Battle Between Golf Facility and Wind Turbines

A U.S. Golf-Hating Town WANTED TO ERECT A SINGLE WIND TURBINE ADJACENT TO A GOLF FACILITY.

The Golf Facility objected, claiming that the Wind Turbine would CREATE UNACCEPTABLE NOISE LEVELS, would OBSTRUCT VIEWS.

The Wind Turbine's AESTHETICS AND NOISE would NEGATIVELY AFFECT GOLF PLAY, and thus, would VIOLATE THE BASIC TENET OF THE LEASE AGREEMENT with the town for the operation of a professional level golf course.

In November 2012, the ARBITRATOR issued a decision that RULED IN FAVOR OF the Golf Facility.

Accordingly, an ARBITRATOR decreed that —

During the golf season (from April 1 through November 15),
the Wind Turbine CAN OPERATE ONLY AT NIGHT.

Quiet, Please — Arbitration Battle

November 19th, 2012

Milton is a town in the State of Massachusetts, United States and part of the Greater Boston Area, with a population of 27,000.

Milton is the birthplace of former U.S. President George H. W. Bush.

There has been a BREWING STORM between Granite Links Golf Club and the Golf-Hating Town of Milton, Massachusetts.

The Town of Milton WANTED TO ERECT A SINGLE WIND TURBINE ADJACENT TO GRANITE LINKS GOLF CLUB.

Earlier, a court had just denied the Granite Links Golf Club request for an injunction to prevent the construction of the Wind Turbine.

Granite Links Golf Club's view was that ...

- The Wind Turbine would OBSTRUCT VIEWS.
- The Wind Turbine would CREATE UNACCEPTABLE NOISE LEVELS.
- The Wind Turbine would DESTROY the Golf Facility, with the NOISE constituting AN IMPEDIMENT TO A PROFESSIONAL GOLF COURSE.

Battle Between Golf Facility & Wind Turbines

In the words of the architect who designed the golf course —

[WIND TURBINES] *present acute and unacceptable visual, vibration and sound distractions, which will destroy the exquisite playability and unique ambiance.*

The judge, noting that Granite Links Golf Club leased the land from the Town of Milton, noted that the lease contained an ARBITRATION provision, and sent the parties off to resolve their dispute before an ARBITRATOR.

In November 2012, the ARBITRATOR issued a decision in which he RULED IN FAVOR OF Granite Links Golf Club.

The ARBITRATOR held that, if the Town of Milton proceeded to erect the Wind Turbine, IT WILL BE PROHIBITED FROM OPERATING DURING TIMES THE COURSE IS OPEN FOR PLAY.

According to the Attorney representing Granite Links Golf Club —

[THE ARBITRATOR AFFIRMED] *expert opinions that spinning turbine blades and related noise would NEGATIVELY AFFECT GOLF PLAY, and thus, would VIOLATE THE BASIC TENET OF THE LEASE AGREEMENT [...] for its operation of a professional level golf course.*

It should come as no surprise that the Attorney representing the Golf-Hating Town of Milton, although UNSUCCESSFUL IN THE ARBITRATION, took a different view, ALLEGING that ...

[...] *the noise and shadow effect from airplane traffic is far worse than any noise or flicker that would come from one Wind Turbine. [?!?!]*

Golf Course Successfully Fights City Hall

February 7th, 2013

The Golf Dispute Resolution Web-Site previously reported on the ARBITRATION BATTLE taking place between the Golf-Hating Town of Milton, Massachusetts, and the owner of Granite Links Golf Course, which is located on land leased from the Town.

The Golf-Hating Town of Milton had plans to erect a Wind Turbine on municipal property adjacent to the golf course.

Granite Links Golf Club OBJECTED, claiming that the Wind Turbine's aesthetics and noise would violate the terms of the lease.

In November 2012, word spread that the ARBITRATOR — retired judge Gordon Doerfer — had issued a draft RULING that found IN FAVOR OF Granite Links Golf Course.

The RULING constituted A VICTORY FOR THE FORCES OF GOLF over Environmental Golf-Hating Municipally-Sponsored Energy Alternatives.

Judge Doerfer ruled that the WIND TURBINE'S NOISE CONSTITUTES AN IMPEDIMENT TO A PROFESSIONAL GOLF COURSE —

I am satisfied by a fair preponderance of the evidence that THE OPERATION OF THE WIND TURBINE WOULD PRESENT A SIGNIFICANT DISTRACTION TO THE PLAY OF GOLF on the holes most proximate to it namely 4, 5, 6, and 7.

Update

Battle Between Golf Facility & Wind Turbines

Judge Doerfer concluded ...

[...] that the distraction presented by [...] aircraft is not comparable to the distraction that would be presented by the sound and motion of the Wind Turbine blades when in operation.

Accordingly, Judge Doerfer decreed that —

During the golf season (from April 1 through November 15),
the Wind Turbine CAN OPERATE ONLY AT NIGHT.

Sleepers, beware.

However, the Golf-Hating Town of Milton should be grateful that David Owen — who believed that GOLF HAS NO OFF-SEASON — did not testify.

Milton Town Officials became concerned that the limitation WILL BE ECONOMICALLY TOUGH TO OPERATE THE WIND TURBINE.

As for the arbitration, Jeffrey Tocchio, the Attorney representing Granite Links Golf Course, advised that witnesses for his client included a PGA Professional, a member of the American Society of Golf Course Architects, and a sports psychologist.

Granite Links Golf Course also submitted a video of someone playing a potentially affected hole, and computer graphics experts inserted a simulation of the proposed Wind Turbine (spinning at exact rpm) in exact scale.

A woman with dark hair, wearing sunglasses on her head, a long necklace, and a one-piece swimsuit, stands in the center of the frame. She is looking down and to her left. The background is a field of wind turbines under a clear sky. The entire image has a blue-tinted, monochromatic appearance.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dermoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
