NO Pesticide Ban In Regina

In the City of Regina, Saskatchewan, after months of debate over banning against pest control products used in the Urban Landscape, the city's Environment Advisory Committee has **DECIDED AGAINST PROHIBITION** on the use of pest control products in the Urban Landscape.

On June 28th, 2012, the committee heard from both sides, with some people arguing that federal regulations ensure that pest control products are safe, and others pointing to the health risks, including studies that link pesticide exposure to cancer. [WRONG !]

Alyson Brady with the Saskatchewan Environment Society, an Anti-Pesticide Terrorist Organization, said many communities across the country have already banned pest control products that are used to beautify lawns.

According to Anti-Pesticide Lunatic Brady —

This is a real timely opportunity.
[?!?!]

Here's a chance for Saskatoon and Regina to really get on board and show that they're willing to help protect health and environment in their cities. [WRONG !]

Regina is the capital city of the Canadian Province of Saskatchewan with a population of less than 200,000.

It is the second-largest city in the province (after Saskatoon), as well as a cultural and commercial centre for Southern Saskatchewan.

Regina has an abundance of parks and recreational spaces — all of its trees — some 300,000 — as well as shrubs and other plants, were hand-planted.

Prohibition REFUSED by Regina

According to Nigel Bowles with the Saskatchewan Nursery Landscape Association –

The PRECAUTIONARY PRINCIPLE is already applied to the products.

We have to ask ourselves, how many layers of PRECAUTIONARY PRINCIPLE do you put before everyone is satisfied that they do no harm ?

Our position is that HEALTH CANADA IS THE LEGAL REGULATORY AUTHORITY on the use of pest control products in Canada.

They are the authority that our members who use pest control products rely on so that the products we are using DO NOT CAUSE HEALTH ISSUES OR DETRIMENTAL TO THE ENVIRONMENT.

The city's Environment Advisory Committee recommended there should be signs put up where pesticides are being used and that there should be a public education program for handling pesticides.

In jurisdictions outside of Saskatchewan, Anti-Pesticide Activists have already INFLICTED HORRENDOUS and CATASTROPHIC CARNAGE.

PESTICIDE BANS have created A MORE DANGEROUS OUTDOOR ENVIRONMENT, A TRAIL OF ECONOMIC DESTRUCTION, THOUSANDS OF PEOPLE OUT OF WORK, SEVERE ALLERGIC EFFECTS, and CONTRIBUTED TO DEATH.

Because of Anti-Pesticide Activists, the owners, employees, and families dependent on Professional Lawn Care businesses have faced TERROR, DESPAIR, and DESTITUTION.

Pest control products are SCIENTIFICALLY SAFE, and will NOT CAUSE HARM TO PEOPLE, ANIMALS OR THE ENVIRONMENT.

Not surprisingly, the City of Regina AGREED — and deserves CONGRATULATION.

What we are seeing is a real trend AGAINST PESTICIDE BANS.

Organizations that led the SIEGE OF TERRORISM in favour of PROHIBITION included Canadian Cancer Society — all are listed among CANADA'S PROMINENT ANTI-PESTICIDE ORGANIZATIONS.

Most of these organizations are presently UNDER INVESTIGATION FOR CHARITY FRAUD AND CONSPIRACY.

These organizations are FUND-RAISING, PROFIT-SEEKING, and LOBBYING organizations — they are NOT science, research, health, or physicians' organizations.

They FALSELY ALLEGE having UNDISCLOSED, NON-EXISTENT AND UNVERIFIABLE SECRET EVIDENCE about the safety of pest control products.

And yet, they have NEVER provided ANY credible information to Health Canada that justifies their Anti-Pesticide CONSPIRACIES.

This is because NO ONE within these organizations has ANY recognized expertise, training, or background.

Ironically, Canadian Cancer Society has STATED REPEATEDLY that scientific research does NOT provide a conclusive link between pest control products and cancer.

Background Information from an Independent Perspective

The Government Officials in Regina are no longer as easily coerced into agreeing with ANTI-PESTICIDE CONSPIRACIES, since they have been warned in advance !

Regina Government Officials have seen what has been happening in Eastern Canada !

Regina Government Officials have seen Anti-Pesticide TERRORISM spread to their city and province !

Regina Government Officials are no longer willing to agree with ANTI-PESTICIDE CONSPIRACIES since conventional pest control products are known to be HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACICALLY-NON-TOXIC.

Regina Government Officials also realize that NOT A SINGLE Anti-Pesticide Activists has ANY recognized expertise, training or background in matters concerning pest control products.

Many activists have made themselves VULNERABLE TO OFFICIAL SCRUTINY AND LEGAL ACTION.

Anti-Pesticide Activists CONCOCT IMAGINARY DANGER, MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES to SCAM Government Officials into agreeing with ANTI-PESTICIDE CONSPIRACIES.

Regina Government Officials have an ONUS OF RESPONSIBILITY to verify the JUNK SCIENCE INFORMATION that has been CONCOCTED by Anti-Pesticide Activists.

In several jurisdictions, local government has FAILED to base its decisions on SOUND SCIENCE.

Consequently, in provinces like Ontario, municipalities have been STRIPPED of their powers to PROHIBIT pest control products.

Regina Government Officials now understand that ANTI-PESTICIDE CONSPIRACIES will INFLICT CATASTROPHIC CARNAGE on local Professional Lawn Care businesses.

Moreover, Regina Government Officials realize that they are clearly NOT knowledgeable enough to legislate in support of ANTI-PESTICIDE CONSPIRACIES.

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FA SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUEND and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM a can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green space under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS!

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Su version.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.
