TERRORIZE

Salmon Arm Businesses

SALMON ARM is a city in the Southern Interior of the Canadian Province of British Columbia, with a population of over 16,000.

The City Council of Salmon Arm is infested with Enviro-Lunatics, which include the following elected officials — **Martin Bootsma** (Mayor), **Debbie Cannon**, **Chad Eliason**, **Alan Harrison**, **Ivan Idzan**, and **Ken Jamieson**.

On March 1st, 2010, this Council-of-Enviro-Lunatics IMPLEMENTED a NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products used in the Urban Landscape, despite the fact that these products are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSIBLE.

There are three prominent Prohibition-Terrorist-Organizations that operate in Salmon Arm — REPUGNANT Canadian Association of Physicians for the Environment, CONTEMPTIBLE and RADICAL Canadian Cancer Society, and DISGRACEFUL, BIASED, and SUBVERSIVE LUNATIC-OPERATED Environmental Management Advisory Committee of the City of Salmon Arm.

Lunatic-Elected-Officials TERRORIZE Salmon Arm Businesses

Salmon Arm is also the home of **Warren Bell**, the Enviro-Lunatic Leader with Out-Of-Body Experiences who is affectionately known as « *Diing Dooong* » and « *Tinker Bell* ».

Bell co-founded REPUGNANT Canadian Association of Physicians for the Environment, a Prohibition-Terrorist-Organization.

In addition to his 165,000-dollar-per-year salary as administrator of a nearby hospital, Bell rakes in TENS OF THOUSANDS OF DOLLARS PER YEAR as a NON-REGISTERED and ILLEGAL LOBBYIST for CONTEMPTIBLE and RADICAL Canadian-Cancer-Society, and other Environmental-Terror-Organizations that CONSPIRE to PROHIBIT pest control products that are otherwise federally-legal, scientifically-safe, and totally-irreplaceable.

As a « *hired gun* », and NON-REGISTERED and ILLEGAL LOBBYIST, Bell is PAID-FOR-PROFIT as a so-called « *expert* » on the IMAGINARY DANGER of pest control products, despite the fact that he has NO recognized expertise, training, or background in this matter.

Overall, Bell's opinions concerning pest control products are TOTALLY VALUELESS and UTTERLY WORTHLESS.

Another « *hired gun* », Sherry Bowlby, was sought as a non-elected official for the DISGRACEFUL, BIASED, and SUBVERSIVE LUNATIC-OPERATED Environmental Management Advisory Committee of the City of Salmon Arm.

Bowlby is associated with the Canadian Mental Health Association, and is a Member of the Shuswap Naturalist Club.

Bowlby has NO recognized expertise, training, or background in matters concerning pest control products.

Bowlby's opinions concerning pest control products are TOTALLY VALUELESS and UTTERLY WORTHLESS.

Consequently, several people are strongly urging that the members of DISGRACEFUL, BIASED, and SUBVERSIVE LUNATIC-OPERATED Environmental Management Advisory Committee of the City of Salmon Arm, and other Enviro-Lunatic-Government-Officials, be included among the names of those who will eventually be charged with fraud and conspiracy.

Everyone is advised that all names, statements, activities, and affiliations have been archived for eventual criminal charges.

Across Canada, Government Officials are no longer readily jumping in favour of LUNATIC-TERRORIST-PROHIBITION.

Municipal Government Officials recognize that, as the local legal authority, municipalities have a duty to make decisions for the well-being of the community, but, with LUNATIC-TERRORIST-PROHIBITION, they nonetheless fail in their basic responsibilities.

As of 2009, the municipalities of Ontario have been stripped of their prohibition powers.

The municipalities clearly were not knowledgeable enough to enact LUNATIC-TERRORIST-PROHIBITION.

A municipality has an onus of responsibility to verify the JUNK SCIENCE information that serves as the basis for prohibition legislation.

So far, many municipalities have failed to base their legislative decisions on SOUND SCIENCE.

Unfortunately, many municipalities publicly have supported JUNK SCIENCE on their web sites and in public statements.

They have made themselves vulnerable to legal action launched by the Green Space Industry.

The CITY COUNCIL of Salmon Arm is INFESTED with Enviro-Lunatics-Elected-Officials who can barely walk, and talk, and chew gum, and make sound decisions, all at the same time — CHAD ELIASON, IVAN IDZAN, KEN JAMIESON, ALAN HARRISON, DEBBIE CANNON, KEVIN FLYNN (NOT a lunatic), MARTIN BOOTSMA (Lunatic-Mayor). These lunatics are TERRORIZING Professional Lawn Care businesses.

SALMON ARM OBSERVER

SELECTED AND ADAPTED EXCERPTS

Changes to SALMON ARM's LUNATIC-TERRORIST-PROHIBITION have local Professional Lawn Care and Landscaping companies CRYING UNFAIR.

On FEBRUARY 28TH, 2011, the City-Council-of-Enviro-Lunatics gave final reading to the recently AMENDED By-Law that includes a number of NEW and HYPOCRITICAL EXCEPTIONS.

Among these, City-Council-of-Enviro-Lunatics has given city staff the go-ahead to use pest control products to treat infestations, and on municipal infrastructure (hard-scapes that include sidewalks, roads and boulevards) when all other control methods have been exhausted.

This NEW and HYPROCRITICAL EXCEPTION is NOT surprising, in view of what was reported in the local media in 2009.

Salmon Arm Liable for Injuries Caused by LUNATIC-PROHIBITION

Small bugs seem to be creating big problems for some merchants in down-town SALMON ARM.

The SALMON ARM DOWNTOWN IMPROVEMENT ASSOCIATION [D.I.A.] has written to City-Council-of-Enviro-Lunatics, urging them to take « *aggressive action* » to rid the trees lining ALEXANDER STREET of APHID INFESTATIONS that occur on an ANNUAL BASIS.

Well now ! The Enviro-Lunatic-Elected-Officials forgot to consider the IMPORTANCE OF CONTROLLING APHIDS !

The JULY 10TH, 2009, letter from PRESIDENT ROB MARSHALL, on behalf of the D.I.A., refers to the SUGARY SECRETIONS OF APHIDS that are COATING SIDE-WALKS AND PARKED VEHICLES along ALEXANDER STREET.

The letter states the SECRETIONS will eventually ATTRACT AGGRESSIVE INSECT SPECIES such as HORNETS and WASPS.

The SECRETIONS will tend to make host trees BRITTLE, meaning BRANCHES WILL BREAK WHEN THE WIND BLOWS HARD.

City Officials studied MARSHALL's letter, as well as two other letters from downtown merchants, one which stated a shopper's shoe had stuck to the substance on the side-walk, resulting in a TWISTED ANKLE.

Here is food for thought !

Some poor hapless citizen SLIPS AND FALLS because of the SUGARY SECRETIONS OF APHIDS, or TRIPS on a WEED GROWING IN THE SIDE-WALK CRACKS.

The neck is broken and the body is paralyzed for life !

Why ?

Because of the DEPRAVED INDIFFERENCE of a group of Enviro-Lunatic-Elected-Officials that were WARNED well in advance !

City Officials attempted to control the APHID INFESTATIONS with the BOGUS Green Alternative involving the release of 5,500 lady-bugs.

Lady-Bugs as a Green Alternative were a DISMAL FAILURE.

The use of natural predators for outdoor pest control IS NOT A VALID AND EFFECTIVE METHOD of controlling aphids, and most other types of pests !

SALMON ARM may have just as well taken the tax-payers' money that it needlessly spent on Lady-Bugs, and flushed it down the toilet !

Mission Accomplished !

Another example of Enviro-Lunatic policies wasting the tax-payers' money !

Wouldn't be interesting to see SALMON ARM SUED FOR MILLIONS OF DOLLARS by some poor hapless citizen struck by a FALLING BRANCH because of CITY NEGLIGENCE, and because the city is run by Enviro-Lunatics-Elected-Officials with DEPRAVED INDIFFERENCE.

These same Enviro-Lunatics are TERRORIZING Professional Lawn Care businesses.

Moreover, Enviro-Lunatic-Elected-Officials REVISED their policies with a NEW and HYPROCITICAL EXCEPTION to use pest control products to treat infestations on municipal infra-structure.

To AL SCHNEIDER, the owner of GREEN VELVET LAWN & TREE CARE, this NEW and HYPROCITICAL EXCEPTION will only further weaken what is already a flawed LUNATIC-TERRORIST-PROHIBITION By-Law —

<< One of the things that bothers me the most about it, is if this By-Law was put in for the purpose of helping the environment, why wouldn't this apply to the City of Salmon Arm as it applies to us in the industry ? >>

<< If these [pest control products] are harmful for the environment, why can they now use them, and we, who have been trained for many years in the handling and use of the products, cannot ? >>

The answer is simple — the Enviro-Lunatic-Elected-Officials WANT to continue TERRORIZING Professional Lawn Care businesses by IMPOSING a NEED-LESS, SENSELESS, and MALICIOUS LIFE-STYLE CHOICE.

SALMON ARM EASY FEED owner FRANK RAKOW, and DEAN and GRACE EDWARDS of SALMON ARM PROPERTY MAINTENANCE, share SCHNEIDER's frustration with the By-Law, which they say will push property owners to take matters into their own hands and further exacerbate the problem.

According to AL SCHNEIDER of GREEN VELVET LAWN & TREE CARE —

<< By taking the products out of the hands of professionals and industry, homeowners, when they see they're getting a certain amount of weeds in their population ... they can go and buy the products themselves. >>

SCHNEIDER notes that while use of certain pest control products, such as ROUNDUP, which is banned under the by-law, home-owners can still be purchased locally by anyone.

<< They mishandle, they don't dispose properly, and who knows at what rates these products are being put down. You've made the problem worse by forcing a homeowner to use a product they don't know how to use. >>

Since MARCH 1ST, 2010, almost a year since the LUNATIC-TERRORIST-PROHIBITION has been in place, SCHNEIDER says he has been somewhat successful using organic products.

But when it comes to controlling weeds on turf and other hard-scapes, SCHNEIDER says THERE IS NOTHING PRESCRIBED IN THE BY-LAW THAT EFFECTIVELY GETS TO THE ROOT OF THE PROBLEM — FRANK RAKOW agrees.

LUNATIC-TERRORIST-PROHIBITION targets ONLY
the certified IPM applicators and NOT the LARGEST
user of pest control products — AGRICULTURE

DEAN EDWARDS also argues that pest control products banned under the LUNATIC-TERRORIST-PROHIBITION should be sold ONLY to those with certification.

EDWARDS notes the LUNATIC-TERRORIST-PROHIBITION appears to TARGET ONLY the certified IPM applicators, which amounts to about one per cent of the pest control products used in the area.

The MAJORITY of pest control products, he says, are used by AGRICULTURE.

According to FRANK RAKOW of SALMON ARM EASY FEED —

<< I sprayed [Green Alternative] Acetic Acid for the City of Salmon Arm last year. >>

<< We did an experimental case, we sprayed it, and it cost them, I would say, at least 30 TIMES AS MUCH MONEY AS WITH ROUNDUP ... and we were told that two weeks later, the weeds that we did spray were back growing again. >>

Overall, there are NO viable, efficacious, or economical Green Alternatives to replace conventional pest control products.

Lunatic-Elected-Officials Continue Terrorizing Businesses

SCHNEIDER, RAKOW, and THE EDWARDS SAY THEY WOULD LIKE THE CITY TO MAKE A SIMILAR exception for those people, like themselves, with Integrated Pest Management (IPM) certification, such as the By-Laws legislated in the cities of KAMLOOPS and KELOWNA.

According to DEAN EDWARDS of SALMON ARM PROPERTY MAINTENANCE —

<< It seems kind of odd, they allow you to spray it on your fruit and eat this product, but you're not allowed to spray it on your lawn. >>

<< I just don't know where they're going with it. >>

<< If it's okay to EAT this product, why isn't it okay to spray it on your lawn and walk on it ? >>

RAKOW, who has been using conventional pest control products for seventeen years, says he has NEVER seen ANY NEGATIVE HEALTH EFFECTS on his customers, their pets or his workers.

And, like THE EDWARDS and SCHNEIDER, he says he has yet to see any science that contradicts HEALTH CANADA's findings on chemicals like ROUNDUP.

<< We are professionals in our field, bottom line. I personally wouldn't do anything that I knew was unhealthy for people. I'm a strong believer in Health Canada, and they tell me the products I'm using are PERFECTLY SAFE. >>

<< Like I said before, if the doctors in this town, some of the VERY FEW that are so vocal, if they can prove to me through peer-reviewed studies that they are unsafe, I'll shut my business down. >>

Pest control products are **FEDERALLY LEGAL**, **SCIENTIFICALLY SAFE**, and **TOTALLY IRREPLACEABLE**

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY of GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
