Fertilizer Enviro Terror

Vermont Law BANNING Phosphorus

April 23rd, 2012

Addison County Independent

State of Vermont

Selected and adapted excerpts

Fertilizer Enviro Terror

The U.S. Terrorist Conspiracy to
Destroy the Green Space Industry

**Enviro-Lunatic Mis-Information Campaign
Called « *Don't "P" On Your Lawn* »
Leads to Anti-Phosphorus PROHIBITION**

Law BANS against popular turf fertilizers — no more "P" on Vermont lawns
— with fines of up to 500 dollars.

A new state law THEORETICALLY PROTECTS Vermont's waterways by reducing the level of phosphorus run-off, despite SCIENTIFIC EVIDENCE showing that turf fertilizers are NOT a major source of phosphorus pollution.

In fact, PROHIBITION has NOT, and will NOT, help reduce phosphorus loading in lakes.

A legislative act, passed in 2011, which took effect January 1st, 2012, has OUTLAWED THE APPLICATION OF PHOSPHORUS FERTILIZERS on lawns, with a few exceptions.

It came in the wake of a REPULSIVE ENVIRO-LUNATIC CAMPAIGN called « *Don't "P" On Your Lawn* » which was organized by Lake Champlain Environmental-Terrorist-Organizations to MIS-INFORM home-owners against the

Fertilizer Enviro Terror

The U.S. Terrorist Conspiracy to
Destroy the Green Space Industry

use of phosphorus fertilizers on their lawns, unless a soil test indicated that they needed it.

« *Don't "P" On Your Lawn* » was also TREACHEROUSLY SUPPORTED by Cornell University, a NEST of Anti-Pesticide and Anti-Fertilizer Lunatics.

PROHIBITION was legislated under the PRETEXT that phosphorus fertilizer used in turfgrass maintenance is somehow one of the leading contributors to toxic CYANO-BACTERIA BLUE-GREEN ALGAE in Lake Champlain.

Enviro-Lunatics even used DOMESTIC ANIMAL DEATHS as WEAPONS OF COERCION and ENVIRONMENTAL-TERROR.

There are two main EXCEPTIONS to the consumer portion of the law.

- Phosphorus can be applied to turf WHEN A SOIL TEST HAS BEEN PERFORMED in the last eighteen months indicating a phosphorus deficiency. The law states that the Secretary of Agriculture should have approved a standard for soil tests before October 2011.
- Phosphorus can be used WHEN NEW TURF HAS BEEN ESTABLISHED FROM SEED OR SOD. In this case, its use is limited to only the first growing season.

This law DOES NOT APPLY TO ...

- Land used for AGRICULTURAL PRODUCTION.
- Private and public GOLF FACILITIES.

Fertilizer Enviro Terror

The U.S. Terrorist Conspiracy to
Destroy the Green Space Industry

Golf Industry Again CLUELESS Concerning Requirements for NUTRIENT MANAGEMENT PLAN

The bill as passed — Act 37 of H.26 — also states —

A golf course shall be REQUIRED TO SUBMIT to the Secretary of Agriculture ... a NUTRIENT MANAGEMENT PLAN for the use and application of fertilizer to grasses or other lands owned or controlled by the golf course.

According to the bill, Golf Facilities must submit NUTRIENT MANAGEMENT PLANS beginning on July 1st, 2012.

Not surprisingly, NONE of the representatives at local golf facilities were aware of such requirements.

Even in America, Golf Industry Trade Associations continue to FAIL to represent their memberships in these critical matters.

Fertilizer Enviro Terror

What is Phosphorus?

Phosphorus (P) is one of the most troublesome pollutants in stormwater runoff. It is the primary cause of water quality problems in Lake Champlain and many other local lakes and rivers. About 37% of Lake Champlain's phosphorus problem comes from neighborhoods and cities.

Phosphorus is found in lawn and garden fertilizers, manure, as well as human and animal waste. Too much phosphorus in water feeds algal blooms and weed growth.

These plants and the water quality problems that occur when they decompose can harm fish and other animals and limit everyone's use and enjoyment of the water.

When it rains, fertilizer and other pollutants from lawns are washed into storm drains that empty into lakes and rivers.

Resources

Phosphorus-free fertilizer:

Ask your local store to carry P-free products or look up retailers at www.lcnp.org/lawn.html.

Fertilizer Terror NEVER Ends

NORAHG

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

The information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader by providing a sequence of events WITH COMMENTARY, striving for accuracy in history, politics, and science.

FORCE OF NATURE is TOTALLY INDEPENDENT and provides NO guarantee regarding accuracy or completeness. In no event shall FORCE OF NATURE be liable for any incidental or consequential damages, lost profits, or any indirect damages.

NORAHG also produces A LOOK AT, a series of reports providing TECHNICAL INFORMATION on issues such as Career Management, Golf Course Maintenance, Green Alternatives, Summer Stress, Turfgrass Pests, and Turfgrass Species.

Finally, NORAHG frequently responds to anti pesticide activists in LETTERS TO THE EDITOR in newspapers across Canada and around the world.

All information, excerpts, and pictures contained in FORCE OF NATURE, A LOOK AT, and LETTERS TO THE EDITOR were retrieved from the Internet, and may be considered in the public domain.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shettlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
