How does « *Pesticide-Residue-Free* » sound ?

So this is interesting.

The U.S.-based Scientific Certification Systems has a « *pesticide-residue-free* » certification program that either organic or non-organic growers can participate in.

The idea is that no matter how you grow your food, as long as it's free of residues when it goes to market, it will be more appealing to people who, say, are concerned about so-called links between pesticide exposure and Attention Deficit Hyperactivity Disorder or other FEAR-MONGERING.

The risk, of course, with all of these certifications, is that it will be too much for the harried shopper to wade through.

What do these labels really mean ?

What do they really guarantee ? Etc ...

Enviro-Basterd Terror NEVER Ends !

Now, in the case of Scientific Certification Systems, they are developing the VeriFlora standard for flowers.

Navigating the line between « *organic* » and « *sustainable* » is never easy, but Scientific Certification Systems has made a go at it with a number of products, from coffee to timber to flowers.

In other words, they have NO IDEA what they are doing !

And now the latest news is that the Nursery Production Industry will soon be TERRORIZED and COERCED into using a « *certified pesticide-residue-free* » label that includes ORNAMENTAL PLANTS.

According to Enviro-Lunatic-Terrorist observers, expansion of this certification will allow horticultural producers to assure their customers that their flowering and ornamental plants are of the highest quality and safe for their homes and gardens. [?!?!]

What a bunch of LYING SACS of (Enviro-Maniac) CWAP !

Again, according to Enviro-Lunatic-Terrorist observers, while consumers have long demanded safety certification for food products, they are now seeking transparency in other products that have traditionally brought pesticides into their homes. [?!?!]

Buying Pesticide Free plants helps minimize the risk of exposing pets and family to harmful pesticides. [?!?!]

Are customers more likely to buy, say, a ficus tree, a boxwood, a rose bush, or a poinsettia, if it comes with a « *pesticide-residue-free* » label ?

The answer is YES, once Enviro-Lunatic-Terrorists have spread enough NEEDLESS, SENSELESS, and MALICIOUS FEAR and PARANOIA.

Let's not forget that Enviro-Lunatic-Terrorists DESTROYED the Professional Lawn Care Industry in many jurisdictions across Canada.

The Nursery Industry is NEXT !

Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
