### Pesticides Off Limits

Tue, 2009-05-19 13:08.

#### Local News

Using pesticide on your garden, lawn or driveway in Kelowna will get you an unfriendly visit from the by-law officer.

It is now illegal to use chemical pesticides in Kelowna, unless you are a licensed professional.

As Environmental Technician Michelle Kam explains, the city isn't pouncing on offenders too hard, just yet.

"We really are doing an educational year, this year to really get people the message out there. And so we'll be working with residents to make sure they understand the by-law."

Kam says people seem to be getting the message - there's been just one complaint to city hall so far.
