Pesticide Lobbyists INCREASE SPENDING Against Lunatic Regulations

Selected and adapted excerpts

Pesticide industries are increasing their lobbying against new regulations from U.S. Environmental Protection Agency (EPA).

So what's the bad news ?

Environmentalists are AGITATED by CropLife America's INCREASED SPENDING to thwart EPA efforts to create stricter regulations on pesticide use.

The Industry Strikes Back!!

America Fighting the Conspiracy to Prohibit Pest Control Products

*EPA-Lunatics demand PROOF that
products DO NOT harm wildlife*

CropLife America is a chemical industry trade group.

According to The New York Times, CropLife America spent 751,000 DOLLARS on LOBBYING in the last three months of 2010 — a 58 per cent increase from the previous year's expenditures.

CropLife America has responded to signs that U.S. Environmental Protection Agency aims to INCREASE REGULATIONS.

Among the MORE BURDENSOME REGULATORY efforts being challenged are ...

1. a contemplated initiative to REGULATE PESTICIDES UNDER THE ENDANGERED SPECIES ACT, which would require industry to PROVE their products do not harm wildlife, and
2. the establishment of a PERMIT PROGRAM under the CLEAN WATER ACT for pesticides sprayed over water sources.

The Industry Strikes Back!!

America Fighting the Conspiracy to Prohibit Pest Control Products

*The OVERWHELMING MAJORITY of the scientific literature
DOES NOT SUPPORT a link between the use of pest control
products and adverse human health effects*

The chemical industry lobbyists argue that such measures ...

*<< [...] if left unattended will have SERIOUS NEGATIVE IMPACTS
on our economy and on food and fiber production in the United States. >>*

They also argue that these added regulations LACK SCIENTIFIC FOUNDATION.

According to Dr. Elizabeth M. Whelan, President of the American Council on Science and Health —

*<< Environmentalists are worried because they believe that the Environ-
mental Protection Agency needs to do more to protect them from the
health effects of pesticides, but THE OVERWHELMING MAJORITY OF THE SCI-
ENTIFIC LITERATURE DOES NOT SUPPORT A LINK BETWEEN PESTICIDE USE AND
ADVERSE HUMAN HEALTH EFFECTS. >>*

Again, according to Dr. Elizabeth M. Whelan —

<< These hugely expensive regulations will have LITTLE, if any, PUBLIC HEALTH BENEFIT. >>

According to Dr. Gilbert Ross of the American Council on Science and Health —

<< You will readily appreciate that modern pesticides, herbicides, etc ... are EXTRAORDINARILY SAFE — and of utmost importance to preserving our crucial food supplies. >>

<< The Center for Biological Diversity recently sued the Environmental Protection Agency to try to get the courts to force them to evaluate every pesticide for harmful effects based on the Endangered Species Act, which, if successful, would wreak havoc on the pesticide industry, and by extension, our entire agricultural output. >>

Dr. Elizabeth M. Whelan is President of the American Council on Science and Health (ACSH) and a member of its Board of Trustees. She founded ACSH in 1978. Whelan is a graduate of Connecticut College. She has a Masters' Degree in Public Health from the Yale School of Medicine, a Master of Science from the Harvard School of Public Health, and a Doctor of Science from the Harvard School of Public Health.

Dr. Gilbert L. Ross is the Executive Director and Medical Director of the American Council on Science and Health (ACSH), a consumer education–public health organization. He received his undergraduate degree in Chemistry from Cornell University's School of Arts and Sciences in 1968, and received his M.D. from the N.Y.U. School of Medicine in 1972.

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the FOUNDER. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
