## BACK PANEL - CONTAINER

---

### **FIRST AID:**

---

If in eyes, flush with water for 15 minutes. If on skin, wash with soap and water. If swallowed, give patient one or two glasses of water and induce vomiting by touching back of the throat with a finger or blunt object; repeat until vomit fluid is clear. Do not give anything by mouth to an unconscious person. Contact a physician or Poison Control Centre immediately. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

---

### **DECONTAMINATION AND DISPOSAL:**

---

1. Rinse – or pressure – rinse container. Add the rinsings to the spray mixture in the tank.
  2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
  3. Make the empty container unsuitable for further use.
  4. Dispose of the container in accordance with provincial requirements.
  5. For information on the disposal of unused, unwanted product contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for cleanup of spills.
- 

### **NOTICE TO USER:**

---

This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

---

**NOTICE TO BUYER:**

---

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

## SYSTEMIC FUNGICIDE FOR TURF, ROSE AND ORNAMENTAL PLANT DISEASES

EASOUT is a systemic fungicide for control of certain fungus diseases. It is effective against powdery mildew, black spot of roses, botrytis, powdery mildew and other diseases on many ornamental and certain turf diseases.

**Compatibility:** EASOUT is compatible with most pesticides; do not mix with lime or other alkaline materials.

---

### **DIRECTIONS:**

---

#### **TURF:**

EASOUT prevents and cures dollar spot, brown patch and certain other turf diseases on golf course greens, tees, fairways and other turf areas. EASOUT will not injure grasses when used at label rates. Safe on bent grasses, blue grasses, fescues, rye grasses, etc. Apply after mowing or avoid mowing for 12 hours after application. Use at least 24 litres of water per 100 m<sup>2</sup> of area to be sprayed. Apply the higher recommended rate under conditions of severe disease pressure.

<b>DISEASE</b>	<b>RATE PER 100 m<sup>2</sup></b>	<b>INSTRUCTIONS</b>
Dollar Spot (Sclerotinia homoeocarpa)	25-30 grams	Spray when disease first appears. Repeat at 10-14 day intervals during season or as needed.
Brown patch (Rhizoctonia solani)	30-60 grams	Spray as for dollar spot. When disease conditions are severe spray every 5-7 days.

<b>DISEASE</b>	<b>RATE PER 100 m<sup>2</sup></b>	<b>INSTRUCTIONS</b>
Powdery mildew ( <i>Erysiphe graminis</i> )	125-250 grams	Wash into root zone with 2.5 cm of water immediately after application. Apply when disease first appears (spring or fall). Make a second application 14-21 days later. Repeat applications as disease appears.
Pink snow mold ( <i>Fusarium nivale</i> )	125-175 grams	Apply when disease first appears. Repeat as needed.

**ROSES, ORNAMENTAL PLANTS:**

**Black spot of Roses, Powdery Mildew and Certain Other Diseases:** Use 500-750 grams per 1000 litres of water (22.5 mL per 10 litres of water for small quantities of spray). Spray when disease first appears and repeat at 10-14 day intervals throughout the growing period.

**GREENHOUSE POTTED ORNAMENTALS:**

**Systemic Soil Treatment:** Powdery mildew, botrytis and certain other diseases, such as leaf spots on orchids, can be controlled by watering the soil thoroughly with a suspension of EASOUT 15 mL per 10 litres of water. Repeat at weekly intervals as necessary using 15-22.5 mL per 10 litres of water.

**ASPEN AND POPLAR:**

**Marsonnia Leaf Spot, Septoria Leaf Spot:** Use 1.1 kg per 1000 litres of water per hectare. Apply 2 to 3 sprays per season at 10-day intervals beginning in mid-June.

---

---

**PRECAUTIONS:**

---

KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling. Wash contaminated clothes before re-use. Do not contaminate food or feed. Do not contaminate domestic or irrigation water supplies, lakes, streams and ponds.

---

**FIRST AID:**

---

If in eyes, flush with water for 15 minutes. If on skin, wash with soap and water. If swallowed, give patient one or two glasses of water and induce vomiting by touching back of the throat with a finger or blunt object; repeat until vomit fluid is clear. Do not give anything by mouth to an unconscious person. Contact a physician or Poison Control Centre immediately.
