Town meeting in Massachusetts USA

August 19th, 2009

with news from the Cape Codder

*It is truly amazing
how Enviro-Maniacs
defend their arguments
by ignorantly blurting
out terms like « DDT »
and « Agent Orange » !*

EASTHAM — Residents from Eastham and neighbouring towns gave NStar a verbal spanking for its plan to use chemical herbicides to control foliage along the Lower Cape's miles of power line easements.

Close to 100 people gathered at a public hearing with NStar, held at Nauset Regional High School Wednesday night, to voice their concerns. State officials arranged for the hearing after word of the planned spraying rippled through the community, alarming residents earlier this summer.

But citizens' concerns aired at the hearing apparently carried no weight. Minutes after it ended, Jared Collins, grandson of the late Selectman Ken Collins, asked an NStar representative what would happen next.

"[The utility's arborist, Chris Fallon], said they would start spraying Monday, either in Wellfleet or Orleans," Collins said. "Legally, they don't have to tell us, and I find it completely appalling that this most important piece of information was not even mentioned at the meeting."

2 of 11.

Mike Durand, a spokesman for NStar, confirmed to The Cape Codder Thursday that the utility plans to start spraying the herbicides Monday, ***"weather permitting."*** He said they are under a deadline to get the foliage work done by October, and only agreed to hold off for two months so that this hearing could be held. ***"We've been clear we have a mandate to ensure electrical service and we need to get started on this."***

Even though right-of-way easements are privately owned, the utility is responsible for their maintenance. The herbicides' possible [« POSSIBLE » MEANS THE ENVIRO-MANIACS DON'T HAVE A CLUE, AS USUAL !] contamination of wells and unknown dangers to human and animal health [AN UNKNOWN AND UNDEFINED ENVIRO-MANIAC DANGER !] were among the residents' chief concerns.

NStar representatives, along with state Sen. Robert O'Leary, state Reps. Sarah Peake and Cleon Turner, and Scott Soares, commissioner of the state Department of Agricultural Resources, attended the hearing. After a presentation by NStar, citizens and local officials had their say.

Eastham Selectwoman Aimee Eckman was applauded when she said, "*I think spraying pesticides under the power lines in Eastham is taking a huge step backward,*" noting that for years the utility had been doing mechanical cutting.

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — ALL OF A SUDDEN, THIS ENVIRO-MANIAC IS AN EXPERT IN THE MAINTENANCE OF POWER LINES ! IN FACT, THERE IS NO ONE WITHIN THE ENVIRONMENTAL TERROR MOVEMENT THAT HAS ANY RECOGNIZED PRACTICAL CREDENTIALS ON MATTERS CONCERNING PEST CONTROL PRODUCTS !]

3 of 11.

Eckman noted that "*the pesticide industry continues to make claims that the products are safe or nontoxic,*" but "*these chemicals have the potential to create serious problems affecting human health and the environment.*"

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — THE USE OF THE TERM « POTENTIAL HARM » IS ANOTHER MANIAC WAY OF SAYING « I DON'T KNOW WHAT I'M TALKING ABOUT !]

She added, "*Since you are proposing to use pesticides within the boundaries of our town, I feel we, as a town, should be able to decide if we will allow their use. And I, for one, would decide against it,*" she said to much applause.

[APPLAUSE FROM A FEW MANIAC FRIENDS !]

Dave Pike of Eastham said NStar manages two power lines on his property. *“As a taxpayer, I think I should be able to manage my own property. And as for spraying pesticides, I can’t approve it unless you drink it and come back tomorrow and say you’re OK.”*

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — INTIMIDATING PRO-PESTICIDE PEOPLE TO DRINK THEIR PRODUCTS IS ANOTHER ENVIRO-TERRORIST PLOY ! WE SHOULD ASK ENVIRO-MANIACS TO DRINK THE CLEANING PRODUCTS AND SOLVENTS STORED IN THEIR OWN HOME, AND THEN COME BACK TO REPORT ABOUT IT LATER ... IF THEY ARE NOT RUSHED TO THE HOSPITAL FIRST.]

Donna Gemborys said she takes daily walks with her children and pets on the easement right of way. *“I choose not to use pesticides on my yard because I don’t want to have a little chemical here, a little chemical there, and all of a sudden I’ve got breast cancer or some other disease.”*

4 of 11.

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — AN ENVIRO-MANIAC HAS THE RIGHT « NOT TO USE » ANYTHING THEY WANT. HOWEVER, WE ALL KNOW THEIR THEIR TRUE OBJECTIVE. THEY WISH TO MALICIOUSLY IMPOSE THEIR ANTI-MODERNIST LIFESTYLE CHOICE ON EVERYBODY ELSE !]

She said if NStar sprays the right of way, *“I can tell you as a property owner that the land values are going to be affected. People are not going to want to buy there.”*

[NONSENSE !]

Collins, who had raised his hand to speak to no avail, shouted out in frustration, *“DDT was approved by the state at the time of its use.”*

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — ANOTHER ENVIRO-TERROR PLOY IS TO RAISE THE SPECTRE OF DDT, AN INSECTICIDE THAT WAS PROHIBITED BECAUSE OF ENVIRO-MANIACS CONSPIRING AGAINST IT, WITH POLITICIZED SCIENCE AND FALSIFIED INFORMATION !

DDT WAS NOT A CANCER HAZARD. THE PUBLIC NEEDS TO BE REMINDED THAT THE ENVIRONMENTAL TERROR MOVEMENT HAS BEEN PERSISTENTLY WRONG ABOUT THE ISSUE OF CANCER. WELL ... A LOT COULD BE SAID ABOUT THIS SUBJECT. HOWEVER, WE SHALL KEEP THINGS BRIEF AND TIDY.

MANY SO-CALLED FEAR-MONGERING EXPERTS HAVE HAD THEIR SAY ABOUT DDT. IN THE LAST CENTURY, MOST WERE WRONG — JUST LIKE MOST IN THE ENVIRONMENTAL TERROR MOVEMENT ARE WRONG TODAY ABOUT 2,4-D, AND OTHER CHEMICALS. THE ENVIRONMENTAL TERROR MOVEMENT HAS BEEN MOSTLY WRONG AND NEEDLESSLY ALARMIST FOR ALMOST ONE-HALF CENTURY.

HERE IS AN EXAMPLE OF FEAR-MONGERING. — ... THE OCEANS WILL DIE OF DDT POISONING BY 1979 ... THE U.S. LIFE EXPECTANCY WILL DROP TO 42 YEARS BY 1980 DUE TO CANCER EPIDEMICS. — A LIGHT-HEARTED AND NEEDLESSLY ALARMING WARNING FROM U.S. ENVIRO-MANIAC PAUL R. EHRLICH. THE PREDICTION WAS MADE IN 1969. WAS HE CORRECT !?!?

5 of 11.

IT SHOULD BE NOTED THAT EHRLICH IS CLOSELY AND PERSONALLY ALLIED WITH DAVID SUZUKI !]

Paul Cisilli of Wellfleet, whose property abuts the right of way, said, *"I think the issue here is credibility, and whom do you believe. I do not doubt the experts on the panel. This is the knowledge that they are going by now. But years ago we were told DDT was OK, and we were told that Agent Orange was terrific and we know what Agent Orange did. We've been told that these herbicides are OK, so whom do we believe now ?"*

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — AGENT ORANGE IS ANOTHER EXAMPLE OF THE USE OF MIS-INFORMATION BY ENVIRO-MANIACS ! IN FACT, IT IS A MYTH THAT AGENT ORANGE CREATED PROBLEMS ! FURTHERMORE, THE ISSUES CONCERNING AGENT ORANGE ARE IRRELEVANT, EXCEPT FOR THOSE MANIACS THAT WISH TO SPREAD FEAR AND TERROR !

THE MOST INFAMOUS HERBICIDE COMBINATION USED IN THE VIETNAM WAR WAS HERBICIDE ORANGE, OTHERWISE KNOWN AS AGENT ORANGE. THIS PRODUCT CONTAINED A 50 : 50 MIXTURE OF N-BUTYL ESTERS OF 2,4-D AND 2,4,5-T. HERBICIDE ORANGE WAS NEVER A REGISTERED PRODUCT IN EITHER THE UNITED STATES OR CANADA. HOWEVER, 2,4-D IS CURRENTLY A REGISTERED HERBICIDE FOR THE CONTROL OF BROAD-LEAVED WEEDS IN TURF. 2,4-D IS ONE OF THE MOST HATED INGREDIENTS BY ENVIRONMENTAL TERROR ORGANIZATIONS THAT CONSPIRE TO PROHIBIT PEST CONTROL PRODUCTS.

THE CONTROVERSY ASSOCIATED WITH THE USE OF HERBICIDE ORANGE WAS ASSOCIATED WITH A CONTAMINANT IN THE 2,4,5-T COMPONENT, AND NOT 2,4-D. AT THE TIME, 2,4,5-T WAS CONTAMINATED WITH A DIOXIN NAMED TCDD. STUDIES SHOWED THAT THIS DIOXIN, AND NOT NECESSARILY HERBICIDE ORANGE, INCREASED THE RISK OF VARIOUS TYPES OF CANCER AND BIRTH DEFECTS. CONSEQUENTLY, HERBICIDE ORANGE WAS SUSPENDED FOR USE BY THE UNITED STATES DEPARTMENT OF DEFENSE. 2,4,5-T WAS LATER ENTIRELY WITHDRAWN FROM THE MARKET.

6 of 11.

SINCE THIS TIME, 2,4-D ENVIRO-MANIACS BEEN OFTEN ASSOCIATED WITH DIOXINS AND CANCER BECAUSE OF HERBICIDE ORANGE. (SINCE 1983, 2,4-D CAN BE CONSIDERED FREE OF DIOXINS.) THE ENVIRONMENTAL TERROR MOVEMENT HAS ARGUED THAT THE HERBICIDE-ORANGE-2,4-D AFFAIR HAS PROVEN THAT THE GREEN SPACE INDUSTRY USES DANGEROUS PRODUCTS LIKE 2,4-D.

THE GREEN SPACE INDUSTRY CAN ARGUE BACK THAT 2,4-D IS NOT HERBICIDE ORANGE. ADDITIONALLY, 2,4-D DOES NOT CONTAIN HARMFUL DIOXINS. THIS IS A MYTH !

FURTHERMORE, IT CAN BE STATED THAT 2,4-D DOES NOT CAUSE CANCER, WHICH WAS THE CONCLUSION OF THE CANADIAN FEDERAL PEST MANAGEMENT REGULATORY AGENCY OF HEALTH CANADA (P.M.R.A.) IN 2005, INDICATING THAT ... « THE TOXICOLOGICAL DATABASE DOES NOT SUGGEST A CARCINOGENIC RISK » .]

He said he would like NStar to test his well, which is right on the power line, before and after they spray it *"if this goes through over our objections."*

David Hoerle of the Eastham Conservation Commission asked : *"Is NStar willing to unequivocally state that minimal risk means no cancer ? "* He got no reply.

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — OF COURSE, THE ENVIRO-MANIACS WISH TO GIVE THE IMPRESSION THAT CHILDREN AND ADULTS ARE BEING EXPOSED TO CANCER-CAUSING AGENTS WHENEVER A PEST CONTROL PRODUCT IS USED.

THE SAME TACTICS WERE USED BY RACHEL CARSON AND HER STEPCHILDREN IN TRYING TO RID THE WORLD OF DDT. ALLEGEDLY, LARGE NUMBERS OF BIRDS WERE KILLED AFTER APPLICATIONS OF DDT. UNFORTUNATELY, THERE ARE NO VALID REPORTS, OR EVEN PHOTOS FOR THAT MATTER, THAT SUPPORT THIS BIRD ALLEGATION. AND, THERE ARE NO VALID REPORTS THAT CONFIRM PROBLEMS WITH CHILDREN. OR ANYBODY ELSE FOR THAT MATTER. IT IS ALL SPECULATION.

7 of 11.

BASED UPON THE SOUND SCIENCE OF EXPERTS IN THE DOMAIN OF PEST CONTROL PRODUCTS, THE HEALTH OF THE PUBLIC MAY BE BETTER SERVED IF ALL THE RESOURCES OF ENVIRONMENTAL TERROR GROUPS, WHICH IS CURRENTLY AND MALICIOUSLY FOCUSED ON THE PROHIBITION OF LEGAL, SAFE, AND TOTALLY IRREPLACEABLE PEST CONTROL PRODUCTS, WERE REDIRECTED TOWARDS IMPROVING THE LIFESTYLE CHOICES OF THE POPULATION, SUCH AS DIET AND EXERCISE. THOSE ARE WHERE THE TRUE ISSUES WITH CANCER OCCUR !]

Bernie Kaplan of Eastham said residents have been told there will be no migration of the pesticide to wells, yet there is a requirement that spraying be kept 50 feet away from them.

Environmental Terrorists Unmasked !

19/03/2009

“That means that we are not sure there would be no migration. It seems to me we’re gambling. Even if this process meets all current regulations, federal and state, what happens if those regulations, over time, turn out to have been inadequate, [or were] developed without a long-term test of the effect of toxicity and the possibility of [damage]?” Kaplan asked.

The one thing that isn’t suggested, he said, but probably implied, is that it is cheaper to spray than to mow. Fallon told him the costs of mowing and spraying are about the same.

Eastham and the other affected towns could file home rule petitions to deny the utility the right to spray, state Sen. O’Leary suggested.

Scott Soares, commissioner of the state Department of Agricultural Resources, said if people wanted to stop the spraying, they could.

8 of 11.

“If you want to be cautious, you don’t do anything,” he said to applause.

[COMMENTARY FROM AN INDEPENDENT PERSPECTIVE. — NO ONE IN THE ENVIRONMENTAL TERROR MOVEMENT IS A RECOGNIZED EXPERT IN THE FIELD OF PEST CONTROL PRODUCTS !!!

THE FEAR-MONGERERS FROM WITHIN THE ENVIRONMENTAL TERROR MOVEMENT, LIKE CERTAIN BIOLOGISTS, BIOCHEMISTS, DOCTORS, ECOLOGISTS, NURSES, POLITICIANS, SCIENTISTS, ETC ... HAVE TRADITIONALLY SPREAD PARANOIA AND TERROR ABOUT PEST CONTROL PRODUCTS WITH WARNINGS THAT CONTAIN QUAIN AND VAGUE EXPRESSIONS LIKE THE FOLLOWING. IT’S LIKE THEY ALL USE THE SAME SCRIPT. ...

HERE ARE SOME EXAMPLES OF ENVIRO-MANIAC PHRASES THAT ARE DESIGNED TO SPREAD NEEDLESS FEAR AND TERROR THROUGHOUT AN UNSUSPECTING PUBLIC ...

- BETTER TO BE CAUTIOUS.
- EVIDENCE IS GROWING.
- EVIDENCE IS SUGGESTIVE.
- MAY BE SUGGESTIVE.
- MAY CAUSE CANCER.
- MAY CAUSE OTHER PROBLEMS.
- MAY HARM US.
- MAY NEED TO PROTECT.
- MAY POSE A THREAT.
- NEEDLESS RISK.
- NEW EVIDENCE COMES FORWARD.
- PERHAPS A RISK.
- POISONING IS DIFFICULT TO DIAGNOSE.
- POSES RISKS.
- POSSIBLE THREAT.
- POTENTIAL DANGER.
- POTENTIALLY DEVASTATING.
- RESEARCH HAS SHOWN.
- THE RISK IS TOO GREAT.
- THE WORD SAFE CANNOT BE USED.
- THERE IS SOME RISK OF HARM.
- THEY MAY BE CANCER-CAUSING SUBSTANCES.
- WE ARE CONCERNED.

Environmental Terrorists Unmasked !

Special Report.

19/03/2009

FORCE OF NATURE was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e-newsletters destined for the **GREEN SPACE INDUSTRY**, the **ENVIRONMENTAL MOVEMENT**, politicians, municipalities, and the media, nation-wide across Canada, and parts of the United States. **FORCE OF NATURE** is produced in two parts. First. The **MEDIA REPORT** itself that reports on the current events affecting the future of the **GREEN SPACE INDUSTRY**. Second. **INDEPENDENT PERSPECTIVE**, which is a running commentary, sometimes also of a more technical in nature.

FORCE OF NATURE is the brainchild of William H. Gathercole and his entourage. The opinions expressed in these e-newsletters, even though from an **INDEPENDENT PERSPECTIVE**, may not reflect those of everyone in the **GREEN SPACE INDUSTRY**, or Mr. Gathercole's many associates. Be warned ! Mr. Gathercole and his team may sometimes be very irreverent and fearless with these e-newsletters.

William H. Gathercole holds a degree in Horticulture from the **UNIVERSITY OF GUELPH**, and another pure and applied science degree from **MCGILL UNIVERSITY**. He has worked in virtually all aspects of the **GREEN SPACE INDUSTRY**, including public affairs, personal safety, and environmental issues. Mr. Gathercole has been a consultant and instructor for decades. Mr. Gathercole has been following the evolution of **ENVIRONMENTAL TERRORISM** for over a quarter-century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others, legal action against unethical and excessive municipal regulations restricting the use of pest control products. (i.e. the Town of Hudson.) Although he can be accused of being **ANTI-ENVIRONMENT-MOVEMENT**, he is, in fact, simply a strong advocate **FOR** the **GREEN SPACE INDUSTRY**. However, this position has not precluded him from criticizing the industry itself. Nonetheless, his vast knowledge of our long journey with environmental issues is **UNDENIABLE**. (Hopefully !) For many years, Mr. Gathercole has been a contributing columnist for **TURF & RECREATION Magazine**, Canada's Turf and Grounds Maintenance Authority.
