Selected And Adapted Excerpts

Garbage Dump ←

Weed Man is a Professional Lawn Care business that became a HOUSEHOLD NAME ACROSS NORTH AMERICA. Between 1977 and 2000, Weed Man grew its business through FRANCHISING across Canada. Once the Canadian market was SATURATED with 130 FRANCHISES, Weed Man EXPANDED into the United States. By accumulating more than 200 AMERICAN FRANCHISES, Weed Man proved that it continued to GROW RAPIDLY. In 2010, Landscape Management Magazine listed Weed Man as the FASTEST-GROWING and the NINTH LARGEST LANDSCAPE / LAWN SERVICE PROVIDER in North America. By 2011, the COMBINED Weed Man franchises numbered OVER 330.

CARNAGE Leading To GARBAGE DUMP Green Spaces

Overview From An Independent Perspective

There is little debate about the fact that Ontario's 2009 PROVINCIAL PROHIBITION converted communities into SHABBIER AND DANGEROUS PEST-INFESTED GARBAGE DUMPS.

It was IMPOSSIBLE to control DAMAGING PESTS OF TURF AND ORNAMENTALS without conventional pest control products.

Without conventional pest control products, public and residential Green Spaces became THIN AND YELLOW, and OVER-RUN WITH WEEDS and INFESTED WITH INSECTS, resulting in the DISMAL DESTRUCTION OF SAFE TURF PLAYING SURFACES.

In the Province of Ontario, April 22nd, 2009, is a date which will live in the period of ENVIRONMENTAL INFAMY, the Government of Ontario ARBITRARILY IMPOSED AN UNNECESSARY PESTICIDE BAN that led to CATASTROPHIC CARNAGE by turning public and residential Green Spaces into DANGEROUS AND PEST-INFESTED GARBAGE DUMPS.

Ontario's 2009 PROVINCIAL PROHIBITION was IMPLEMENTED IN DEFIANCE OF OVERWHELMINGLY MASSIVE AND DETAILED ASSESSMENTS performed by Health Canada, whose work was DISCREDITED by fund-raisers and health care workers (a.k.a. lunatic activists) who decided to set their own agendas for CONSPIRING to change public policy, and IMPOSE life-style choices, against the use of pest control products.

CARNAGE Leading To GARBAGE DUMP Green Spaces

Weed Man's Assessment Of Ontario's PROHIBITION

According to Chris Lemcke, Technical Coordinator at Weed Man Lawn Care Franchise, regarding Ontario's 2009 PROVINCIAL PROHIBITION —

Our parks are DISGUSTING.

There are a few areas where they spend more money on organics, and they're trying to keep the playing fields pretty decent.

But other parks, like where you take dogs for a walk, ARE ALL WEEDS.

THERE IS NO GRASS LEFT.

It's A SEA OF YELLOW IN THE SPRING-TIME.

Ontario Is A #@!!% Pest-Infested Garbage Dump With Dead Trees And Dangerous Green Spaces

Emerald Ash Borer

According to Weed Man's Chris Lemcke, LARGE NUMBERS OF TREES HAVE DIED because they can't be protected using synthetic chemical controls.

Ontario's 2009 PROVINCIAL PROHIBITION led to mature street trees are DYING because of UNCONTROLLED PESTS, such as the EMERALD ASH BORER.

The DEVASTATION of Ash Trees was EXTENSIVE because there were/are NO valid economical alternatives to replace the prohibited products — it was IMPOSSIBLE to control the EMERALD ASH BORER without conventional pest control products.

Consequently, municipalities were INCAPABLE of providing adequate control of the EMERALD ASH BORER, and were UNABLE to keep their Ash Trees alive.

EMERALD ASH BORER, a wood-boring insect that is HIGHLY DESTRUCTIVE to Ash Trees, is an example where PROHIBITION led to municipalities being forced to spend STUNNINGLY EXORBITANT AMOUNTS OF MONEY AND RESOURCES, such as CULLING (a.k.a. CUTTING DOWN WITH CHAIN SAWS) infested Ash Trees, or implementing FUTILE AND INEFFECTIVE TREATMENTS.

Because of its 2009 PROVINCIAL PROHIBITION, Ontario is a #@!!% PEST-INFESTED GARBAGE DUMP WITH DEAD TREES AND DANGEROUS GREEN SPACES.

Pesticide-Free Garbage Dumps

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

A woman with long brown hair is posing in a black bikini with white and pink floral patterns. She is standing with her arms raised, one hand behind her head. The background is a soft, out-of-focus blue with white bokeh lights.

No One Wants To Live In #@!!% Pest- Infested Garbage Dumps

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

NORAHG

We are living in the 9/11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

The information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader by providing a sequence of events WITH COMMENTARY, striving for accuracy in history, politics, and science.

FORCE OF NATURE is TOTALLY INDEPENDENT and provides NO guarantee regarding accuracy or completeness. In no event shall FORCE OF NATURE be liable for any incidental or consequential damages, lost profits, or any indirect damages.

NORAHG also produces A LOOK AT, a series of reports providing TECHNICAL INFORMATION on issues such as Career Management, Golf Course Maintenance, Green Alternatives, Summer Stress, Turfgrass Pests, and Turfgrass Species.

Finally, NORAHG frequently responds to anti pesticide activists in LETTERS TO THE EDITOR in newspapers across Canada and around the world.

All information, excerpts, and pictures contained in FORCE OF NATURE, A LOOK AT, and LETTERS TO THE EDITOR were retrieved from the Internet, and may be considered in the public domain.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
