Enviro TERROR Spreads !

Castlegar is a small city in the West Kootenay region of British Columbia, Canada. It is located within the Selkirk Mountains at the confluence of the Kootenay and Columbia Rivers. It is a regional trade and transportation centre, with a local economy fuelled by forestry and tourism. It is home to Selkirk College, a regional airport, a pulp mill, and several small sawmills. The population of 7,259 people includes a large number of Doukhobors, who were largely responsible for much of Castlegar's early development and growth. A sizeable Portuguese community grew as workers, mainly from the Azores islands, moved in to take up employment in the area. The area which was to become Castlegar was an important centre for the Sinixt (Lakes) Peoples. Outside the city limits are the small surrounding communities of Blueberry, Ootischenia, Brilliant, Robson, Robson West, Raspberry, Tarrys, Thrums, Shoreacres, Fairview, Genelle, Pass Creek and Krestova. There are also the much smaller communities of Deer Park, Renata, and Syringa on Lower Arrow Lake. Taken together, these outlying areas comprise an approximate population of a further 8,000 people. Canadian Cancer Society urges city to ban pesticides

September 29th, 2009

Karen Haviland

Castlegar News

Statistics are clear, 50 per cent of cancers can be prevented.

Canadian Cancer Society (C.C.S.) has absolutely NO EXPERTISE in matters pertaining to pest control products. But, C.C.S. has VAST EXPERTISE in accumulating MILLIONS of dollars by alarming the public about the so-called danger of pest control products. C.C.S. DOES NOT use sound science in its criticism of pest control products.

Canadian Cancer Society / Société canadienne du cancer
British Columbia and Yukon Division

Perhaps the health of the public may be better served if all the resources of Canadian Cancer Society and other environmental groups, currently focused on the prohibition of LEGAL, SAFE, and IRREPLACEABLE pest control products, were redirected towards improving the lifestyle choices of the population, such as diet and exercise.

British Columbia Prohibition of Pest Control Products !

Castlegar Part 1

29/09/2009

" At least 10 per cent of that is related to environmental carcinogens," said PATTI MOORE, community action co–ordinator for the **Canadian Cancer Society**, Kootenay Region.

CANADIAN CANCER SOCIETY (C.C.S.) IS A MILITANT ADVOCACY ORGANIZATION THAT ATTEMPTS TO INFLUENCE THE PUBLIC, POLITICIANS, AND MEDIA, IN MATTERS OF POLITICIZED SCIENCE AND ENVIRONMENTAL PUBLIC POLICY. IT HAS CONSPIRED WITH OTHER GROUPS TO PROHIBIT THE USE OF PEST CONTROL PRODUCTS. BOTH IN THE PROFESSIONAL LAWN CARE INDUSTRY AND THE AGRICULTURE INDUSTRY.

C.C.S. IS A MULTI–MILLION DOLLAR MONEY–MAKING MACHINE. IN BRITISH COLUMBIA, CANADIAN CANCER SOCIETY IS A GREEDY 25,000,000 DOLLAR PER YEAR BUSINESS THAT NEEDS TO ATTRACT MORE MONEY BY INVENTING NON–EXISTENT ISSUES, SUCH AS THE SO–CALLED DANGER OF PEST CONTROL PRODUCTS. FURTHERMORE, AS A PUBLICLY–FUNDED ORGANIZATION, INFLUENCING PUBLIC POLICY IN SUCH A PARTISAN MANNER IS CLEARLY AND ETHICALLY BEYOND THE MANDATE OF C.C.S.

MOORE was at the most recent city council meeting speaking with council and urging the **City of Castlegar** to move toward becoming a pesticide free municipality.

CANADIAN CANCER SOCIETY PAYS « HIRED GUNS » A SUBSTANTIAL AMOUNT OF MONEY TO INTIMIDATE AND COERCE MUNICIPALITIES TO CONSPIRE TO PROHIBIT LEGAL, SAFE, AND IRREPLACEABLE PEST CONTROL PRODUCTS. ABSOLUTELY NONE OF THESE « HIRED GUNS » HAVE ANY EXPERTISE IN MATTERS PERTAINING TO PEST CONTROL PRODUCTS.

" It's better to be safe than sorry," warned MOORE, who added that children are most at risk when it comes to getting cancer from pesticides.

THE FEAR-MONGERERS FROM WITHIN THE ENVIRONMENTAL TERROR MOVEMENT, LIKE CERTAIN BIOLOGISTS, BIOCHEMISTS, DOCTORS, ECOLOGISTS, NURSES, POLITICIANS, SCIENTISTS, ETC ... HAVE TRADITIONALLY SPREAD PARANOIA AND TERROR ABOUT PEST CONTROL PRODUCTS WITH WARNINGS THAT CONTAIN QUAINT AND VAGUE EXPRESSIONS LIKE THE FOLLOWING. IT'S LIKE THEY ALL USE THE SAME SCRIPT. —

- BETTER TO BE CAUTIOUS.
- EVIDENCE IS GROWING.
- EVIDENCE IS SUGGESTIVE.
- MAY BE SUGGESTIVE.
- MAY CAUSE CANCER.
- MAY CAUSE OTHER PROBLEMS.
- MAY HARM US.
- MAY NEED TO PROTECT.
- MAY POSE A THREAT.
- NEEDLESS RISK.
- NEW EVIDENCE COMES FORWARD.
- PERHAPS A RISK.
- POISONING IS DIFFICULT TO DIAGNOSE.
- POSES RISKS.
- POSSIBLE THREAT.
- POTENTIAL DANGER.
- POTENTIALLY DEVASTATING.
- RESEARCH HAS SHOWN.
- THE RISK IS TOO GREAT.
- THE WORD SAFE CANNOT BE USED.
- THERE IS SOME RISK OF HARM.
- THEY MAY BE CANCER-CAUSING SUBSTANCES.
- WE ARE CONCERNED.

Castlegar Part 1

29/09/2009

PEOPLE FROM THE ENVIRONMENTAL TERROR MOVEMENT HEARD USING THE ABOVE PHRASES DO NOT KNOW WHAT THEY ARE TALKING ABOUT.

" Children are at a greater risk from pesticides because they are closer to the ground, they put things in their mouth and they have more permeable skin."

OF COURSE, THE FEAR-MONGERING ENVIRONMENTAL TERROR ORGANIZATIONS WISH TO GIVE THE IMPRESSION THAT CHILDREN AND ADULTS ARE BEING EXPOSED TO CANCER-CAUSING AGENTS WHENEVER A PROFESSIONAL LAWN CARE COMPANY APPLIES ITS PRODUCTS. THE SAME TACTICS WERE USED BY RACHEL CARSON AND HER STEPCHILDREN IN TRYING TO RID THE WORLD OF DDT. ALLEGEDLY, LARGE NUMBERS OF BIRDS WERE KILLED AFTER APPLICATIONS OF DDT. UNFORTUNATELY, THERE ARE NO VALID REPORTS, OR EVEN PHOTOS FOR THAT MATTER, THAT SUPPORT THIS BIRD ALLEGATION. AND, THERE ARE NO VALID REPORTS THAT CONFIRM PROBLEMS WITH CHILDREN. OR ANYBODY ELSE FOR THAT MATTER. IT IS ALL SPECULATION, LIES, AND MISINFORMATION.

In fact, the **Canadian Cancer Society** is so convinced by the statistics, said MOORE, it wants the provincial government to ban the sale of pesticides.

THERE ARE NO STATISTICS !

IT IS INTERESTING TO NOTE THAT CANADIAN CANCER SOCIETY (C.C.S.), THROUGH ITS PROMOTIONAL LITERATURE, CONTINUES TO INSIST THERE IS A LINK BETWEEN PEST CONTROL PRODUCTS AND CANCER, DESPITE THE FACT THAT AMERICAN CANCER SOCIETY DOES NOT SHARE THE SAME VIEWPOINT.

British Columbia Prohibition of Pest Control Products !

Castlegar Part 1

29/09/2009

In the meantime, she added, municipalities such as **Castlegar** can take a proactive stance, fashion some strong bylaws and become pesticide free.

" In Canada, there are 154 municipalities which have adopted pesticide–free bylaws. Twenty of those are in British Columbia," MOORE said.

MOORE added for many municipalities that are sitting on the pesticide–free fence, it's just a matter of education to help them make the change.

> THE PROHIBITION CARNAGE IS CONTINUING FROM COAST–TO–COAST. VARIOUS MEMBERS OF THE ENVIRONMENTAL TERROR MOVEMENT ARE PRESSURING MUNICIPAL AND PROVINCIAL AUTHORITIES TO CAPITULATE, AGAINST THEIR BETTER JUDGEMENT, ON THE MATTER OF PROHIBITING PEST CONTROL PRODUCTS. IN ALMOST EVERY PROVINCE, THE ONCE NON–PARTISAN CANADIAN CANCER SOCIETY (C.C.S.) (ALONG WITH THE LUNG ASSOCIATION AND CANADIAN ASSOCIATION OF PHYSICIANS FOR THE ENVIRONMENT (C.A.P.E.)) BEGINS THE CHARGE WITH SO-CALLED IMPARTIAL SURVEYS OR POLLS INDICATING THAT THE PUBLIC « WANTS » A CHANGE IN PUBLIC POLICY CONCERNING THE SO–CALLED DANGEROUS LAWN CHEMICALS. THE POLLS ARE ALSO A MEANS OF PRESSURING POLITICIANS AND THE PUBLIC TO GO–WITH–THE–FLOW.

" The majority, when provided information, are willing to make the shift to pesticide–free." MOORE said contrary to popular belief, implementing pesticide bylaws won't be the death knell for businesses the way that recent smoking bylaws were.

Castlegar Part 1

29/09/2009

" Bylaws do not harm business, they stimulate business and it will show leadership and raise your profile as Castlegar being a safe and healthy place to raise children," added Moore.

Lies and misconceptions from the Environmental Terror Movement ...

The PROHIBITION of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE pest control products HARMS Professional Lawn Care BUSINESSES.

PROHIBITION LEADS TO BANKRUPTCIES, BUSINESS FAILURES, UNEMPLOYMENT, DESPAIR, and DESTITUTION.

Distorted Fact : Prohibiting pest control products is beneficial for the Green Space Industry.

True Fact: Prohibiting pest control products has already severely harmed the Green Space Industry.

Fact : As a sad consequence of the prohibition imposed in the Province of Quebec by environmental terrorists, over sixty per cent of the Professional Lawn Care Industry has now been annihilated !

Fact : Because of prohibition in Halifax, revenues dropped by 40% with most of the Professional Lawn Care Companies, and it has taken them five years to recover from the hardship and losses !

Fact : As a predictable consequence of the prohibition imposed in Ontario by environmental terrorists, by early summer 2009, Professional Lawn Care revenues have been obliterated by at least 25% !

British Columbia Prohibition of Pest Control Products !

Castlegar Part 1

29/09/2009

FACT : ANOTHER CONSEQUENCE OF THE PROHIBITION IMPOSED IN ONTARIO BY ENVIRONMENTAL TERRORISTS, BY AUTUMN 2009, PROFESSIONAL LAWN CARE COMPANIES HAVE LOST FORTY TO SEVENTY PER CENT OF THEIR CUSTOMERS SINCE THE SENSELESS PROHIBITION BEGAN IN EARLY 2009 !

A motion was made to refer the information to the city's public works department to add to information it has already gathered regarding going pesticide free.

" Eventually we will make a decision on policy and how we're going to get there," said councillor DEB MCINTOSH.

BEFORE AGREEING TO CONSPIRE TO PROHIBIT LEGAL, SAFE, AND IRREPLACEABLE PEST CONTROL PRODUCTS, CITY COUNCILLORS MUST BE MADE AWARE OF SEVERAL PROBLEMS.

IN ONTARIO, THE GREEN SPACE INDUSTRY INTENDS TO LAY CHARGES OF FRAUD AGAINST ENVIRONMENTAL TERROR ORGANIZATIONS AND OTHER CULPRITS. HOPEFULLY, PROHIBITIONIST CONSPIRATORS, INCLUDING CITY COUNCILLORS, WILL BE PUNISHED, FINED, AND POSSIBLY SENT TO JAIL !

IN QUEBEC, THE MANUFACTURING INDUSTRY IS INVOKING ITS RIGHTS SINCE PEST CONTROL PRODUCTS HAVE BEEN GIVEN A CLEAN BILL OF HEALTH BY HEALTH CANADA. IT IS ARGUED THAT THE FEDERAL GOVERNMENT OWES MILLIONS OF DOLLARS IN LOST REVENUES FOR PRODUCTS THAT WERE PROHIBITED NEEDLESSLY. THE CANADIAN FEDERAL GOVERNMENT MAY ULTIMATELY BE FORCED TO DISPENSE HUNDREDS OF MILLIONS OF DOLLARS FOR EVERY PEST CONTROL PRODUCT PROHIBITED IN EVERY PROVINCE AND MUNICIPALITY ACROSS CANADA. THE ENVIRONMENTAL TERROR ORGANIZATIONS THAT CONSPIRED TO PROHIBIT PEST CONTROL PRODUCTS, MAY ALSO BE LIABLE FOR HUGE SUMS OF MONEY.

British Columbia Prohibition of Pest Control Products !

Castlegar Part 1

29/09/2009

FORCE OF NATURE was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e–newsletters destined for the GREEN SPACE INDUSTRY, the ENVIRONMENTAL TERROR MOVEMENT, politicians, municipalities, and the media, nation–wide across Canada, and parts of the United States and overseas. FORCE OF NATURE is produced in two parts. First. The MEDIA REPORT itself that reports on the current events affecting the future of the GREEN SPACE INDUSTRY. Second. INDEPENDENT PERSPECTIVE, which is a running commentary, sometimes technical in nature. Force of Nature is the WHOLE TRUTH from an INDEPENDENT PERSPECTIVE !

FORCE OF NATURE is the brain child of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of writers that contribute to this e–newsletter. The opinions expressed in Force of Nature, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the GREEN SPACE INDUSTRY, or Mr. Gathercole's many associates. Be warned ! Mr. Gathercole and Norah G may sometimes be very irreverent and fearless with these e–newsletters. DON'T THANK US. IT'S A PUBLIC SERVICE. AND WE ARE GLAD TO DO IT.

William H. Gathercole holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the GREEN SPACE INDUSTRY, including public affairs, personal safety, and environmental issues. Mr. Gathercole has been a consultant and instructor for decades. He also been an agricultural agronomist. Mr. Gathercole has been following the evolution of ENVIRONMENTAL TERRORISM for over a quarter–century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others, legal action against unethical and excessive municipal regulations restricting the use of pest control products. (i.e. The Town of Hudson.) Although he can be accused of being ANTI–ENVIRONMENT–MOVEMENT, he is, in fact, simply a strong advocate FOR the GREEN SPACE INDUSTRY. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of his long journey with environmental issues is UNPARALLELED. (Hopefully !). For many years, Mr. Gathercole has been a contributing columnist for TURF & RECREATION Magazine, Canada's Turf and Ground Maintenance Authority.

All document excerpts and pictures contained in FORCE OF NATURE were found somewhere on the Internet. We believe that they are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.

We believe that environmental terrorism can be BEATEN ! Information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. The mission of Force of Nature is to respond to those statements and activities originating from culprits that conspire to prohibit FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE conventional pest control products. Culprits are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each culprit is a mis–guided adversary, they deserve our respect. The term « culprit » is not an accusation of any legal wrong–doing. Force of Nature is simply holding culprits accountable for changes in public policy that have terrorized the Green Space Industry. Force of Nature believes that the prohibition policies of the ENVIRONMENTAL TERROR MOVEMENT will lead to UNEMPLOYMENT, BANKRUPTCY, BUSINESS FAILURE, DESPAIR, and DESTITUTION. The actions of the movement is viewed as a form of TERROR against the Green Space Industry.
