## Hannibal Lecter

### SILENCE OF THE LAMBS

This guy can smell you coming, has no fear, and if that's not scary enough, he has a voice that could lull you into what you'd think would be a nice, safe and peaceful slumber. When his help is needed to solve an

F.B.I. case, *Hannibal* manages to escape, and he eats his way through his guard's face before disappearing into the great-blue-yonder. He freaks us out because we have no idea of how much he is actually capable of doing. *Buffalo Bill* is a pussy compared to *Doctor Lecter*. Adapted from The List Universe.

## Menace Factor : Drop of Chianti anyone ?

FORCE OF NATURE was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e-newsletters destined for the GREEN SPACE INDUSTRY, the ENVIRONMENTAL TERROR MOVEMENT, politicians, municipalities, and the media, nation-wide across Canada, and parts of the United States and overseas. Force of Nature is produced in two parts. First. The Media Report itself that reports on the current events affecting the future of the GREEN SPACE INDUSTRY. Second. Independent Perspective, which is a running commentary, sometimes technical in nature. Force of Nature is the WHOLE TRUTH from an INDEPENDENT PERSPECTIVE !

Force of Nature is the brainchild of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of writers that contribute to this e-newsletter. The opinions expressed in Force of Nature, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the GREEN SPACE INDUSTRY, or Mr. Gathercole's many associates. Be warned ! Mr. Gathercole and Norah G may sometimes be very irreverent and fearless with these e-newsletters. DON'T THANK US. IT'S A PUBLIC SERVICE. AND WE ARE GLAD TO DO IT.

William H. Gathercole holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the GREEN SPACE INDUSTRY, including public affairs, personal safety, and environmental issues. Mr. Gathercole has been a consultant and instructor for decades. He also has been an agricultural agronomist. Mr. Gathercole has been following the evolution of ENVIRONMENTAL TERRORISM for over a quarter-century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others, legal action against unethical and excessive municipal regulations restricting the use of pest control products. ( i.e. the Town of Hudson. ) Although he can be accused of being ANTI-ENVIRONMENT-

MOVEMENT, he is, in fact, simply a strong advocate FOR the GREEN SPACE INDUSTRY. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of our long journey with environmental issues is UNDENIABLE. ( Hopefully ! ) For many years, Mr. Gathercole has been a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

All document excerpts and pictures contained in Force of Nature were found somewhere on the Internet. We believe that they are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.

We believe that environmental terrorism can be BEATEN ! Information presented in Force of Nature has been developed for the education and entertainment of the reader. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. The mission of Force of Nature is to respond to those statements and activities originating from culprits that conspire to prohibit FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE conventional pest control products. Culprits are identified based on their statements, activities, affiliations, and whereabouts. Even though each culprit is a mis-guided adversary, each still deserves our respect. The term « culprit » is not an accusation of any legal wrong-doing. Force of Nature is simply holding culprits accountable for changes in public policy that have terrorized the Green Space Industry. Force of Nature believes that the prohibition policies of the ENVIRONMENTAL TERROR MOVEMENT will lead to UNEMPLOYMENT, BANKRUPTCY, BUSINESS FAILURE, DESPAIR, and DESTITUTION. The actions of the movement is viewed as a form of TERROR against the Green Space Industry.
