

Pesticides, not wind turbines, killing birds

Many thanks for Wind Power Spin (NOW, February, 7-13), showing that cats harm far more birds than do wind turbines. Another huge danger to birds comes from pesticides. Research published by the Pembina Institute says pesticides kill about 700 times more birds than turbines. The real threat to our avian friends is not renewable energy, but cats, chemicals and tall buildings.

Gideon Forman

Canadian Association of Physicians for the Environment

NORAHG RESPONSE

Forman has NO recognized expertise, training, or background in matters concerning either pest control products or wind turbines.

Essentially, Forman's background includes a starring roles in ECO-PORN FILMS.

Moreover, Forman operates as a HIRED GUN and ILLEGAL LOBBYIST.

Forman is paid to COERCE, INTIMIDATE, and TERRORIZE Government Officials by CONCOCTING FRAUDULENT LIES AND IMAGINARY DANGER about pest control products.

Forman with Canadian Association of Physicians for the Environment and Canadian Cancer Society DESTROYED the Professional Lawn Care Industry.

Forget about the damage caused to birds.

Pest control products used in the Urban Landscape DO NOT HARM BIRDS.

But what about the CATASTROPHIC CARNAGE created by Forman against decent, hard-working, law-abiding, and tax-paying businesses operating in the Professional Lawn Care Industry.

Their tax-dollars basically funded Forman's SUBVERSIVE ENVIRO-LUNATIC CAMPAIGNS.

Forman's organizations DO NOT DESERVE ANY DONATIONS OR SUPPORT, and are presently UNDER INVESTIGATION FOR CHARITY FRAUD AND CONSPIRACY.

Forman's organizations DO NOT deserve a TAX-EXEMPT status.

More information about Forman and his organizations can be found on The Pesticide Truths Web-Site ...
