THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

The Government of Ontario's personal army of Prohibition-Terrorist-Thugs operate the province like Hitler's Nazi Germany.

Hitler claimed that Jews were enemies of the Aryan race, and ARBITRARILY and FALSELY held them responsible for problems in Europe.

Similarly, Government of Ontario ARBITRARILY and FALSELY held pest control products responsible for IMAGINARY PROBLEMS, despite the fact that they are APPROVED by HEALTH CANADA and deemed as SCIENTIFICALLY SAFE.

Just like the Nazis, the Government of Ontario operates with INFORMANTS.

Furthermore, the Government of Ontario receives guidance and instruction from the Subversive and Lunatic MASTER RACE of Basterd-Environmental-Terrorist-Leaders.

The MASTER RACE of Environmental-Terrorists is now in control of the Government of Ontario, which acts as a POLITICAL and ENFORCEMENT SHIELD for its SUBVERSIVE ACTIVITIES.

The Government of Ontario's personal army of Prohibition-Terrorist-Thugs ABUSE government power and authority, and TERRORIZE Professional Lawn Care Companies.

No one should feel safe from these BASTERDS !

They converted Ontario into a HAVEN for Subversive-Enviro-Terrorism.

Say your prayers varmints.

We're gonna get ALL the lawn care businesses next.

4

COMPLIANCE & ENFORCEMENT

- The ministry manages its approach to compliance and enforcement through education and outreach, inspections, responses to incidents, voluntary abatement, orders and prosecutions.
- A risk-based approach is used when determining how to respond to issues of non-compliance.
 - Ensures that the response is proportionate to the severity of incident.
- Ministry presence in the community
 - Environmental Officers
 - Sector Compliance Branch
 - Regional Pesticides Specialists
 - Spills Action Centre
 - Investigations and Enforcement Branch

COMPLIANCE MONITORING

- Compliance monitoring is an integral part of the pesticides program.
- Inspections may be unannounced.

Officers may :

- Ask to interview personnel;
 - Review records;
 - Take photographs and copy documents;
 - Collect samples.
-
- Inspections may also involve assessing compliance with other environmental legislation.
 - Non-compliance is addressed using a range of options and tools.
 - Follow up to ensure appropriate corrective action taken.

INSPECTION FINDINGS — LANDSCAPE SECTOR

- From April to December 2010, the ministry conducted 158 pesticide inspections involving landscape operations to assess compliance :
 - 43% of these inspections were in full compliance with pesticide legislation
 - Majority of non compliance related to administrative type violations
 - Use of banned pesticides was observed in only 3% of these inspections.
- In all cases, the ministry ensured that appropriate corrective action was taken to achieve compliance.
- In 2010 the ministry also responded to over 250 complaints/incidents related to compliance with the ban.

Background Information from an Independent Perspective

Within 36 months after the implementation of LUNATIC-TERRORIST-PROHIBITION, observers expected 780 BUSINESS FAILURES or BANKRUPTCIES.

Because of LUNATIC-TERRORIST-PROHIBITION, no one was able to buy or sell a Professional Lawn Care business !

Because of the LUNATIC-TERRORIST-PROHIBITION, Professional Lawn Care businesses were simply ABANDONED.

LUNATIC-TERRORIST-PROHIBITION DESTROYED the Modern Professional Lawn Care Industry.

LUNATIC-TERRORIST-PROHIBITION led to DANGEROUS PLAYING SURFACES

LUNATIC-TERRORIST-PROHIBITION CREATED GARBAGE DUMPS AND DANGEROUS PLAYING SURFACES

In jurisdictions where LUNATIC-TERRORIST-PROHIBITION was successful, public green spaces and sports fields became WEED-INFESTED and INSECT-INFESTED.

They became OVER-RUN by dandelions and other weeds, and were DESTROYED by damaging insect pests.

THE PROHIBITION OF PEST CONTROL PRODUCTS REPRESENTED A HAZARD TO ANYONE USING THESE PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rained, pest-infested playing surfaces were SLIPPERY MUD BOGS.

When dry, pest-infested playing surfaces were AS HARD AS CONCRETE.

Pest-infested playing surfaces not only looked like GARBAGE DUMPS, they were also DANGEROUS — ESPECIALLY TO CHILDREN !

Background Information from an Independent Perspective

CARNAGE CAUSED BY LUNATIC-TERRORIST-PROHIBITION IN THE PROVINCE OF QUEBEC

LUNATIC-TERRORIST-PROHIBITION against pest control products in Quebec was legislated BEFORE Ontario, and provided observers with valuable facts about the LEVEL OF CARNAGE to expect for Ontario.

Since 2006, Quebec LUNATIC-TERRORIST-PROHIBITION was DEVASTATING to the Professional Lawn Care Industry — OVER 60 per cent of the Professional Lawn Care Industry was ANNIHILATED !

ENVIRO-LUNATICS DID NOT KNOW WHAT THEY ARE TALKING ABOUT !

PROHIBITION-TERRORISTS assured Government Officials that the effects of prohibition would be positive.

Not a single PROHIBITION-TERRORIST had ANY recognized expertise, training or background in matters concerning pest control products.

The opinions of PROHIBITION-TERRORISTS in matters concerning pest control products were TOTALLY VALUELESS and UTTERLY WORTHLESS.

STOPPING THE CARNAGE CAUSED BY LUNATIC-TERRORIST-PROHIBITION

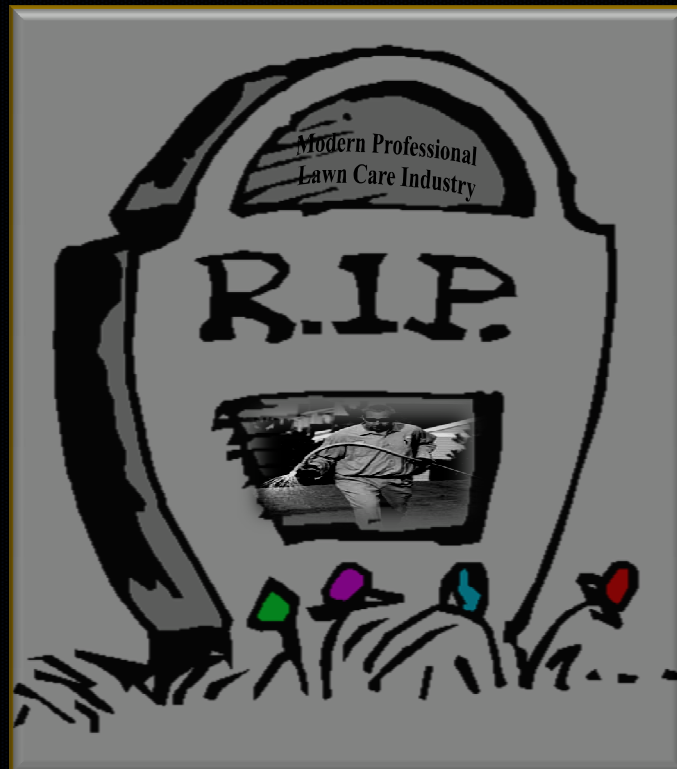

In January 2010, the Green Space Industry outlined the list of CHARGES against the Government of Ontario and the Ministry of the Environment.

The legal proceedings were organized by Jeffrey P. Lowes and M-REP Communications.

Additionally, individual members of Environmental-Terror-Organizations also faced CHARGES under the Canadian Criminal Code.

By August 2010, M-REP Communications commenced CIVIL ACTION to recover the HORRENDOUS LOSSES caused by PROHIBITION-TERRORISTS.
