Moved out the Upper Mission area in Kelowna because of excessive use of Trillion, a neuro and respiratory toxin!

Canadian Cancer Society has OFFICIALLY AND PUBLICLY STATED REPEATEDLY that scientific research DOES NOT PROVIDE A CONCLUSIVE LINK between pest control products and cancer, on the following dates • August 21st, 2008 • November 2nd, 2009 • March 8th, 2010 • June 9th, 2012 • January 29th, 2013 <http://wp.me/P1jq40-4qC> What is their problem? Why is Canadian Cancer Society WASTING EVERYBODY'S TIME on the issue of pest control products? Moreover, Canadian Cancer Society has NO CREDIBLE EXPERTISE. It is a FUND-RAISING, PROFIT-SEEKING, and LOBBYING organization, and it is NOT a science, research, or health organization. <http://wp.me/P1jq40-1OW> Health Canada, and NOT Canadian Cancer Society, has THE ESSENTIAL EXPERTISE on the subject of pest control products.
