Lunatic-Prohibition-Terrorism Has Resulted in a Bed-Bug-Infested Province

## Billions of Bed-Bugs Reasons to Question the Pesticide Ban

# Ontario

Lunatic-Prohibition-Terrorism Has Resulted in a Bed-Bug-Infested Province

## Randy Hillier MPP

for Lanark, Frontenac, Lennox and Addington

January 11<sup>th</sup>, 2011

Randy Hillier

[ Member of Provincial Parliament — Government of Ontario ]

Selected and adapted excerpts from web site

*Bed-Bugs. Bed-Bugs. Everywhere !*

*What's happening to our cities that are becoming INFESTED with Bed-Bugs ?*

*At first I thought it must be a lingering effect of last summer's garbage strike in Toronto.*

*Remember the one where the unions held the public ransom, literally turning the streets of Toronto into a city-wide dump ?*

*As politicians ignored the health and cleanliness of the city in search of union votes, infestations of rats and rodents became a given last summer; perhaps the tiny Bed-Bug was just too small to be noticed.*

*But with Premier McGuinty's announcement of \$5 million to wage war against these lowly Bed-Bugs, I decided to do some research and uncover any unseen factors that have led to these infestations.*

# Ontario

Lunatic-Prohibition-Terrorism Has Resulted in a Bed-Bug-Infested Province

*The only effective way to win the war against Bed-Bugs is by using the pesticides that were designed to eradicate the infestations in the first place*

*Apparently, MANY OF THE MOST EFFECTIVE WEAPONS AGAINST BED-BUGS ARE NO LONGER AVAILABLE IN ONTARIO.*

*Why you might ask ? Well that's because a year ago our NANNY Premier Dalton McGuinty BANNED PESTICIDE USE across the province.*

*Now the only means to fight the war against Bed-Bugs are either by freezing or heating the little buggers to death. Even this method of climate control has proven to be INEFFECTIVE as it rarely kills the entire infestation.*

*The only effective way to win the war is by using the pesticides that were designed to eradicate the infestations in the first place.*

*So now we have the Liberals wanting us to turn up the heat and burn more fossil fuels, add more CO<sub>2</sub> to the atmosphere, increase our global footprint, so we can stomp out the lowly Bed-Bugs, instead of fumigating – Good Grief !*

*Another five million taxpayers' dollars are going down the Premier's drain; this is just another unintended consequence from poorly thought through Liberal legislation. Newly elected Mayor Ford has already sent Mr. Miller to the dump; it's only a matter of time until his good friend Dalton joins him.*

## Randy Hillier and the Fight Against Lunatic Prohibition Terror !

In March 2009, Hillier announced that he would be seeking the leadership of the Progressive Conservative ( PC ) Party of Ontario.

Hillier was elected to represent the riding of Lanark–Frontenac–Lennox and Addington in October of 2007.

During his time at Queen's Park, Hillier has been outspoken on a wide range of policy issues, including the problem of the over-regulation of rural business, the rights of persons with disabilities to access timely provincial services, and the right of Tibetans to independence.

[ Queen's Park is an urban park in the Downtown area of Toronto, Ontario, Canada, and it is the site of the Ontario Legislative Building, which houses the Legislative Assembly of Ontario, and so the phrase Queen's Park is also frequently used as a metonym to refer to the Government of Ontario. ]

According to Hillier —

« *Our province is in trouble, the people of Ontario are in trouble, and our party is in trouble. But even though we're surrounded by adversity, we can't allow it to defeat us. This is why I'm announcing today that I will be a candidate for leader of the PC Party of Ontario. Tough times call for a smart leader, one who knows how to overcome adversity and rise to the challenges, rather than making excuses and pointing fingers.* »

« *The people of Ontario have a right to expect more from their leaders — a lot more. When I become Premier of this province, Ontarians will not only be able to expect more, they'll actually get more. As people who know me will tell you, I say what I mean and mean what I say.* »

« *I'm asking Ontarians to support my candidacy because I have the courage to offer a truly conservative vision. As a father of four who loves this province and cares deeply for its future, I believe each and every one of us owes it to our children to take a stand for what's right. This is why I'm asking all of you here today to join with me in facing up to this challenge and returning the province of Ontario to its rightful place as the engine that makes Canada run.* »

# Randy Hillier and the Fight Against Lunatic Prohibition Terror !

## REVERSE THE PESTICIDE BAN

COMMON SENSE SOLUTIONS  
THAT HELP ORDINARY ONTARIANS

According to Randy Hillier —

« *REVERSE the province-wide pesticide BAN while continuing to allow municipalities to decide what works best for their community.* »

« *There are NO exceptions for pest infestations, yet there are exceptions for SPORTING EVENTS and GOLF COURSES.* »

« *THESE REGULATIONS MAKE NO SENSE. It's simply the government bending to special interest groups and their propaganda disguised as science.* »

According to Hillier's Web Site —

Dalton McGuinty's Liberal government has BANNED the cosmetic use of FEDERALLY-APPROVED pesticides.

There are 1300 Licensed Lawn care businesses with 21,000 employees that are FACING CLOSURE and LAYOFFS due to this legislation.

REVERSE THE PROVINCE-WIDE PESTICIDE BAN while continuing to allow municipalities to decide what works best for their community.

- Health Canada has tested these products and allows for their sale and use.
- The province-wide pesticide BAN is BASED ON PUBLIC PRESSURE NOT SCIENCE and is PUTTING PEOPLE OUT OF WORK at the worst time. Ontario's economy is losing tens of thousands of jobs and the governments regulations are only making it worse.
- The provincial economy will lose \$1.3 BILLION DOLLARS of economic activity.
- The provincial ban over-rules local laws that have already been passed which work best for those municipalities.
- More than 250 pesticide products are BANNED for sale and use however, they are permitted for use in AGRICULTURE and on the food we eat.
- There are NO exceptions for pest infestations, yet there are exceptions for SPORTING EVENTS and GOLF COURSES. THESE REGULATIONS MAKE NO SENSE. It's simply the government bending to special interest groups and their propaganda disguised as science.

*Another political champion  
will help to challenge and defeat  
the lunatic vermin of prohibition*

# Force Of Nature is NOT Propaganda just The Whole Truth from an Independent Perspective

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
