

We are living in the 9/11 Era of Environmental Terror !

Enviro-Maniac Activists have
MERCILESSLY ANNIHILATED
the Professional Lawn Care Industry
into unemployment, bankruptcy,
homelessness, despair & destitution.

On the anniversary of 9/11,
will Enviro-Maniac Activists
celebrate the success of
their terrorist colleagues ?

Prohibition has ANNIHILATED
the Professional Lawn Care Industry !

Tens of thousands of unemployed
Thousands of business failures
Tens of thousands of homes lost
Tens of thousands suffering

All forms of **TERROR**
must be **BEATEN !**
