**Turf In Really Poor Condition
Due To Anti-Pesticide Prohibition**

—

Crabgrass All Over The Fields

New Paltz, founded in 1678, is a town in the State of New York, with a population of 14,000.

The School District in New Paltz plans to CLOSE the high school soccer field TO COMPENSATE FOR THE DISTRICT'S PROHIBITION AGAINST THE USE OF PEST CONTROL PRODUCTS.

School District Superintendent Maria Rice, said THE SOCCER FIELDS HAVE BEEN IN POOR CONDITION DUE TO STATE REGULATIONS THAT PROHIBIT THE USE OF CHEMICALS ON THE FIELDS.

New Paltz Is Infested With Weeds Like Crabgrass

According to Maria Rice, School District Superintendent —

I've been getting so many questions from the community asking ...

« Why do we have ALL THIS CRABGRASS ALL OVER OUR FIELDS ? »

We tell them that WE CAN'T USE PESTICIDES OR FERTILIZERS.

They thought it [PROHIBITION] was ludicrous.

The soccer field, where holes and divots are a problem, is used through late fall by soccer teams and again from late winter through June by the lacrosse team.

According to Maria Rice —

Our competition soccer field is in REALLY POOR CONDITION.

We don't have enough fields to rotate and let them rest enough.

So we decided that what we'll do as soon as well can ... maybe in mid-June, is rope it off and irrigate it, poke holes in it, overseed it, and then let it rest until it's needed in October.

Pesticide Bans Don't Work

Rice said the football field fares better than the soccer field because it is in a gated area.

According to Maria Rice —

If you look at our football field from the top, you'd see CRABGRASS in there, but it's in better condition than the other ones because we allow it to rest.

We don't let a lot of people use that field, and it's got a watering system.

The others we do some spot watering and pray for rain, basically, to keep those in shape.

Rice said there are times when the district can use chemical treatments to avoid health hazards.

New Paltz Is Infested With Weeds Like Crabgrass

According to Maria Rice —

The only time the ban is not in place is if you have something like an infestation of rodents or bugs or bees.

If it's inside the building, then it's a DIFFERENT SET OF RULES AND LAWS.

That's why we have a pesticide notification form that we notify everybody at the beginning of school that they can file, so if during a weekend we were going to spray a certain area of a certain building, we would notify all those parents who wanted to know that and be aware of it.

Moreover, PESTICIDE BANS cause HAZARDOUS SLIPPING AND TRIPPING CONDITIONS in sports turf, and children become SERIOUSLY HURT.

Pest control products PREVENT slipping injuries on sports turf.

Consequently, children need PEST-FREE SPORTS FIELDS to avoid FALLING and HURTING THEMSELVES.

Without conventional pest control products, playing surfaces become THIN AND YELLOW, and OVER-RUN WITH WEEDS and INFESTED WITH INSECTS, resulting in the DISMAL DESTRUCTION OF SAFE TURF PLAYING SURFACES.

PESTICIDE BANS DESTROY PUBLIC AND RESIDENTIAL GREEN SPACES BY TURNING THEM INTO GARBAGE DUMPS.

Summary of CATASTROPHIC CARNAGE CAUSED BY GARBAGE DUMP GREEN SPACES ...

- Children are at HIGH RISK OF TRIPPING ON WEEDS and BECOMING HURT.
- Dandelions are the DOMINANT GROUND COVER ... EVERYWHERE !
- Invasive noxious weeds like Japanese Knotweed and Giant Hogweed.
- Lawns are DECIMATED and ruined by pests like white grubs.
- Mature street trees are DYING because of uncontrolled pests.
- Natural grass sports fields are being REPLACED by dangerous artificial turf.
- Parks are INFESTED with weeds that crowd out grass.
- People are SUFFERING from SEVERE REACTIONS to weeds like Poison Ivy.
- Pesticide-free maintenance is STUNNINGLY EXPENSIVE.
- Playing surfaces are INFESTED with damaging weeds and insects.
- Rose plantations are DYING and must be REMOVED by cities.
- Swarms of flies are EVERYWHERE !
- Weed-infested playing surfaces are HARD and DANGEROUS.
- Weeds are UNCONTROLLED in ditches and are INVADING nearby farms.
- WHO WANTS TO LIVE IN #@!!% PEST-INFESTED GARBAGE DUMPS !?!?

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

N O R A H G

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

The information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader by providing a sequence of events WITH COMMENTARY, striving for accuracy in history, politics, and science.

FORCE OF NATURE is TOTALLY INDEPENDENT and provides NO guarantee regarding accuracy or completeness. In no event shall FORCE OF NATURE be liable for any incidental or consequential damages, lost profits, or any indirect damages.

NORAHG also produces A LOOK AT, a series of reports providing TECHNICAL INFORMATION on issues such as Career Management, Golf Course Maintenance, Green Alternatives, Summer Stress, Turfgrass Pests, and Turfgrass Species.

Finally, NORAHG frequently responds to anti pesticide activists in LETTERS TO THE EDITOR in newspapers across Canada and around the world.

All information, excerpts, and pictures contained in FORCE OF NATURE, A LOOK AT, and LETTERS TO THE EDITOR were retrieved from the Internet, and may be considered in the public domain.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
