Enviro Terror NEVER Ends !

The Continuing Conspiracy to Harm the Green Space Industry

*Pesticides are arbitrarily declared poisonous and toxic,
and terrorists demand the removal of pesticides from stores,
and the cessation of pesticide use in playgrounds !*

New Democrats Advocate FOR Cosmetic Pesticide Ban

New Democratic Party of British Columbia (BC NDP)
April 22nd, 2010 Media Release Adapted Excerpts

The New Democratic Party (N.D.P.), either federally or provincially, is the POLITICAL SHIELD of the Environmental-Terror-Movement in Canada.

Enviro-Maniac-Activist and Environment Critic Rob Fleming, of the N.D.P., urges the ruling British Columbia (B.C.) Liberal government to « *make poison-free playgrounds a bipartisan issue* ».

Fleming is reintroducing legislation which would take [alleged] poisonous pesticides off store shelves, and prevent the unnecessary use of these toxic chemicals in schoolyards and playgrounds.

According to Enviro-Maniac Fleming —

<< I hope that [...] all members of the legislature can join together to protect the health of our children and our environment. It's time for British Columbia to introduce [enviro-terror] regulations to keep [alleged] cancer-causing chemicals out of our environment and the places where our children play. >>

Enviro Terror NEVER Ends !

Enviro-terrorist legislation would seemingly protect playgrounds and watersheds from alleged cancer-causing chemicals

Numerous Environmental-Terror-Organizations, including the Canadian Association of Physicians for the Environment, Contemptible-Canadian-Cancer-Society, David Suzuki Foundation, Public Health Association of B.C., Toxic Free Canada, and West Coast Environmental Law, have expressed Enviro-Terror support for the prohibition of FEDERALLY LEGAL, SCIENTIFICALLY, and TOTALLY IRREPLACEABLE pest control products.

Enviro-Maniac-Activist and Executive Director Mae Burrows, of Toxic Free Canada, hopes that all parties in the legislature will support a NEEDLESS, SENSELESS, and MALICIOUS provincial cosmetic pesticide ban.

According to Enviro-Maniac Burrows —

<< It's time for British Columbia to follow the example set by Ontario and Quebec with laws that keep [so-called] toxic cosmetic pesticides out of our playgrounds, neighbourhoods and environment. [...] I hope all parties in the British Columbia legislature can come together on behalf of our children and our environment and support this legislation. >>

Fleming noted that the loopholes in provincial law mean that the provincial government needs to take the lead on banning cosmetic pesticides.

According to Enviro-Maniac Fleming —

<< Communities have made it clear that they want to protect children and the environment from [so-called] toxic pesticides. Adopting my legislation would protect playgrounds and watersheds from [alleged] cancer-causing chemicals. >>

We must defend the industry, whatever the cost may be !

Force Of Nature is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE ! Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The commentary expressed in Force Of Nature, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the Green Space Industry. Force Of Nature may sometimes be very irreverent, and even appear to be Anti Environment, it is, in fact, simply a strong advocate FOR the Modern Green Space Industry. However, this position has not precluded Force Of Nature from criticizing the Green Space Industry itself, when appropriate. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All document excerpts and pictures contained in Force Of Nature were found somewhere on the Internet. These documents and pictures are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.

Force Of Nature INSPIRES people to believe that ENVIRONMENTAL TERRORISM can be STOPPED ! **Norah G** is an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, and Orchard. Many of these people are leaders in their own industries. Anonymity is essential in view of the constant threat of reprisals at every level except perhaps death. Force Of Nature is the instrument of **National Organization Responding Against Huje** that seek to TERRORIZE, HARM, and THREATEN the Green Space Industry (**NORAHG**). Huje is a term used for Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
