

The Wisdom of a REAL Expert

Municipalities have Anti-Pesticide Nazis operating to enforce PESTICIDE BANS.

In Richmond, British Columbia, eagle-eyed Anti-Pesticide Nazis conduct BLITZKRIEGS on the streets, and hand out COMPLIANCE INSTRUCTIONS and HORRIFIC FINES to residents and Professional Lawn Care businesses.

Because of PESTICIDE BANS, the owners, employees, and families dependent on professional lawn care businesses have faced terror, despair and destitution.

PESTICIDE BANS result in CATASTROPHIC CARNAGE caused not only by HORRIFIC FINES, but also by BUSINESS FAILURES, GARBAGE DUMP GREEN SPACES, STUNNINGLY EXORBITANT COSTS, and even ILLNESS and DEATH.

Blitzkrieg

According to the report, eagle-eyed by-law officers conducted a BLITZKRIEG on the streets on Saturday, May 26th, 2012, and handed out « compliance instructions » to 27 residents and six landscaping firms, and fines were issued.

The fines are \$100 dollars for the first offence, \$500 dollars for the second, and \$1,000 dollars for the third.

Richmond's ANTI-PESTICIDE PROHIBITION applies to residential and city property, but excludes industries like farms, golf courses, and indoor extermination that use the very same ingredients as profes-

sional lawn care companies, as well as individual homeowners.

Although the use of pest control products is BANNED for so-called cosmetic reasons in Richmond, local retailers are still permitted to sell the chemicals.

Special Committee on Cosmetic Pesticides

Nonetheless, on May 17^{tn} , 2012, British Columbia's Special Committee on Cosmetic Pesticides stopped the trend towards needless, senseless and malicious prohibition.

The Special Committee announced that it would NOT RECOMMEND PROHIBITION against pest control products used in the urban landscape.

Canadian Consumer Specialty Products Association

Furthermore, a recent poll conducted by Canadian Consumer Specialty Products Association (CCSPA) con-firmed that the vast majority of residents in British Columbia are opposed to the prohibition of conventional pest control products, and they actually favor the continued use of these products around their homes and in public green spaces.

Carnage

PESTICIDE BANS result in CAT-ASTROPHIC CARNAGE caused by business failures, garbage dump green spaces, stunningly exorbitant costs, horrific fines, and even illness and death.

PESTICIDE BANS have inflicted carnage in jurisdictions such as Halifax Regional Municipality, and the Provinces of Québec and Ontario.

Because of PESTICIDE BANS, the owners, employees, and families dependent on professional lawn care businesses have faced terror, despair and destitution

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleggues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
