force of nature

The Government of Ontario's personal army of Prohibition-Terrorist-Thugs operate the province like Hitler's Nazi Germany.

Hitler claimed that Jews were enemies of the Aryan race, and ARBITRARILY and FALSELY held them responsible for problems in Europe.

Similarly, Government of Ontario ARBITRARILY and FALSELY held pest control products responsible for IMAGINARY PROBLEMS, despite the fact that they are APPROVED by HEALTH CANADA and deemed as SCIENTIFICALLY SAFE.

Just like the Nazis, the Government of Ontario operates with INFORMANTS.

Furthermore, the Government of Ontario receives guidance and instruction from the Subversive and Lunatic MASTER RACE of Basterd-Environmental-Terrorist-Leaders.

The MASTER RACE of Environmental-Terrorists is now in control of the Government of Ontario, which acts as a POLITICAL and ENFORCEMENT SHIELD for its SUBVERSIVE ACTIVITIES.

The Government of Ontario's personal army of Prohibition–Terrorist–Thugs ABUSE government power and authority, and TERRORIZE Professional Lawn Care Companies.

No one should feel safe from these BASTERDS!

They converted Ontario into a HAVEN for Subversive–Enviro–Terrorism.

Say your prayers varmints.

We're gonna get ALL the lawn care businesses next.

Selected and adapted excerpts

The Case of Nutri-Lawn Franchise Operating in Kingston and Belleville, in the Province of Ontario - Tymack Incorporated O/A Nutri-Lawn Kingston and Robert Baxby was fined 10,486 Dollars for using a pest control product, contrary to the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION that was legislated and enforced by SUBVERSIVE Ontario Government Officials, who are, in fact, Prohibition-Terrorist-Thugs doing the bidding of their masters in the Environmental-Terror-Movement.

Pest control products are being used by Professional Lawn Care companies in contravention of prohibition because ...

... there are NO viable, efficacious, or economical Green Alternatives to replace conventional pest control products.

Tymack Incorporated operating as Nutri-Lawn Kingston and Robert Baxby were each CONVICTED of four violations under the Pesticides Act for USING A HEALTH-CANADA-APPROVED PEST CONTROL PRODUCT, and FAILING TO POST SIGNS as per regulations.

The Court heard that Mr. Baxby is the manager and sole director of Tymack Incorporated operating as Nutri-Lawn Kingston, who has been providing lawn care services in Belleville and Kingston, in the Province of Ontario.

On April 24th, 2009, Mr. Baxby met with Government of Ontario staff in Kingston to discuss the new cosmetic pesticide ban, and the requirements of the ban were explained to him.

Baxby was threatened by the Government's own Prohibition-Terrorist-Thugs to comply with the new ban ... or else.

These thugs essentially threatened Baxby with ENVIRON-MENTAL-TERRORISM.

On August 13th, 2009, the Government of Ontario RE-CEIVED A REPORT FROM ONE OF ITS INFORMANTS that Baxby's company trucks and employees were applying chemicals to control weeds at a site in Kingston, leaving a strong odour.

(Big deal! — Many types of products leave strong odours.)

The Government's own Prohibition-Terrorist-Thugs swarmed over the site and confirmed that the company had sprayed that morning.

There were also no signs posted. The signs were likely removed by the informants themselves.

On August 19th, 2009, a NON-EXPERT examination of the turf areas by NON-EXPERT Government-Prohibition-Terrorist–Thugs at the site revealed BROAD-LEAVED WEEDS WITH AB-NORMAL PATTERNS OF LEAF GROWTH, characteristic of exposure to PHENOXY HERBICI-DES.

On October 8th, 2009, the Government of Ontario RECEIVED MORE REPORTS FROM ITS IN-FORMANTS related to company employees using a mixture in the spray tank at a site in Belleville.

Again, NO signs were posted.

Again, the signs were likely removed by the informants themselves.

Samples taken from the tank confirmed amounts of phenoxy herbicide, and therefore, a banned substance.

However, transporting a so-called banned substance in a spray tank does not contravene the prohibition of pest control products in the Province of Ontario.

Moreover, NO samples were taken from the properties themselves.

The Government's own Prohibition-Terrorist-Thugs did not prove that a phenoxy herbicide was actually sprayed.

Baxby's company was fined at total of 10,486 dollars on two charges, plus a victim fine surcharge, and given 12 months to pay the fines.

PROHIBITION-TERRORISM DESTROYED the Modern Professional Lawn Care Industry

PROHIBITION—TERRORISM IN THE PROVINCE OF ONTARIO

On April 22nd, 2009, the Government of Ontario implemented legislation for the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products.

An Exception Status was provided to industries like golf, sports fields, specialty turf, forestry, and agriculture — these industries employed THE VERY SAME pest control products otherwise prohibited for the Modern Professional Lawn Care Industry.

The legislation was implemented despite the fact that the prohibited pest control products were still FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

Moreover, there were serious issues with the Ontario Minister of the Environment, John Gerretsen, who was responsible for implementing PROHIBITION. Gerretsen was INDISCREET with his CLOSE PUBLIC ASSOCIATIONS with RADICAL and SUBVERSIVE Enviro-Maniac-Activists.

HORRENDOUS CARNAGE IN ONTARIO CAUSED BY PROHIBITION-TERRORISM

The DEVASTATION of the Professional Lawn Care Industry was EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

VIRTUALLY ALL Green Alternatives were almost TOTALLY INEFFECTIVE, except under very specific circumstances. The Green Alternatives were BOGUS.

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

LOSSES IN ONTARIO CAUSED BY PROHIBITION-TERRORISM

In 2009, the Ontario Professional Lawn Care Industry lost over 300,000,000 DOLLARS.

In 2010, observers expected losses to reach 500,000,000 DOLLARS.

By late 2009, 40 to 70 % of Professional Lawn Care customers were ANNIHILATED.

UNEMPLOYMENT IN ONTARIO CAUSED BY PROHIBITION-TERRORISM

By late 2009, OVER 5,000 HAPLESS VICTIMS were UNEMPLOYED (full time employees and

Because of the PROHIBITION-TERRORISM, Professional Lawn Care businesses were forced to TERMINATE many or most of their employees.

In 2010, observers expected 8,300 to 12,500 UNEMPLOYED.

BUSINESS FAILURES IN ONTARIO CAUSED BY PROHIBITION-TERRORISM

Because of PROHIBITION-TERRORISM, Professional Lawn Care businesses, which at one WORTHLESS!

Because of PROHIBITION-TERRORISM, many multi-vehicle Professional Lawn Care businesses were forced to DOWN-SIZE their operations to a single truck.

Because of PROHIBITION-TERRORISM, by 2010, there was a GLUT OF USED-EQUIP-MENT-FOR-SALE because of the DOWN-SIZING and EXODUS of Professional Lawn Care busi-

Because of PROHIBITION-TERRORISM, several dozen companies were forced to exit from the market by late 2009.

Within 36 months after the implementation of PROHIBITION-TERRORISM, observers expected 780 BUSINESS FAILURES or BANKRUPTCIES.

Because of PROHIBITION-TERRORISM, no one was able to buy or sell a Professional Lawn Care business!

Because of the PROHIBITION-TERRORISM, Professional Lawn Care businesses were simply ABANDONED.

PROHIBITION-TERRORISM DESTROYED the Modern Professional Lawn Care Industry.

PROHIBITION-TERRORISM led to DANGEROUS PLAYING SURFACES

PROHIBITION-TERRORISM CREATED GARBAGE DUMPS AND DANGEROUS PLAYING SURFACES

In jurisdictions where PROHIBITION-TERRORISM was successful, public green spaces and sports fields became WEED-INFESTED and INSECT-INFESTED.

They became OVER-RUN by dandelions and other weeds, and were DESTROYED by damaging insect pests.

THE PROHIBITION OF PEST CONTROL PRODUCTS REPRESENTED A HAZARD TO ANYONE USING THESE PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rained, pest-infested playing surfaces were SLIPPERY MUD BOGS.

When dry, pest-infested playing surfaces were AS HARD AS CONCRETE.

Pest-infested playing surfaces not only looked like GARBAGE DUMPS, they were also DANGEROUS — ESPECIALLY TO CHILDREN!

CARNAGE CAUSED BY PROHIBITION-TERRORISM IN THE PROVINCE OF QUEBEC

PROHIBITION-TERRORISM against pest control products in Quebec was legislated BEFORE Ontario, and provided observers with valuable facts about the LEVEL OF CARNAGE to expect for Ontario.

Since 2006, Quebec PROHIBITION-TERRORISM was DEVASTATING to the Professional Lawn Care Industry — OVER 60 per cent of the Professional Lawn Care Industry was ANNIHILATED!

ENVIRO-MANIACS DID NOT KNOW WHAT THEY ARE TALKING ABOUT!

PROHIBITION-TERRORISTS assured Government Officials that the effects of prohibition would be positive.

Not a single PROHIBITION-TERRORIST had ANY recognized expertise, training or background in matters concerning pest control products.

The opinions of PROHIBITION-TERRORISTS in matters concerning pest control products were TOTALLY VALUELESS and UTTERLY WORTHLESS.

STOPPING THE CARNAGE CAUSED BY PROHIBITION-TERRORISM

In January 2010, the Green Space Industry outlined the list of CHARGES against the Government of Ontario and the Ministry of the Environment.

The legal proceedings were organized by Jeffrey P. Lowes and M-REP Communications.

Additionally, individual members of Environmental–Terror–Organizations also faced CHARGES under the Canadian Criminal Code.

By August 2010, M-REP Communications commenced CIVIL ACTION to recover the HOR-RENDOUS LOSSES caused by PROHIBITION-TERRORISTS.

SUMMARY OF ALLEGED OFFENCES BY PROHIBITION-TERRORISTS

• 133 charges and 29 culprits • Conspiring to prevent the supply of approved pest control products • Defrauding access to products • Impeding access to approved pest control products • Misleading with peer–reviewed assessments, reports, and studies • Presenting false and misleading information • Undermining the people and companies in the Green Space Industry.

FORCE OF NATURE, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVER-SITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRON-MENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of FORCE OF NATURE.
