

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from  
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

Nova Scotia is the second-smallest province in Canada with a population of almost 940,000.

Nova Scotia is located on Canada's South-Eastern Coast.

Its capital, Halifax, is a major economic centre of the region.

Halifax Regional Municipality, commonly known as Halifax or HRM, with a population over 370,000, is the capital of the Province of Nova Scotia.

Halifax is the largest population centre in Atlantic Canada, and the largest in Canada east of Quebec City.

## 2000-2003 Halifax Municipal Prohibition

---

On August 15<sup>th</sup>, 2000, the Halifax Regional Municipality moved to PROHIBIT pest control products on lawns and gardens that were otherwise FEDERALLY-APPROVED and SCIENTIFICALLY SAFE —

### *PROHIBITION Within Halifax Regional Municipality*

*5. (1) Commencing April 1, 2003, no person shall carry out or permit or suffer to be carried out a pesticide application within the Halifax Regional Municipality.*

In 2000, Halifax IMPOSED, over a three-year period, the PROHIBITION of conventional pest control products used in the Urban Landscape.

Although PROHIBITION was ENACTED in 2000, it was only IMPOSED in April 2003, and thus is called the 2000-2003 MUNICIPAL PROHIBITION.

Only some Green Alternative Pesticides were PERMITTED.

In November 2010, Halifax Regional Municipality Council REJECTED the use of the Green Alternative Pesticide FeHEDTA ( i.e. Fiesta Herbicide ) as an addition to permitted uses in the Pesticide By-Law, but later reinstated the product.

## CARNAGE Caused By 2000-2003 Halifax Municipal Prohibition

---

Since 2000, PROHIBITION against conventional pest control products EXTENSIVELY DAMAGED the Professional Lawn Care Industry within the Halifax Regional Municipality.

There were NO valid economical alternatives to replace the PROHIBITED products, and there will be NONE within our collective lifetime.

So-called Green Alternative Pesticides, such as Corn Gluten Meal, Fiesta, Nematodes, and Sarritor, were DISMAL FAILURES.

Halifax's 2000-2003 MUNICIPAL PROHIBITION led to CATASTROPHIC HARDSHIP AND LOSSES for businesses operating in the Professional Lawn Care Industry because there were NO valid economical alternatives to replace the prohibited products.

The number of businesses DID NOT GROW WHATSOEVER !

In 2005, two years after the 2000-2003 MUNICIPAL PROHIBITION was IMPLEMENTED, businesses SUFFERED CATASTROPHIC BUSINESS LOSSES with ...

REVENUES DOWN BY 30 PER CENT, and

CUSTOMER NUMBERS DOWN BY 40 PER CENT

**The Halifax  
Pesticide Ban  
DESTROYED  
Lawn Care  
Businesses**

## CARNAGE Caused By 2000-2003 Halifax Municipal Prohibition ( continued )

---

These BUSINESS LOSSES were reported in 2005 by Peter Bugden, Principal Owner and President of Nutri-Lawn, reported about the CATASTROPHIC BUSINESS LOSSES caused by the 2000-2003 MUNICIPAL PROHIBITION in Halifax Regional Municipality —

*The Halifax pesticide by-law, which was FULLY IMPLEMENTED in 2003 after two years of property registration and education.*

*He [ Bugden ] indicated that his customers have not been very receptive to the alternative programs that he has offered, and HIS REVENUES AND CUSTOMER BASE ARE DOWN BY MORE THAN 30 PER CENT AND 40 PER CENT RESPECTIVELY.*

*He also stated that the by-law has damaged the business pace of professional lawn care operators, as there are no restrictions on the sale of pesticides at the retail level, which has increased dramatically.*

On February 25<sup>th</sup>, 2009, M-REP Communications issued a report on the reality of a Statistics Canada report regarding the Professional Lawn Care Industry in Halifax Regional Municipality —

*Contrary to published reports by activist about Halifax.*

*The number of companies in all of Nova Scotia is around 150.*

*The Stats Canada report they keep referring to reflects a sector that includes lawn care.*

*Activists made claims that the number of companies operating in the Halifax area have increased by 53 per cent.*

*THIS IS A LIE BY THE ACTIVISTS TO SCOOP SUPPORT.*

*The reality is the OPERATIONAL REVENUE DROPPED BY 40 PER CENT [ as of 2009 ] with most of the 9 companies that operate in the Halifax area, and it has taken 5 years to recover from those losses.*

## CARNAGE Caused By 2000-2003 Halifax Municipal Prohibition ( continued )

---

By 2012, because of the 2000-2003 MUNICIPAL PROHIBITION in Halifax Regional Municipality, businesses LOST OVER 50 PER CENT OF THEIR CUSTOMERS, and REVENUES PLUMMETED BY 40 PER CENT.

Halifax's CATASTROPHIC BUSINESS LOSSES are CONSISTENT WITH LOSSES REPORTED IN QUEBEC.

Because of the 2004-2006 QUEBEC PROVINCIAL PROHIBITION, OVER 60 PER CENT of the businesses were ANNIHILATED, and HUNDREDS OF BUSINESSES DISAPPEARED INTO TOTAL OBLIVION.

By 2011, in the sixth year after the IMPLEMENTATION of the 2004-2006 QUEBEC PROVINCIAL PROHIBITION, the REMAINING businesses operating in the Professional Lawn Care Industry LOST UP TO 70 PER CENT OF THE BUSINESS THEY ONCE HAD.

It is INCONGRUOUS to believe that jurisdictions like Halifax could not have suffered the same fate as Quebec.

**By 2012, because of the 2000-2003 municipal prohibition in Halifax Regional Municipality, businesses lost over 50 per cent of their customers, and revenues plummeted by 40 per cent**

## REPEAL Of 2000-2003 Halifax Municipal Prohibition ?

---

On June 6<sup>th</sup>, 2011, a Councillor with Halifax Regional Municipality wanted PROHIBITION REPEALED.

PROHIBITION led to GARBAGE DUMP Green Spaces.

Regional Councillor Steve Adams ( Spryfield-Herring Cove District ) says PUBLIC SPACES INFESTED WITH DANDELIONS AND OTHER WEEDS LEAVE A TERRIBLE IMPRESSION NOT ONLY FOR RESIDENTS BUT ALSO FOR TOURISTS.

According to Councillor Adams —

*Look at the Roundabout [ Halifax's circular highway junction ].*

*Look at any public space we own.*

*IT'S ABSOLUTELY DISGRACEFUL.*

*And it's NOT A CRIME to want to have a property that looks good.*

*It LOOKS AWFUL and it leaves a TERRIBLE IMPRESSION not only for our residents but for TOURISTS.*

*It's NOT A BAD THING to GET RID OF DANDELIONS.*

## 2010 Nova Scotia Provincial Prohibition

---

In 2010, the Province of Nova Scotia also NEEDLESSLY, SENSELESSLY, and MALICIOUSLY PROHIBITED pest control products under the « *Non-Essential Pesticides Control Act* ».

This meant that THE ENTIRE PROVINCE WAS SUBJECTED TO PROHIBITION.

Consequently, PROHIBITION DESTROYED LAWN CARE BUSINESSES THROUGHOUT NOVA SCOTIA.

## Betrayal By Idiotic Trade Association

---

Following in the foot-steps of its Idiotic Ontario Counterpart, Lands-CAPE Nova Scotia Trade Association said that it was « *relatively pleased* » with the province's NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products under the « *Non-Essential Pesticides Control Act* ».

Just like Lands-CAPE Ontario, Lands-CAPE Nova Scotia BETRAYED the Professional Lawn Care Industry.

Consequently, the FAILURE of Trade Associations in both Nova Scotia and Ontario VALIDATED PROHIBITION, and Anti-Pesticide TERRORISM finally began to SPREAD NATIONALLY.

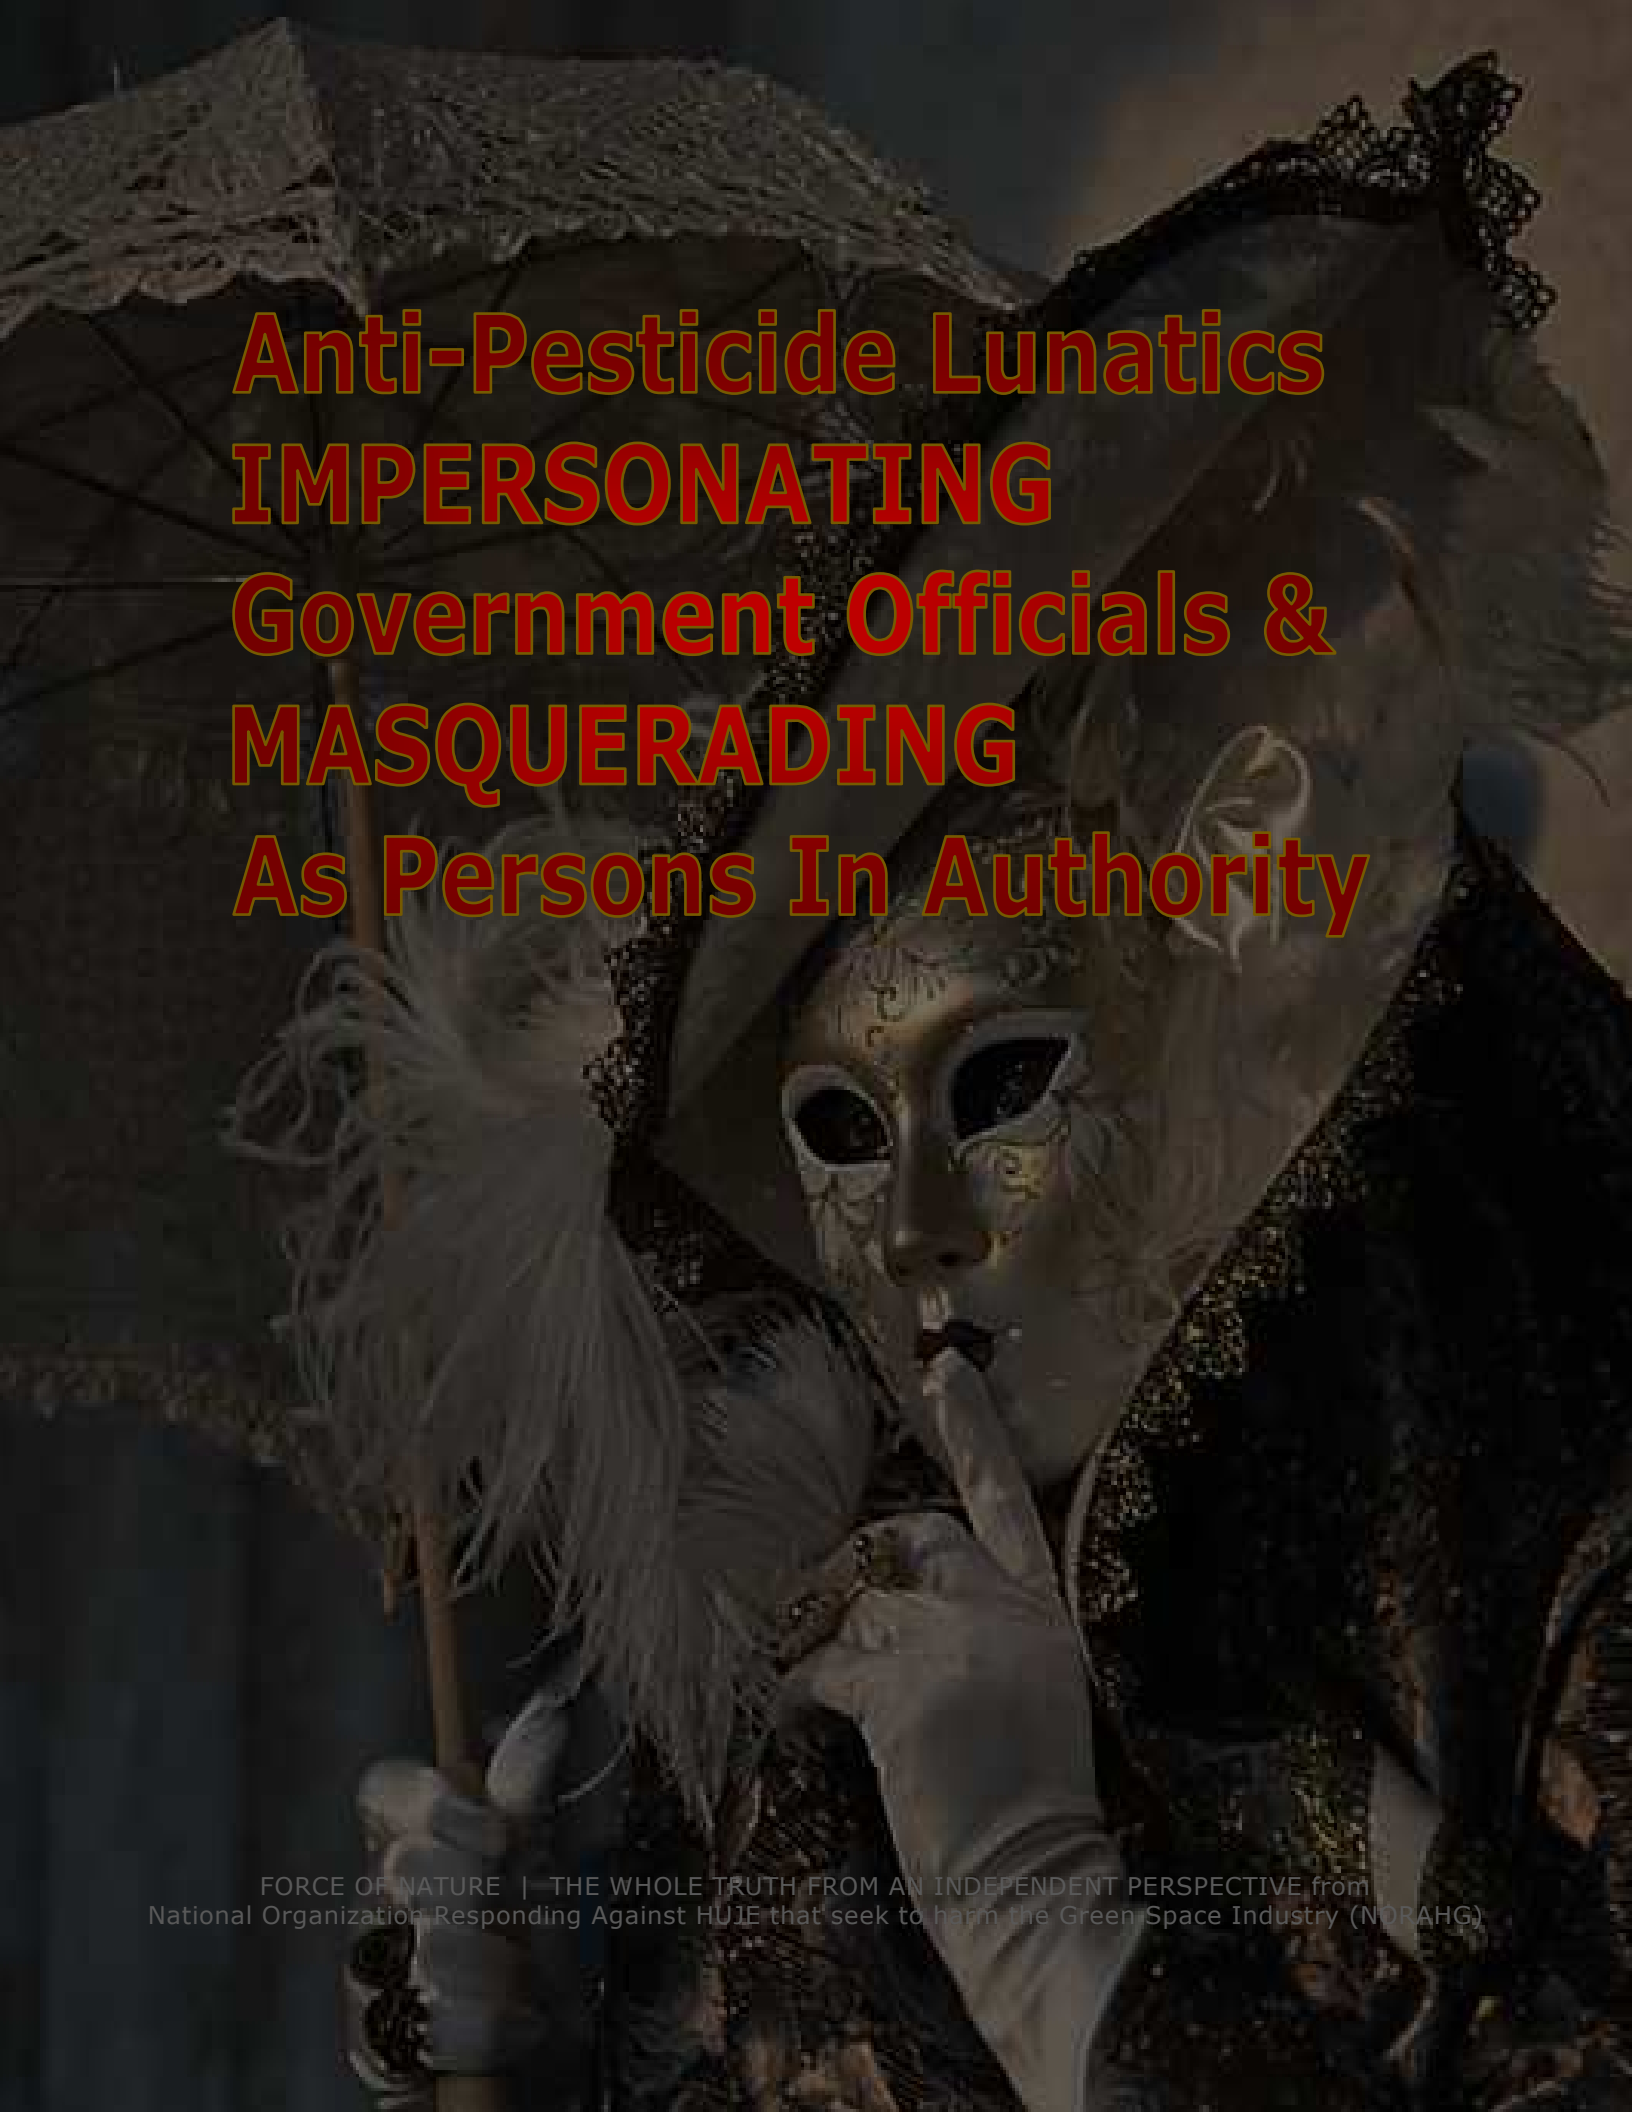

## Anti-Pesticide & Environmental-Terrorist Organizations

---

In Nova Scotia, several ORGANIZATIONS CONSPIRED to PROHIBIT pest control products, such as • Canadian Association of Physicians for the Environment ( CAPE ) • Canadian Cancer Society • Dalhousie University — Halifax • David Suzuki Foundation • Ecology Action Centre — Halifax • Environmental Defence • IWK Health Centre • Pesticide Free Nova Scotia • Real Alternatives to Toxins in the Environment ( RATE ) — Halifax • Sierra Club of Canada — Atlantic Chapter.

See later segment for more details on these organizations.

# Anti-Pesticide Terrorism

# NEVER Ends

Anti-Pesticide Lunatics in Nova Scotia are **TERRORIZING LEGITIMATE AND TAX-PAYING BUSINESSES.**

In September 2012, these lunatics **EMPOWERED** themselves to **INSPECT** garden centres across the province.

According to Pesticide Free Nova Scotia —

*VIOLATIONS of pesticide regulations are up significantly in the 2012 season.*

Who are these #@!%-ing people.

They are **NOT** Elected Government Officials.

They are **NOT** Civil Servants.

They are **NOT** Government-Sanctioned Inspection and Enforcement Officials.

They are **NOT SANCTIONED** by the Government of Nova Scotia.

**Why Does Canadian Cancer Society Use Pesticide Free Nova Scotia As A SHIELD ORGANIZATION ? — Part 1**

Anti-Pesticide Organizations have often used SHIELDS, which are also called UMBRELLAS or FRONT GROUPS or ALLIANCES or COALITIONS.

SHIELDS have been set up and controlled by one or several PARENT ORGANIZATIONS to become part of larger Anti-Pesticide ALLIANCES.

SHIELDS can perform acts of FRAUD, CONSPIRACY, and SUBVERSION without the actions being attributed to the PARENT ORGANIZATIONS.

SHIELDS may provide some limited protection from legal liability for the PARENT ORGANIZATIONS.

# Anti-Pesticide Terrorism

# NEVER Ends

Pesticide Free Nova Scotia ( a.k.a. Ecology Action Centre, a.k.a. Real Alternatives To Toxins In The Environment ( RATE ) ) is a SHIELD ORGANIZATION that operates on behalf of Canadian Cancer Society.

Both Anti-Pesticide Organizations have somehow EMPOWERED themselves in the INSPECTION AND MONITORING AND ENFORCEMENT of PROHIBITION against pest control products in Nova Scotia.

The lunatics who operate these organizations are IMPERSONATING government officials and MASQUERADING as persons with some kind of legal authority.

Stephanie Hughes is an Anti-Pesticide Terrorist who is PAID-FOR-PROFIT by Pesticide Free Nova Scotia.

Hughes possesses NO RECOGNIZED EXPERTISE WHATSOEVER in matters concerning pest control products — her opinions are TOTALLY VALUELESS AND UTTERLY WORTHLESS.

## Why Does Canadian Cancer Society Use Pesticide Free Nova Scotia As A SHIELD ORGANIZATION ? — Part 2

Anti-Pesticide Organizations have also set up SHIELDS for the following reasons —

- For collecting MILLIONS OF DOLLARS in memberships and donations for the PROFIT of GREEDY RADICAL Anti-Pesticide Organizations.
- For concealing the views of supposedly moderate professionals, such as Anti-Pesticide Health-Care-Workers, in an attempt to mask their SUBVERSIVE LUNATIC views.
- For ensuring that the non-profit tax status of the PARENT ORGANIZATIONS is not jeopardized by their SUBVERSIVE ANTI-PESTICIDE ACTIVITIES.

# Anti-Pesticide Terrorism

# NEVER Ends

According to Stephanie Hughes —

*Our VOLUNTEERS [ MASQUERADING AS INSPECTORS ] noted serious compliance issues at a number of retail outlets across Nova Scotia.*

Who the hell cares whether these people are VOLUNTEERS or not ?

The fact that they are VOLUNTEERS does NOT EMPOWER THEM to IMPERSONATE government officials and MASQUERADE as persons with some kind of legal authority.

According to Hughes —

*This legislation vests a lot of responsibility in retailers. Their cooperation is critical to its success, which is why THOROUGH MONITORING AND ENFORCEMENT of the cosmetic pesticides ban are needed.*

**Why Does Canadian Cancer Society Use Pesticide Free Nova Scotia As A SHIELD ORGANIZATION ? — Part 3**

Anti-Pesticide Organizations have also set up SHIELDS for the following reasons —

- For giving everyone the FALSE and FRAUDULENT impression that the Anti-Pesticide Movement has considerable size and power, when in fact, it DOES NOT.

- For giving the public the FALSE and FRAUDULENT impression that there is grass-roots support for SUBVERSIVE LUNATIC public policies such as Anti-Pesticide PROHIBITION.

Basically, Canadian Cancer Society uses Pesticide Free Nova Scotia IN ORDER TO AVOID GETTING ITS HANDS DIRTY WITH SUBVERSIVE TERRORIST ACTIVITIES.

# Anti-Pesticide Terrorism

# NEVER Ends

Who decided to EMPOWER these lunatics in the INSPECTION AND MONITORING AND ENFORCEMENT of PROHIBITION ?!?!

According to Pesticide Free Nova Scotia —

*Provincial pesticides monitoring has been **INSUFFICIENT** to catch violations early, and carry out badly needed enforcement.*

Who decided to EMPOWER these basterds with power to decide was is **INSUFFICIENT** with Nova Scotia's regulatory system ?!?!

What government agency are they representing ?!?!

Pesticide Free Nova Scotia is ALLEGING that the services of government agencies are SOMEHOW **INSUFFICIENT**.

This is DISCREDITING AND INVALIDATING legitimate authorities in order to remain EMPLOYED-FOR-PROFIT AS ENVIRO-LUNATIC TERRORISTS.

According to a report about Stephanie Hughes and Pesticide Free Nova Scotia —

*She said earlier this month, the provincial Environment Department told her it has not handed out a single warning or fine for pesticide violations this year.*

# Anti-Pesticide Terrorism

# NEVER Ends

« *Their almost exclusive focus on education with retailers and the public ISN'T GOING TO BE SUFFICIENT to really get compliance levels where they need to be on pesticides, » Hughes said.*

Again ... who is this #@!%-ing lunatic.

Hughes is NOT an Elected Government Official.

Hughes is NOT a Civil Servant.

Hughes is NOT Government-Sanctioned as an Inspection and Enforcement Official.

Hughes is NOT SANCTIONED by the Government of Nova Scotia.

Why is Hughes doing this ?

By EMPOWERING herself with ILLEGAL POWERS OF INSPECTION AND MONITORING AND ENFORCEMENT, Hughes and other lunatics BENEFIT FROM SAFE, SECURE, WELL-PAYING ANTI-PESTICIDE JOBS and PENSIONS ...

... AT THE EXPENSE OF THE CREDIBILITY OF THE GOVERNMENT OF NOVA SCOTIA.

# Anti-Pesticide Terrorism

# NEVER Ends

Who pays these lunatics ?!?!

Canadian Cancer Society.

According to Pesticide Free Nova Scotia —

*The CANADIAN CANCER SOCIETY has SUPPORTED [ FINACIAL-  
LY ] Pesticide Free Nova Scotia RETAIL MONITORING since  
2011.*

According to Sherry Jarvis at Canadian Cancer Society —

*We support this legislation [ i.e. Anti-Pesticide PROHIBI-  
TION ], and want monitoring that is sufficient to ensure that  
the population is protected from the harms associated with  
pesticide exposure.*

# Pesticide Free Nova Scotia MUST CEASE AND DESIST

# Shoot'Em Up and Destroy Activities

Anti-Pesticide Lunatics are RADICAL, VIOLENT, MILITANT, and SUBVERSIVE.

Anti-Pesticide Lunatics have adopted SHOOT 'EM UP AND DESTROY ACTIVITIES against all those who DARE TO DEFY THEM, such as ...

- ARBITRARILY and FALSELY holding pest control products responsible for IMAGINARY PROBLEMS, despite the fact that they are APPROVED by HEALTH CANADA and deemed as SCIENTIFICALLY SAFE
- CONDUCTING BLITZKRIEGS AND TERRORIZING AND HARASSING legitimate and tax-paying businesses and their employees, just like Nazi Germany
- COMPENSATING for INCOMPETENCE about pest control products by becoming COMPULSIVE LIARS
- CONCOCTING IMAGINARY DANGER, MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products
- CONVENIENTLY IGNORING the fact that pest control products are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, PRACTICALLY-NON-TOXIC, and CAUSE NO HARM
- Creating CIVIL DISOBEDIENCE as a WEAPON OF COERCION
- DESTROYING businesses operating in the Professional Lawn Care Industry
- DISCREDITING and INVALIDATING legitimate authorities like Health Canada
- DISRESPECTING the rights of businesses and home-owners
- EMPOWERING themselves in the INSPECTION AND MONITORING AND ENFORCEMENT of PROHIBITION
- FORCING CHILDREN to become WEAPONS OF COERCION
- Having employees TERMINATED
- IMPERSONATING government officials and health care workers and MASQUERADING as persons with some kind of legal authority

## Shoot'Em Up and Destroy Activities ( continued )

- IMPOSING LIFE-STYLE CHOICES on society, such as the PROHIBITION against pest control products used by the Modern Professional Lawn Care Industry
- PROFITING from Anti-Pesticide Activities
- RATTING-OUT businesses to local government, and OPERATING WITH INFORMANTS, just like Nazi Germany
- Spreading NEEDLESS HYSTERIA, FEAR, PARANOIA, and TERROR
- TERRORIZING legitimate and tax-paying businesses
- Using HOLLOW and DESPICABLY ALARMIST expressions
- UTTERING DEATH THREATS
- VANDALIZING business facilities

We are now NOT ONLY living in THE ERA OF 9|11 FOR THE PROFESSIONAL LAWN CARE INDUSTRY, we are also witnessing THE SIEGE OF ENVIRONMENTAL TERRORISM.

These are NOT new strategies for RADICAL VIOLENT MILITANT SUBVERSIVE Enviro-Lunatics ... Terrorism NEVER Ends !

## Dealing With Lunatics

Anti-Pesticide Lunatics will present themselves IN PERSON as SOME KIND OF OFFICIAL RESPONSIBLE FOR INSPECTION AND MONITERING AND ENFORCEMENT of PROHIBITION.

It must be assumed that these lunatics are NOT elected government officials or civil servants, and have NO LEGAL AUTHORITY to perform any type of investigation.

Lunatics HAVE IMPERSONATED OFFICIALS in the past.

Lunatics even dress up in laboratory coats in order to IMPERSONATE PHYSICIANS.

COMPLAINTS about lunatics should be made to local authorities.

DO NOT to RESPOND TO VERBAL HARASSMENTS from lunatics, and DO NOT ANSWER ANY OF THEIR QUESTIONS.

There is NOTHING TO BE GAINED by responding to Anti-Pesticide Lunatics.

There is NOTHING that can be said to a lunatic that can only end up turning bad – their ultimate goal is TO DESTROY YOU !

When an unknown person DOES ask questions, they should first present official identification which includes name, address, phone number, and e-mail address – otherwise, THE CONVERSATION IS TERMINATED IMMEDIATELY.

Overall, unless the person presenting themselves to you is a client or a government official or a civil servant, DO NOT ANSWER ANY QUESTIONS, and ASK THE LUNATIC TO LEAVE THE PREMISES.

Requests for information BY PHONE should ONLY be provided AFTER a return phone number has been provided, even with government officials.

Because of ARBITRARY PESTICIDE BANS, the owners, employees, and families dependent on Professional Lawn Care and Retail businesses face TERROR, DESPAIR, DESTITUTION, and are victims of Anti-Pesticide RAPE.

Background Information from an Independent Perspective

## Dealing With Lunatics ( continued )

Anti-Pesticide Lunatics want to DESTROY their businesses, their assets, their customers, their homes, their lifestyles, their job security, their families, their children, their loved-ones, and their future.

Anti-Pesticide Lunatics want to HURL them all into SQUALOR and DESPAIR, forcing them to BURN-IN-HELL.

They are Anti-Pesticide RAPISTS, of sorts.

Victims PLEAD with them to STOP, and yet, they NEVER STOP HURTING and RAPING.

They should be treated accordingly.

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from  
National Organization Responding Against HUIE that seek to harm the Green Space Industry (NORAHG)

# N O R A H G

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUEENDO, and INTERNET RUMOUR. — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Demoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shel'ar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
