Suzuki-Lunatics Claim **Quebec Pesticide Prohibition** Needs a Tune-Up

The Gazette

According to UNSATIATED Enviro-Terrorists, the Province of Quebec, once a pioneer on LUNATIC-TERRORIST-PROHIBITION of pest control products, is now LAGGING BEHIND OTHER PROVINCES.

According to Environmental-Terrorist-Organizations like David Suzuki Foundation and Equiterre, Quebec's LUNATIC-TERRORIST-PROHIBITION, adopted in 2003, needs to be updated if the province wants to be a leader in protecting human health and the environment.

Both Suzuki and Equiterre have CONSPIRED to IMPOSE PROHIBITION of pest control products used in the Urban Landscape.

Equiterre is actually Suzuki's ambassador in the Province of Quebec, so they basically function as ONE-IN-THE-SAME-SUZUKI-LUNATIC-TERRORIST-ORGANIZATION.

According to these UNSATIATED lunatics, Quebec's law, adopted in 2003, hasn't been updated, and must now include MORE products.

The Quebec legislation was implemented despite the fact that the PROHIB-ITED pest control products were still HEALTH-CANADA-APPROVED, FEDER-ALLY-LEGAL, SCIENTIFICALLY-SAFE, and TOTALLY-IRREPLACEABLE.

Quebec was never really fully Pesticide-Free, and the lunatics want to EX-PAND their TERRORIST-CONPIRACY against the Professional Lawn Care Industry.

David Suzuki Foundation and Equiterre compared existing provincial pesticide laws across Canada, and, predictably, found that Ontario and Nova Scotia now have the strictest laws in the country. [ So what ? ]

Dangerous, Hypocritical, and Insatiable David Suzuki Foundation DEMANDS **NO Golf Industry Exception Status** 

According to Suzuki-Lunatics, Ontario and Nova Scotia got high marks because they BANNED THE MOST PESTICIDES, but at the same time allowed access to « lower-risk ».

In fact, so-called « lower-risk » products, or GREEN ALTERNATIVES, are, in many cases, SOLD-FOR-PROFIT by other Suzuki Lunatic-Friends.

BOGUS GREEN ALTERNATIVES have DRAMATICALLY INCREASED the PER-SONAL WEALTH and REPUTATION of many of the lunatics operating in or-

VIRTUALLY ALL GREEN ALTERNATIVES are almost TOTALLY INEFFECTIVE, except under very specific circumstances.

The Green Alternatives are BOGUS.

The Green Alternatives are DISMAL FAILURES.

Consequently, the PROHIBITION of conventional pest control products has EXTENSIVELY DAMAGED the Professional Lawn Care Industry, ANNIHILAT-ING UP TO 60 PER CENT OF THE BUSINESSES IN THE PROVINCE OF QUEBEC.

DAMAGES were EXTENSIVE because there were NO valid, effective, legal, economical, and safer Green Alternatives to replace conventional products.

With LUNATIC-TERRORIST-PROHIBITION, Professional Lawn Care Companies were UNABLE to satisfy their customers with effective pest control.

## UNSATIATED SUZUKI-LUNATIC-TERRORISTS WANT MORE DESTRUCTION!

Now that 60 PER CENT OF QUEBEC LAWN CARE COMPANIES have been ANNIHILATED by SUZUKI-LUNATIC-TERRORISTS, they want to DESTROY MORE!

According to Non-Expert Suzuki-Lunatics, Quebec's LUNATIC-TERRORIST-PROHIBITION NEEDS TO BE UPDATED to include new products.

According to Non-Expert Suzuki-Lunatics, Quebec's LUNATIC-TERRORIST-PROHIBITION should be expanded to cover pesticides used for cosmetic purposes in landscaping, that the province should compile a list of « lowerrisk » products, or GREEN ALTERNATIVES, that could be used instead of outlawed pesticides, and that Quebec needs to create a way to PROHIBIT NEW ACTIVE INGREDIENTS as they come to market.

<< Ten years ago, we [ Quebec ] were pioneers in the move-</p> ment to raise awareness among the public and decisionmakers about alternative solutions and the need for a province-wide ban on cosmetic pesticides. It's now time to raise the bar and reclaim our leadership position. >>

Suzuki-Lunatic-Terrorists have called on ALL PROVINCES to EXTEND THEIR PESTICIDE BANS TO GOLF COURSES

UNSATIATED SUZUKI-LUNATIC-TERRORISTS called on all provinces to EXTEND THEIR PESTICIDE BANS TO GOLF COURSES.

Under existing Quebec legislation, GOLF COURSES must submit RIDICU-LOUS PESTICIDE-USE REDUCTION PLANS every three years.

According to Non-Expert Suzuki-Lunatics, Quebec's LUNATIC-TERRORIST-PROHIBITION is still the best model for regulating pest control products.

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. This is what we do. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERROR-IZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, CO ERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIF-TEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVI-RONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson. Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. He and his colleagues are recognized as THE MAJOR INFLUENCE for the decision by Canadian Cancer Society to STOP selling for profit PESTICIDE TREATED DAFFODILS. Mr. Gathercole's vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
