Support a Pesticide Ban in Calgary !

The Canadian Association of Physicians for the Environment (CAPE) is working to win a pesticide ban in Calgary. Calgary (with 1 million people) is the largest city in Canada with no pesticide restrictions.

Would you please take a minute to personalize the following message to be sent to three Calgary aldermen? (Aldermen Linda Fox-Mellway, Gord Lowe and Andre Chabot)

It doesn't matter if you don't live in Calgary. If we're going to win, these aldermen need to hear from citizens like you from across Canada.

Thank you for taking action !

Calgary Urgent Report Prohibition !

30/10/2009

Force of Nature was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e-newsletters destined for the GREEN SPACE INDUSTRY, the ENVIRONMENTAL TERROR MOVEMENT, politicians, municipalities, and the media, nation-wide across Canada, and parts of the United States and overseas. FORCE OF NATURE is produced in two parts. First, The MEDIA REPORT itself that reports on the current events affecting the future of the GREEN SPACE INDUSTRY. Second, INDEPENDENT PERSPECTIVE, which is a running commentary, sometimes technical in nature. Force of Nature is the WHOLE TRUTH from an INDEPENDENT PERSPECTIVE !

FORCE OF NATURE is the brainchild of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, Orchard. Many of these people are leaders in their own industries. The opinions expressed in Force of Nature, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the GREEN SPACE INDUSTRY, or Mr. Gathercole's many associates. Be warned ! Mr. Gathercole and Norah G may sometimes be very irreverent and fearless with these e-newsletters. DON'T THANK US. IT'S A PUBLIC SERVICE. AND WE ARE GLAD TO DO IT.

William H. Gathercole holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the GREEN SPACE INDUSTRY, including public affairs, personal safety, and environmental issues. Mr. Gathercole has been a consultant and instructor for decades. He has also been an agricultural agronomist. Mr. Gathercole has followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter-century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others,

legal action against unethical and excessive municipal regulations restricting the use of pest control products. (i.e. the Town of Hudson.) Although he can be accused of being ANTI-ENVIRONMENT-MOVEMENT, he is, in fact, simply a strong advocate FOR the GREEN SPACE INDUSTRY, from an INDEPENDENT PERSPECTIVE. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of our long journey with environmental issues is UNDENIABLE. (Hopefully !) For many years, Mr. Gathercole has been a contributing columnist for TURE & RECREATION Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force of Nature, although his name continues to appear as the founder.

All document excerpts and pictures contained in FORCE OF NATURE were found somewhere on the Internet. We believe that they are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.

We believe that ENVIRONMENTAL TERRORISM can be BEATEN ! Information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. The mission of Force of Nature is as a National Organization Responding Against Hoje that harm the Green Space Industry with statements and activities seeking to prohibit FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE conventional pest control products. Culprits are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each culprit is a mis-guided adversary, each still deserves our respect. The terms culprit or terrorist are not an accusation of any legal wrong-doing. Force of Nature is simply holding culprits accountable for conspiring to change public policies that TERRORIZE and THREATEN the Green Space Industry. Force of Nature believes that the prohibitionist policies of the ENVIRONMENTAL TERROR MOVEMENT will lead to UNEMPLOYMENT, BANKRUPTCY, BUSINESS FAILURE, DESPAIR, and DESTITUTION. The actions of culprits in the movement are viewed as a form of TERROR against the Green Space Industry.
