*Lying Sack of
Organo-Maniac
Crap*

Background Information from an Independent Perspective

LandsCAPE Ontario. With more than 2,000 professional members, this TRADE ASSOCIATION alleges to be the province's PREMIER horticultural trades association. LandsCAPE Ontario DESPICABLY supports Environmental-Terrorism and the PROHIBITION of pest control products ! Furthermore, LandsCAPE Ontario acts as a MERE OBSERVER to the DEMISE and DEATH of the Modern Professional Lawn Care Industry ! LandsCAPE Ontario certainly does not address the NEEDS of the MAJORITY of the Professional Lawn Care Industry. LandsCAPE Ontario has basically told the Modern Professional Lawn Care Industry to « *Take care of your own problems !* »

Prohibition has begun to DESTROY the Modern Professional Lawn Care Industry in the Province of Ontario ! Because of PROHIBITION, PROFESSIONAL LAWN CARE businesses, which at one time provided a good living and some equity for eventual sale for retirement, are now worthless ! By late 2009, OVER-FIVE-THOUSAND HAPLESS VICTIMS have been UNEMPLOYED (full time employees and summer students). The Ontario Professional Lawn Care Industry has lost over THREE-HUNDRED-MILLION-DOLLARS in the 2009 season as a direct result of the NEEDLESS, SENSELESS, and MALICIOUS prohibition of pest control products. By autumn 2009, Professional Lawn Care companies have LOST FORTY-TO-SEVENTY-PER-CENT OF THEIR CUSTOMERS since the senseless Prohibition-Tyranny began in early 2009 !

If you are a member of LandsCAPE Ontario, and happen to be a Modern Professional Lawn Care Company, you will be forced to network with mobs of ORGANO-MANIAC-VERMIN and lawn care FRANCHISES that support Environmental-Terror and Prohibition. Unquestionably, LandsCAPE Ontario prefers fostering the ADVANCEMENT of its adored and treacherous ORGANO-MANIAC lawn care members, as well as its cherished but self-serving franchise members.

The leadership of LandsCAPE Ontario is clearly dominated by ORGANO-MANIAC and FRANCHISE prohibitionists. These leaders are cowardly, and will not expose any doubts about the INSANITY OF PROHIBITION-TYRANNY because POLITICAL CORRECTNESS STRANGLES ANY SOUND JUDGEMENT. Additionally, the Board of Directors of the Commodity Sprayer Group of LandsCAPE Ontario is infested with ORGANO-MANIAC conflicts-of-interest. For example, one-quarter of the Board Members originate, DIRECTLY OR INDIRECTLY, from business interests in the bogus Green Alternative Sarritor.

Predictably, LandsCAPE Ontario SUPPORTS so-called ALTERNATIVE PEST CONTROLS for turf when no valid, effective, legal, economical, and safer alternatives exist ! (Products like Beet Juice and Neem Oil are illegal alternatives !)

In fact, LandsCAPE Ontario is a HAVEN for the adored and treacherous ORGANO-MANIAC companies that use, sell, and distribute bogus Green Alternative products. Many of the bogus Green Alternatives are supplied by the very Environmental-Terror-Organizations that sought prohibition.

Not surprisingly, LandsCAPE Ontario holds regular MEETINGS with rampant WACK-JOB ANTI-PESTICIDE-SENTIMENT. The MAJORITY of Modern Professional Lawn Care Companies are continuously OSTRACIZED by several ORGANO-MANIAC members.

LandsCAPE Ontario does nothing to defend the future of the Modern Professional Lawn Care Industry ! LandsCAPE Ontario has abandoned the majority of the Professional Lawn Care Industry. LandsCAPE Ontario refuses to address the needs of the MAJORITY of the Modern Professional Lawn Care Industry.

A Report on the Fear-Mongering, Fraudulent Lies, Misconceptions, Coercion, Threats, Deceptions, and Paranoid Conspiracies Concocted by Organo-Maniac Lawn Care People

Surviving a pesticide ban : the Ontario experience

HortWest Magazine

March 2010

Selected and Adapted Excerpts

The new pesticides allowed under the ban are more expensive, and require longer to apply, or must be applied more often.

According to Chris Lemcke of Turf Operations Inc. of Weed Man –

<< *The business requires higher prices. We must lose the customers used to cheap lawn care of the past forty years.* >>

Background Information from an Independent Perspective

During the debate on prohibition in Ontario, the Professional Lawn Care Industry was FALSELY assured that safe, effective, and economical Green Alternatives were already available to replace conventional pest control products. These assurances came from people who are lying sacks of organo-maniac crap ! With bogus Green Alternatives, weeds are not being effectively controlled, and customers are consequently cancelling their services. The Professional Lawn Care Industry is losing its customers because trade associations like LandsCAPE Ontario support Environmental-Terror and the prohibition of pest control products. Weed Man is a dominant leader in LandsCAPE Ontario. Furthermore, some Weed Man and other lawn care operators are among those claiming to be « *exclusive suppliers* » of Sarritor, a STUNNINGLY EXPENSIVE bogus Green Alternative to conventional weed control products.

In LandsCAPE Ontario, one-quarter of the Board Members originate, directly or indirectly, from business interests in Sarritor. With such an obvious conflict-of-interest, it is not surprising that LandsCAPE Ontario supports the prohibition of conventional pest control products. Many of the Board Members SELL-FOR-PROFIT several bogus Green Alternative products. Had there been no flagrant conflicts-of-interest with Board Members trying to SELL-FOR-PROFIT their so-called Green Alternatives, conceivably, LandsCAPE Ontario would have more aggressively challenged the prohibition in Ontario, and avoided the resulting CATAclysm of customer losses, and EXORBITANTLY EXPENSIVE lawn care services.

We must defend the industry, whatever the cost may be !

Force Of Nature is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE ! Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The commentary expressed in Force Of Nature, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the Green Space Industry. Force Of Nature may sometimes be very irreverent, and even appear to be Anti Environment; it is, in fact, simply a strong advocate FOR the Modern Green Space Industry. However, this position has not precluded Force Of Nature from criticizing the Green Space Industry itself, when appropriate. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All document excerpts and pictures contained in Force Of Nature were found somewhere on the Internet. These documents and pictures are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.

Force Of Nature INSPIRES people to believe that ENVIRONMENTAL TERRORISM can be STOPPED ! Norah G is an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, and Orchard. Many of these people are leaders in their own industries. Anonymity is essential in view of the constant threat of reprisals at every level except perhaps death. Force Of Nature is the instrument of National Organization Responding Against Huje that seek to TERRORIZE, HARM, and THREATEN the Green Space Industry (NORAHG). Huje is a term used for Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

H

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
