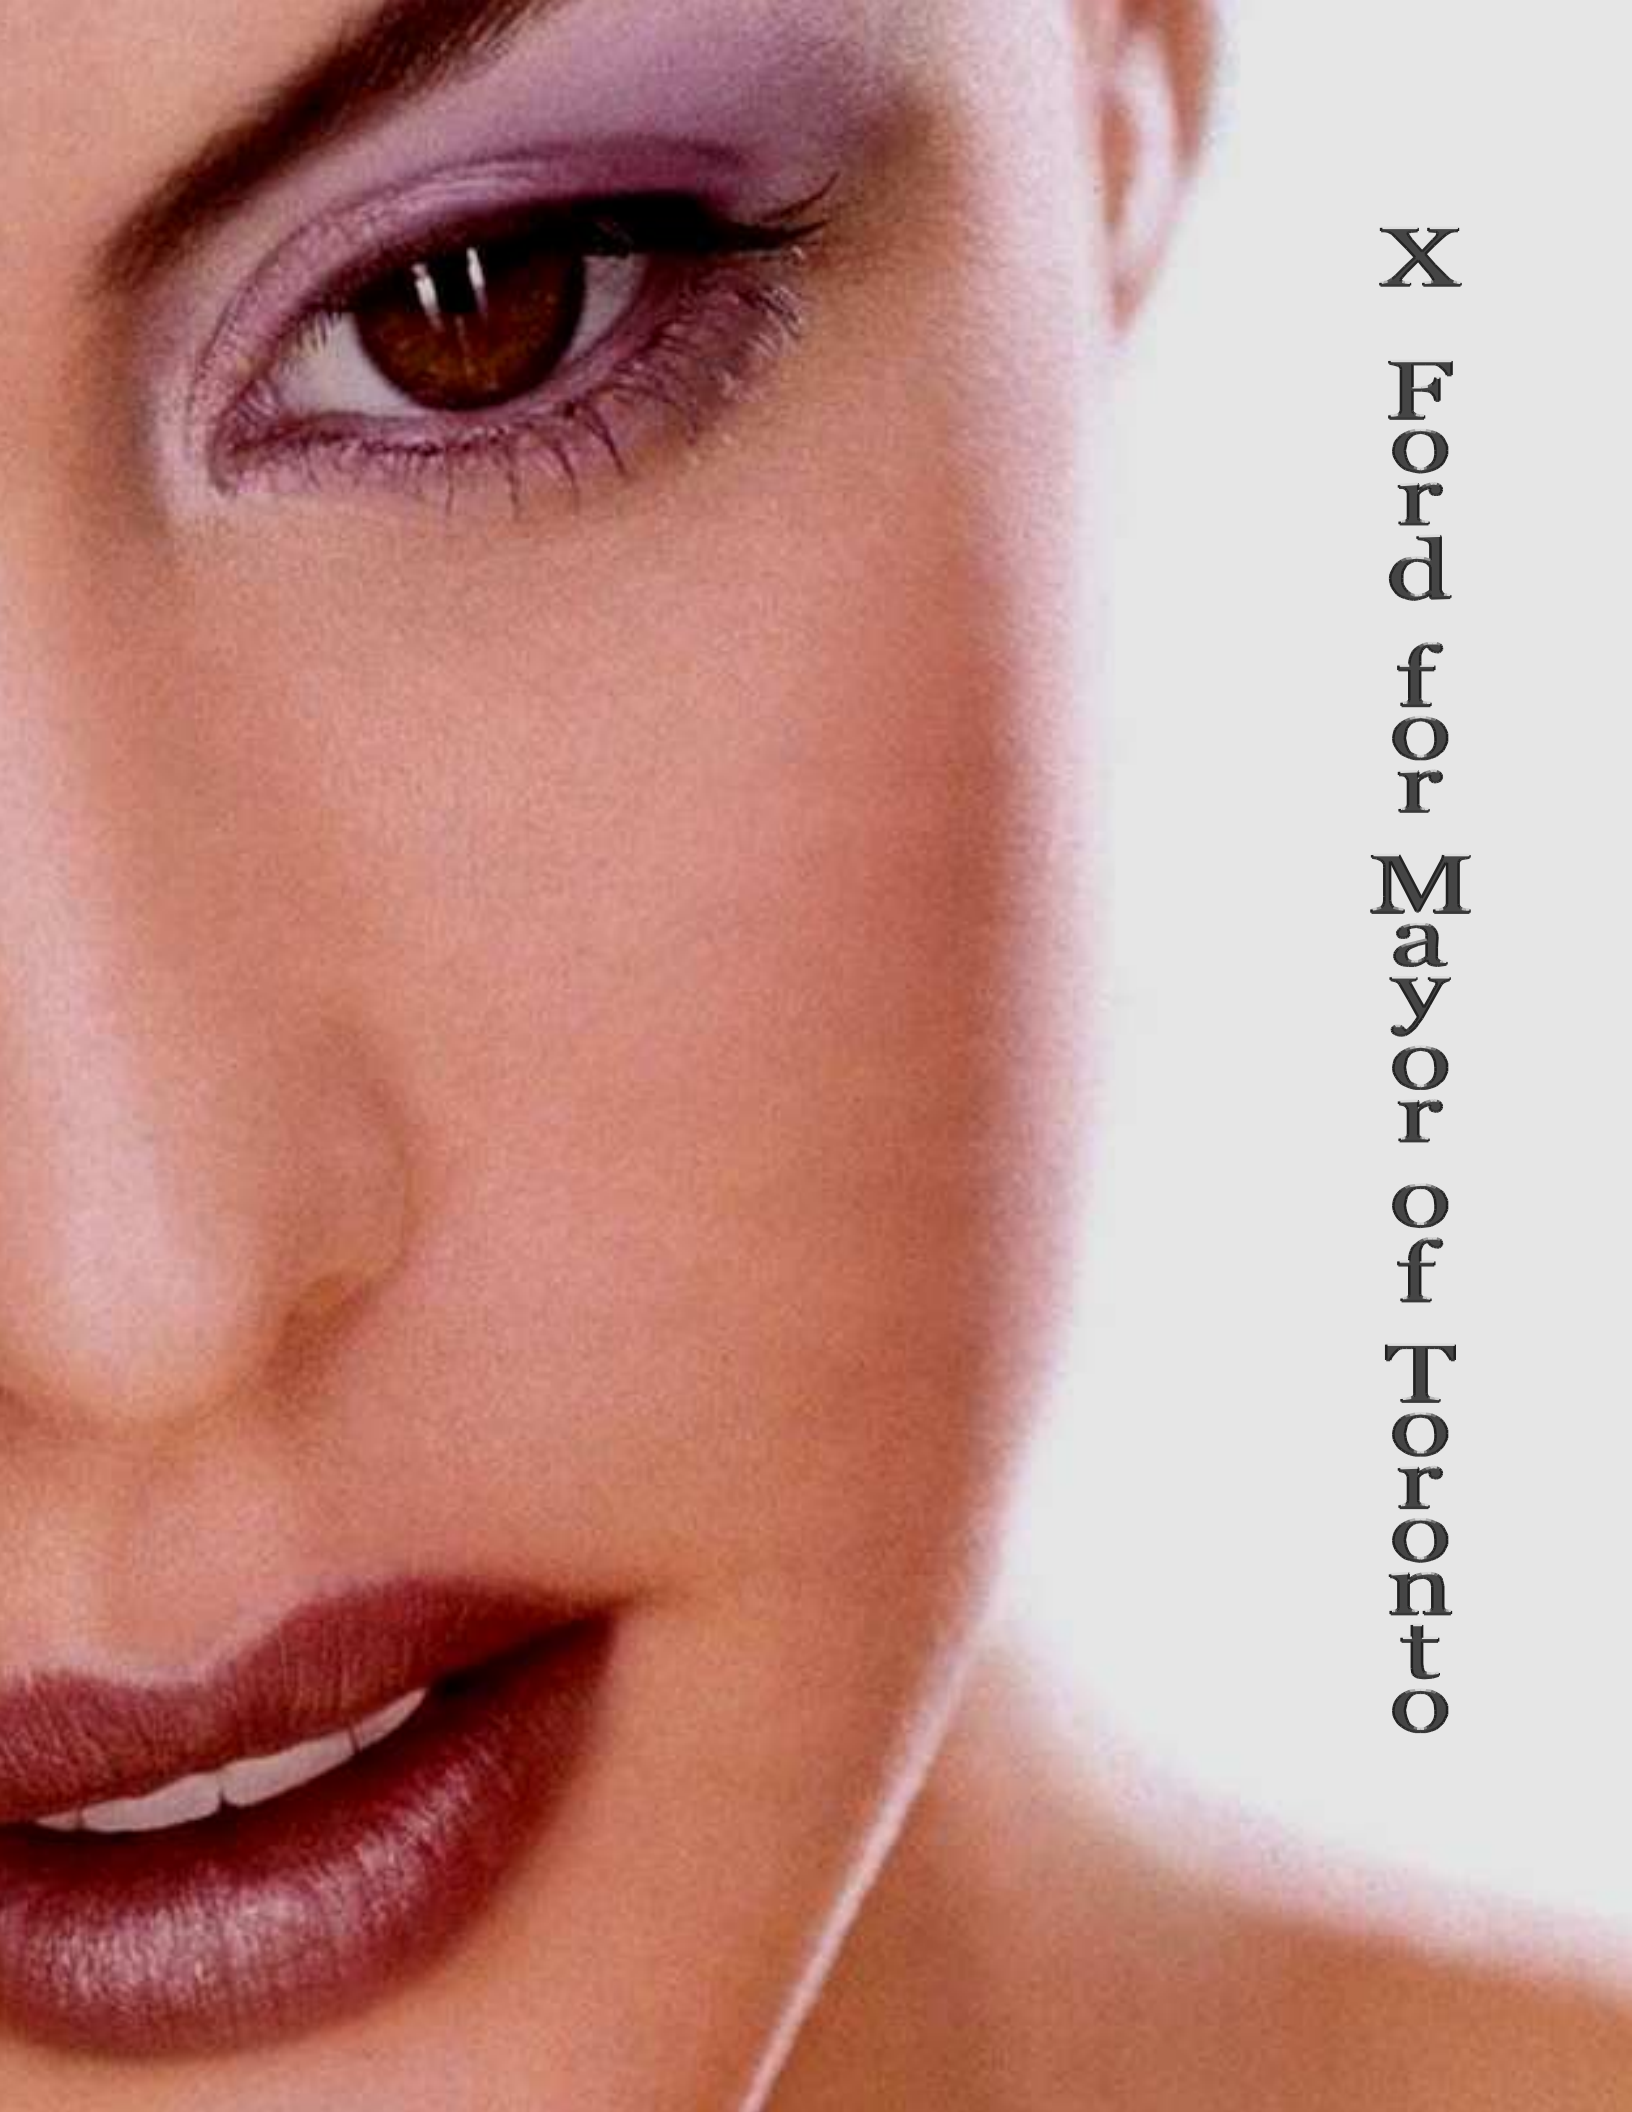

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

If there had been no Toronto PROHIBITION, if Toronto Politicians and staff had not supported PROHIBITION, there would not have been a Province-Wide Ontario PROHIBITION.

Several Elected Officials and employees of City of Toronto SQUANDERED time and energy, at the tax-payers' expense, to forge public policy that was essentially a NEEDLESS, SENSELESS, and MALICIOUS LIFE-STYLE CHOICE.

Ultimately, they EXTENSIVELY DAMAGED hundreds of businesses, and HARMED thousands of employees.

ROB FORD WAS RIGHT TO VOTE AGAINST PROHIBITION-TERRORISM.

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
