

THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

### We are living in the 9/11 Era of Environmental Terror !

Home-Made Pest Control Concoctions and Recommendations
VIOLATE FEDERAL LAW!

There are NO valid, effective, legal, economical, and safer alternatives to REGISTERED-CONVENTIONAL pest control products. Virtually all are BOGUS.

Home-Made Pest Control Concoctions are BOGUS and ILLEGAL

It is a VIOLATION OF FEDERAL LAW to recommend or sell products for controlling pests that are NOT registered under the Pest Control Products Act.

If someone recommends or sells material with the claim that it controls pests, it technically becomes a pest control product.

Such a claim, in either verbal or written form, regarding an UNREGISTERED product becomes technically a VIOLATION OF FEDERAL LAW.

The ILLEGAL recommendation to use Home-Made Pest Control Concoctions as a means of controlling pest invasion is in VIOLATION OF FEDERAL LAW.

Preparing, storing, and using UNREGISTERED Home-Made Pest Control Concoctions can pose RISKS to health and environment.

These Pest Control Concoctions and Recommendations are BOGUS, and are NOT SCIENTIFICALLY TESTED. Most are NOT valid and effective.

These Pest Control Concoctions and Recommendations are written by anonymous or non-expert authors.

These Pest Control Concoctions and Recommendations are NOT subject to stringent, science-based evaluations, and are NOT supported by scientific research and documentation.

# DISGRACEFUL, BIASED & SUBVERSIVE Enviro-Lunatic Advertising by Nanaimo

The City of Nanaimo, British Columbia, has issued its own recommendations for Green Alternatives to conventional pest control products.

Nanaimo is known as « *The Hub of Lunatic Envi*ronmental Terror on Vancouver Island ».

The Nanaimo City Council is generally INFESTED with Enviro-Lunatic-Activists.

According to Nanaimo's SUBVERSIVE advertisement —

NANAIMO's FALSE ALLEGATIONS CONCERNING HEALTH REASONS — *The health risks associated with using pesticides vary from mild irritation of the skin or eyes to cancer and nervous system disruption.* [ Wrong!]

If the City of Nanaimo is so concerned about HEALTH, then why is it recommending ILLEGAL, BOGUS, UNTESTED, DANGEROUS, and POTENTIALLY DEADLY GREEN ALTERNATIVES. (See next segment.)

NANAIMO's FALSE ALLEGATIONS CONCERNING CHILDREN — Pesticides pose distinctive risks to children as they absorb and metabolize compounds at different rates and in different ways. [?!?!]

If the City of Nanaimo is so concerned about CHILDREN, then why is it recommending ILLEGAL, BOGUS, UNTESTED, DANGEROUS, and POTENTIALLY DEADLY GREEN ALTERNATIVES. (See next segment.)

NANAIMO's FALSE ALLEGATIONS CONCERNING THE ENVIRONMENT — *Pesticides can pollute soil and groundwater, and can be carried into surface water by run-off.* [?!?!]

If the City of Nanaimo is so concerned about the ENVIRONMENT, then why is it recommending ILLEGAL, BOGUS, UNTESTED, DANGEROUS, and POTENTIALLY DEADLY GREEN ALTERNATIVES. (See next segment.)

NANAIMO'S ILLEGAL, BOGUS, UNTESTED, DANGEROUS, and POTENTIALLY DEADLY GREEN ALTERNATIVES TO CONVENTIONAL PEST CONTROL PRODUCTS —

Hot or Cayenne Pepper Spray [ Illegal Pest Control Concoction ]

Problem — For mites and other insects.

BOGUS and Illegal Concoction — Mix two tablespoons of hot pepper sauce or cayenne pepper with a few drops of liquid soap into a quart of water. Let stand overnight and spray the affected plants.

Gin and Vinegar Spray [ Illegal Pest Control Concoction ]

Problem — For small weeds.

BOGUS and Illegal Concoction — Mix 1 tsp gin, 1 tsp cider vinegar, 1 tsp liquid soap, and 1 litre of water. Spray the weeds on a sunny day.

Rubbing Alcohol Spray [ Illegal Pest Control Concoction ]

Problem — For other weeds.

BOGUS and Illegal Concoction — Mix 1 litre of water with 1 tbsp of rubbing alcohol and spray affected plants. Increase the alcohol content for stubborn weeds.

DISGRACEFUL, BIASED & SUBVERSIVE Enviro-Lunatic Advertising by Nanaimo

Nanaimo is the second largest city on Vancouver Island in British Columbia, Canada.

It has a population of almost 80,000.

It is the seat of the Regional District of Nanaimo.

Nanaimo has been dubbed the « *Bathtub Racing Capital of the World* » and « *Harbour City* ».

Nanaimo is also sometimes referred to as the « *Hub City* » because of its central location on Vancouver Island, and due to the layout of the downtown streets which form a « *hub* » pattern.

It is also fondly known as the « *Hub, Tub, and Pub City* » because of its association with the bathtub racing and the numerous « *watering holes* » in Old Nanaimo.

Nanaimo is also affectionately known as « *The Hub of Lunatic Environmental Terror on Van-couver Island* ».

The Nanaimo City Council is generally INFESTED with Enviro-Lunatic-Activists.

Some of the local newspapers, such as Nanaimo News Bulletin, are also CORRUPTED by lunatics.

The following Prohibition–Terrorist–Organizations operate in Nanaimo —

Canadian Cancer Society, Pesticide Abatement or Pesticide Action Nanaimo, and Pesticide Free BC.

In 2011, the City of Nanaimo IMPLEMENTED a NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products that are otherwise HEALTH-CANADA-APPROVED FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and TOTALLY-IRREPLACEABLE.

Two business owners are already predicting PROHIBITION WILL DAMAGE their business because Green Alternatives SIMPLY DO NOT WORK.

According to Blake Howe of Bumble Bee Lawn Care —

« I started out 100 per cent organic about five years ago, but because I was expected to bring home money, I switched to ( selective pesticide use ). »

« I was losing half my clients after a year or two when the weeds return. If there is a ban, I will have to change my business. »

Lunatic-Opponents of pest control products have CONCOCTED THE FALSE ARGUMENT that the chemicals are potentially harmful and therefore should be banned.

They further LIE about regulators refusing to remove the chemicals off the market because of the economic impact. [Wrong!]

In 2007, Non-Expert Paid-For-Profit Lying-Cancer-Enviro-Lunatic Nancy Falconer of the Contemptible and Radical Canadian-Cancer-Society introduced herself as a so-called  $\ll$  expert  $\gg$  to the City of Nanaimo.

Falconer was asked if she or the Canadian Cancer Society has heard of any LEGAL CHAL-LENGES arising from PROHIBITION.

Nancy Falconer explained that she had not heard of any legal challenges [?!?!], and had plenty of literature that suggests the success rate of PROHIBITIONS in other municipalities.

Falconer was a Lying-Sac-of-Lunatic-Cwap

Falconer knew full well that, in January 2010, the Green Space Industry outlined the list of CHARGES against the Government of Ontario and Enviro-Lunatic-Government-Officials working in the Ministry of the Environment.

Additionally, individual Enviro-Lunatic-Members of known Environmental-Terror-Organizations, such as Canadian-Cancer-Society, are also facing CHARGES of FRAUD under the Canadian Criminal Code.

Additionally, Nancy Falconer provided Nanaimo with research that showed that landscaping retailers located in areas with PROHIBITION had NOT SUFFERED ECONOMICALLY, due to the period of transition provided.

Yet again, Cancer-Vixen Falconer was a Lying-Sac-of-Lunatic-Cwap!

Falconer knew full well about the HORRENDOUS CARNAGE of LUNATIC-TERRORIST-PROHIBITION.

The NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products has RUINED Modern Professional Lawn Care companies across Canada!

Without conventional pest control products, there were NO other valid tools to combat weed or insect pests.

There were NO economical organic selective herbicides, and there was nothing that would kill just the weeds without injuring the surrounding turfgrasses.

One to two years after LUNATIC-TERRORIST-PROHIBITION, Modern Professional Lawn Care Companies had LOST FIFTY PER CENT of their clients when the weeds return.

PROVINCE OF QUEBEC — PROHIBITION had been particularly DEVASTATING to the Professional Lawn Care Industry in the Province of Quebec!

As a sad consequence of PROHIBITION imposed in the Province of Quebec by Environ-mental-Terror, OVER-SIXTY-PER-CENT of the Professional Lawn Care Industry was ANNI-HILATED!

PROVINCE OF ONTARIO — PROHIBITION also DESTROYED the Modern Professional Lawr Care Industry in the Province of Ontario!

THOUSANDS of HAPLESS VICTIMS have been UNEMPLOYED

The Ontario Professional Lawn Care Industry lost over FIVE-HUNDRED-MILLION-DOLLARS.

CITY OF HALIFAX — PROHIBITION was SEVERELY HARMED the Professional Lawn Care Industry in the City of Halifax, located in the Province of Nova Scotia!

In Halifax, Nova Scotia, because of PROHIBITION, REVENUES PLUMMETED BY FORTY-PER-CENT with most of the Professional Lawn Care companies, and it took them five years to « recover » from the hardship and losses!

Because of PROHIBITION, Halifax CUSTOMERS DISINTEGRATED BY FIFTY-PER-CENT, ever after a so-called « recovery » period of several years!

Paid-For-Profit-Lunatic-Lobbyists, like Cancer-Vixen Nancy Falconer, concoct FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES.

Cancer-Lunatics are LYING CHEATING and DECEIVING BASTERDS.

THEY CANNOT BE TRUSTED !

### Pest Control Products Act

### Pest Control Products Act

Selected and adapted excerpts

product in a way that endangers human health or safety or the environment.

### AUTHORIZATION TO USE UNREGISTERED PRODUCT

41. (1) The Minister may, in accordance with the regulations and subject to any conditions that the Minister may specify, authorize a person to use an unregistered pest control product for a specified purpose.

#### CONDITIONS

(2) The Minister shall authorize the use of a pest control product if the Minister considers that use of the product for the specified purpose in accordance with any conditions specified does not pose unacceptable health or environmental risks.

#### Suspension

(3) The Minister shall suspend an authorization if the Minister has reasonable grounds to believe that the conditions to which the authorization is subject have not been or will not be met or that the continuance of the authorization poses unacceptable health or environmental risks

#### Representations

(4) After suspending an authorization, the Minister shall give the authorized person a reasonable opportunity to make representations.

#### DECISION

(5) After considering any representations that may be made by the authorized person, the Minister shall reinstate, amend or cancel the authorization.

### OFFENCE AND PUNISHMENT

- (6) Every person who fails to comply with the conditions of an authorization issued under this section is quilty of an offence and liable ...
- (a) on summary conviction, to a fine of not more than \$200,000 or to imprisonment for a term of not more than six months, or to both;

or

(b) on conviction on indictment, to a fine of not more than \$500,000 or to imprisonment for a term of not more than three years, or to both.

### **Background Information About Health Canada**

In Canada, pest control products, or pesticides, are regulated by Health Canada under the Pest Control Products Act, and are among the most stringently regulated substances in Canada.

The Pest Management Regulatory Agency (PMRA) is the branch of Health Canada that administers the Act on behalf of the Minister of Health

Health Canada's Pest Management Regulatory Agency (PMRA) has the mandate to protect human health, safety and the environment by minimizing risks associated with pest control products, while providing Canadians with access to the pest management tools they require for agriculture, forestry, industry, and personal use.

In addition to conducting the pre-registration evaluation of pest control products for safety and effectiveness, the PMRA also monitors pest control product use through a series of education, compliance, and enforcement programs.

As part of this work, all registered pest control products are re-evaluated every 15 years, using the latest scientific methods to determine if they continue to meet Health Canada's health and environmental standards.

Health Canada employs over 350 scientists in the PMRA, including biologists, chemists, toxicologists, epidemiologists, plant pathologists, weed scientists and entomologists, who are dedicated to the evaluation of pest control products.

Under the authority of the Pest Control Products Act, Health Canada —

- registers pest control products after a stringent, science-based evaluation
- re-evaluates the pest control products currently on the market on a 15-year cycle to ensure the products meet current scientific standards
- promotes sustainable pest management
- promotes and ensures compliance with the Act
- works with provincial, territorial and federal departments in Canada to help refine and strengthen pest control product regulation
- works closely with several international organizations such as United States Environmental Protection Agency, North American Free Trade Agreement Technical Working Group, Organization for Economic Cooperation and Development, Codex and the United Nations Environment Programme.

## REGISTERED Pest control products are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERROR-TZF HARM and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing
there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the
NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED,
FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUN-DER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supersised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIF-TEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson. Outpeec.

Inday, Mr. Gathercole is the ONLY IRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vasi knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
