**Artificial/
Synthetic
Grass**

**Exorbitantly
Expensive
And
Dangerous**

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the Green Space Industry (NORAHG)

Summary

Exorbitantly Expensive And Dangerous Artificial/Synthetic Grass

With Anti-Pesticide PROHIBITION, it has become IMPOSSIBLE to maintain a NATURAL GRASS SPORTS FIELDS.

Consequently, NATURAL GRASS SPORTS FIELDS are being REPLACED by EXORBITANTLY EXPENSIVE AND DANGEROUS ARTIFICIAL/SYNTHETIC GRASS.

The REAL RISKS of ARTIFICIAL/SYNTHETIC GRASS have been overlooked in the UNSCIENTIFIC PANIC about pest control products.

When it comes to pest control products, Government Officials can learn a lot from the experience of those who have gone before — if the goal is to REDUCE REAL AND VERIFIABLE RISKS, promote a more natural environment, and encourage healthy activities — PROHIBITING pest control products SEEMS A STRANGE WAY TO GO ABOUT IT when switching to ARTIFICIAL/SYNTHETIC GRASS.

Artificial/Synthetic Grass

Stunningly Exorbitant Costs

While Anti-Pesticide PROHIBITIONS are frequently defended by advocates as a way to reduce unknown risks and promote a more natural environment, in fact THE OPPOSITE MAY BE TRUE.

In provinces like Ontario, Anti-Pesticide PROHIBITION has made it IMPOSSIBLE TO NURSE DAMAGED NATURAL GRASS SPORTS FIELDS BACK TO HEALTH.

It seems ironic that an Anti-Pesticide PROHIBITION meant to encourage a greener environment actually results in a GREATER PREVALENCE OF SPORTS FIELDS COMPOSED OF ARTIFICIAL/SYNTHETIC GRASS.

The number of ARTIFICIAL/SYNTHETIC SPORTS FIELDS in jurisdictions like Ontario has recently EXPLODED because of Anti-Pesticide PROHIBITION — from a mere handful a decade ago to over a hundred this year.

Because of Anti-Pesticide PROHIBITION ... SPORTS FIELDS composed of natural grass were/are on the PATH TO EXTINCTION, and are being replaced by ARTIFICIAL/SYNTHETIC GRASS.

With NO WAY TO SAVE NATURAL GRASS SPORTS FIELDS THAT BECOME INFESTED WITH WEEDS, the solution has been to SWITCH TO PLASTIC TURF.

ARTIFICIAL/SYNTHETIC GRASS COSTS MORE TO INSTALL, but delivers substantially more playing time.

Nonetheless, observers expect many more fields to go FROM REAL GRASS TO FAKE in the years to come, because of PROHIBITION.

Despite the advantages that favour the use of ARTIFICIAL/SYNTHETIC GRASS, there is a STUNNINGLY EXORBITANT COST OF 1-MILLION-DOLLAR UP-FRONT COST FOR SPORTS FIELDS.

Not to mention the issue of DISPOSAL OF ARTIFICIAL/SYNTHETIC GRASS once its life-span ends.

Artificial/Synthetic Grass

Real Risks And Dangers

There are REAL RISKS when using ARTIFICIAL/SYNTHETIC GRASS.

Here are examples —

- Exorbitant costs of installation.
- Heat effects leading to health risk since surface temperatures are much higher.
- Higher costs not considered for grooming, brooming, and repairs.
- Higher incidences of non-contact injuries.
- Increased abrasions that lead to infections.

- Potential environmental clean-up costs.
- Repeated disposal in landfills.
- Toxic chemical and toxin exposures on fields, and the risks to children.
- Toxic chemicals and toxins disbursed from field, such as zinc and other compounds, that can potentially run-off at levels that are above ground-water standards.

Artificial/Synthetic Grass

Stunningly Exorbitant Costs

The INSTALLATION/CONSTRUCTION of ARTIFICIAL/SYNTHETIC GRASS leads to STUNNINGLY EXORBITANT COSTS.

Here are examples —

- DELTA (Ladner, British Columbia) — Exorbitant Cost Of **\$400,000** Because Of The Installation Of Artificial Grass At Lawn Bowling Club.
- GUELPH (Ontario) — University Of Guelph — Exorbitant Cost Of **\$7,200,000** In Construction Because Of Installation Of Artificial Grass.

- KINGSTON (Ontario) — Exorbitant Cost Of **\$1,500,000** In Renovation Of Sports Fields & Artificial Turf — Prohibition Necessitates Re-Sodding Of Pesticide-Free Sports Fields Every Three Years.
- KITCHENER (Ontario) — Exorbitant Cost Of **\$5,000,000** In Construction Per Sports Field Because Of Installation Of Artificial Grass.
- TORONTO (Ontario) — University Of Toronto — Exorbitant Cost Of **\$9,500,000** In Construction Of Field Hockey Pitch Because Of Installation Of Artificial Grass.
- WATERLOO (Ontario) — Exorbitant Cost Of **\$4,900,000** In Construction Of Sports Fields Because Of Installation Of Artificial Grass.

See later segments for more details.

Artificial/Synthetic Grass

Real Risks And Dangers With Staph Infections

Experts have reported that NATURAL GRASS is not only a NATURAL FILTER, but also a MICRO-BIOLOGICAL SYSTEM that consumes any bodily fluids leaked, spat, or vomited onto it.

Not so with ARTIFICIAL/SYNTHETIC GRASS — in the absence of a cleansing downpour, what's on the grass stays on the grass.

There are REAL RISKS when using ARTIFICIAL/SYNTHETIC GRASS.

Here is an example —

In the State of Texas, a higher rate of STAPH INFECTIONS among high school students playing on sports fields — many times the national average — BECAUSE OF ARTIFICIAL/SYNTHETIC GRASS.

In 2007, footballer Boone Baker of Austin, Texas, ALMOST DIED from a DEADLY methicillin-resistant *Staphylococcus aureus* (MRSA) infection he picked up from his high school's DANGEROUSARTIFICIAL/SYNTHETIC GRASS.

Regular DISINFECTION of ARTIFICIAL/SYNTHETIC GRASS using industrial-strength chemical products is now a recommended maintenance procedure in all climates.

Examples Of The Installation/Construction Of Artificial/Synthetic Grass Leading To Stunningly Exorbitant Costs

STUNNINGLY EXORBITANT COST OF ARTIFICIAL/SYNTHETIC GRASS

DELTA (Ladner), City Of (British Columbia)

Lawn Bowling Club Goes FROM REAL GRASS TO FAKE

Cost Of \$400,000 For Construction

SUMMARY — DELTA, BRITISH COLUMBIA

The Lawn Bowling Industry, like the Golf Industry, has been granted EXCEPTION STATUS under most Anti-Pesticide jurisdictions.

Without the EXCEPTION STATUS, the Lawn Bowling Industry would find it FINANCIALLY CHALLENGING to continue operations since pests that are damaging to natural turfgrass cannot be controlled without conventional pest control products.

Not every Lawn Bowling Club has been so fortunate.

In Delta, British Columbia, the Ladner Lawn Bowling Club does NOT benefit from an EXCEPTION STATUS.

Ladner Lawn Bowling Club, one of the oldest in British Columbia and established in 1917, has been FORCED to replace its natural turfgrass surface with an artificial/synthetic/plastic one.

Town of Ladner is a part of the Municipality of Delta, British Columbia, and a suburb of Vancouver, with a population of less than 20,000.

At the Ladner Lawn Bowling Club, crews have prepared the surface for a new artificial bowling green, and the work is expected to be completed by early June 2012.

The work was started in early April 2012 to dig up the hallowed natural turfgrass and to begin preparing the site for the specially designed PLASTIC CARPET that is being imported from a British manufacturer.

The cost ...

\$400,000 !

WHO CAN AFFORD THIS #@!!% NONSENSE ?!?!

The decision for the conversion was made two years ago when the 110 or so members voted two-thirds in favour of the artificial grass.

According to the club president, Anti-Pesticide PROHIBITION, plus the annual cost of maintaining the natural turfgrass — about **\$10,000** per year — helped tip the scales.

In 2009, the City of Delta IMPOSED a « *by-law to regulate the use of pesticides for cosmetic purposes* ».

But, unlike most other jurisdictions, the City of Delta DID NOT provide an EXCEPTION STATUS for Ladner Lawn Bowling Club.

Consequently, Ladner Lawn Bowling Club, which owns the property, raised funds over the past four years, and is close to reaching the required total.

Unfortunately, it will cost Ladner Lawn Bowling Club a lot more than 10,000 dollars per year to maintain its artificial/synthetic/plastic grass with practices such as DISINFECTION using industrial-strength chemical products.

Will City of Delta insist that even Golf Facilities within its jurisdiction also convert to synthetic grass ?!?!

What will be the cost of converting 18 natural putting greens to synthetic ?

\$5,000,000 ?

\$10,000,000 ?

WHO CAN AFFORD THIS #@!!% NONSENSE !?!!

REPORT — DELTA, BRITISH COLUMBIA

Before
Banning
Pesticides**

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the 'Green Space Industry' (NORAHG)

Government Officials Are Thinking Twice Before Banning Pesticides

AVOIDING The CARNAGE Of PROHIBITION

Across North America, Government Officials ARE NO LONGER AS EASILY MIS-INFORMED AND COERCED into agreeing with Anti-Pesticide Activists, and are NO LONGER INCLINED to legislate PROHIBITION.

Government Officials are THINKING TWICE BEFORE BANNING PESTICIDES.

Government Officials have observed that the basis for PROHIBITION has been CONFUSING AND INCONSISTENT.

Government Officials have seen that PROHIBITION is based upon IDEOLOGICAL, POLITICALLY-MOTIVATED DECISIONS, and have PLAYED ON PEOPLE'S FEARS and LACK OF SCIENTIFIC KNOWLEDGE.

Government Officials now recognize that PROHIBITIONS are NOT BASED ON SCIENCE, but on a POLITICAL AGENDA.

Moreover, Government Officials now understand that PROHIBITING pest control products is NOT beneficial for businesses operating in the Professional Lawn Care Industry.

Government Officials now realize that NOT A SINGLE Anti-Pesticide Activist has ANY recognized expertise, training or background in matters concerning pest control products.

Government Officials ARE THINKING TWICE BEFORE Banning Pesticides for the following reasons —

Without pest control products, TURF AND ORNAMENTAL PESTS ARE NOT CONTROLLED.

Without pest control products, COMMUNITIES LIVE IN PEST-INFESTED GARBAGE DUMPS.

Without pest control products, CHILDREN ARE NOT KEPT SAFE FROM DANGEROUS PLAYING SURFACES.

Without pest control products, MUNICIPALITIES CANNOT AFFORD TO MAINTAIN THEIR GREENS SPACES IN BEAUTIFUL AND SAFE CONDITION.

Without pest control products, BUSINESSES OPERATING IN THE PROFESSIONAL LAWN CARE INDUSTRY ARE DESTROYED.

Without pest control products, GOVERNMENT OFFICIALS ARE LIABLE FOR CHILDREN BEING HURT ON DANGEROUS PEST-INFESTED PLAYING SURFACES.

Without pest control products, GOVERNMENT OFFICIALS ARE LIABLE FOR DEATHS CAUSED BY UNCONTROLLED TOXIC NOXIOUS WEEDS.

Without pest control products, GOVERNMENT OFFICIALS ARE LIABLE FOR LOSSES INFLICTED UPON BUSINESSES OPERATING IN THE PROFESSIONAL LAWN CARE INDUSTRY.

Without pest control products, NATURAL GRASS SPORTS FIELDS are being REPLACED by EXORBITANTLY EXPENSIVE AND DANGEROUS ARTIFICIAL/SYNTHETIC GRASS.

Pesticide
Bans**

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the 'Green Space Industry' (NORAHG)

NO ONE WANTS THIS #@!!% BAN NONSENSE !

Real Trends Against Pesticide Bans

It is IMPOSSIBLE for home-owners or professionals to keep their properties beautiful by using so-called organic pesticide-free maintenance Practices.

Without conventional pest control products, PLAYING SURFACES BECOME THIN AND YELLOW, and OVER-RUN WITH WEEDS AND INFESTED WITH INSECTS, resulting in the DISMAL DESTRUCTION of safe turf playing surfaces and turning them into GARBAGE DUMPS. <http://wp.me/P1jq40-44g> <http://wp.me/P1jq40-4z3>

WHO WANTS TO LIVE IN #@!!% PEST-INFESTED GARBAGE DUMPS just because a small group of activists seek to impose ARBITRARY pesticide bans ?!?!

Can municipalities and home-owners afford the hardship and cost of this #@!!% PESTICIDE BAN NONSENSE ?!?!

NO !

Organic Pesticide-Free Maintenance is promoted by enviro-vermin with UNVERIFIABLE SUCCESS STORIES !

It is a DISMAL FAILURE ! <http://wp.me/p1jq40-3yl>

Green Alternative Pesticides, as well as Organic Fertilizers, are often owned and distributed by the very same enviro-vermin who conspire to impose anti-pesticide prohibition.

The question of Anti-Pesticide PROHIBITION revolves less around health and environment concerns, and more around the sale of products and services that are sold at STUNNINGLY EXORBITANT COSTS.

When it comes to PESTICIDE BANS, government officials are THINKING TWICE ABOUT BANNING PESTICIDES by looking at the experience of those

jurisdictions that have suffered the HARSHIP AND STUNNINGLY EXORBITANT COSTS OF THIS #@!!% NONSENSE ! <http://wp.me/p1jq40-5x1> <http://wp.me/P1jq40-43V>

In fact, THERE ARE REAL TRENDS AGAINST PESTICIDE BANS.

The following jurisdictions STOPPED or RESCINDED or LIMITED or OPPOSED Anti-Pesticide PROHIBITION, or granted professional lawn care businesses with an EXCEPTION STATUS ...

- Alberta (Province) • Altona (Manitoba) • Ashland (Oregon)
 - Beaumont (Alberta) • Belleville (Ontario) • British Columbia (Province)
 - Calgary (Alberta) • Campbell River (British Columbia)
 - Chicago (Illinois) • Durango (Colorado) • Edmonton (Alberta)
 - Everett (Washington) • Guelph (Ontario) • Guelph-Eramosa (Ontario)
 - Kamloops (British Columbia) • Kelowna (British Columbia)
 - Merritt (British Columbia) • New Brunswick (Province)
 - Newfoundland & Labrador (Province) • Ogunquit (Maine)
 - Port Alberni (British Columbia) • Portage La Prairie (Manitoba)
 - Quebec (Prohibition Invalidated When Lawsuit Defeated Ban)
 - Regina (Saskatchewan) • Rossland (British Columbia)
 - Salmon Arm (British Columbia) • Scarborough (Maine) • Saint John's (Newfoundland & Labrador)
 - Steinbach (Manitoba)
 - Stuartburn (Manitoba) • Vernon (British Columbia) • Winkler (Manitoba).
- <http://wp.me/P1jq40-1JO>

THE TRENDS AGAINST PESTICIDE BANS CONTINUE.

NO ONE CAN AFFORD THIS #@!!% NONSENSE !

<http://pesticidetruths.com/>

Communities and businesses are being HARMED and DESTROYED and RAPED by LUNATICS who ARBITRARILY AND RECKLESSLY IMPOSE PROHIBITIONS against pest control products used in the Urban Landscape, and by other ACTS OF ENVIRONMENTAL TERRORISM.

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is perpetrated EVERY SINGLE DAY by LUNATICS.

A LUNATIC is a person whose actions and manner are marked by extreme recklessness.

The RECKLESS ACTS OF SUBVERSION by these LUNATICS has led to the ARBITRARY IMPOSITION of Anti-Pesticide PROHIBITION in several jurisdictions throughout North America.

The result was CATASTROPHIC CARNAGE !

Because of Anti-Pesticide PROHIBITION, provinces like Ontario now have a TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED and THOUSANDS OF PEOPLE OUT OF WORK, a MORE DANGEROUS OUTDOOR ENVIRONMENT, and a BLACK MARKET IN PESTICIDES.

Only TRUE LUNATICS would wish to create a TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED and THOUSANDS OF PEOPLE OUT OF WORK.

Because of these LUNATICS, we are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

An informed public is better able to protect itself and its communities and businesses from so-called activists (a.k.a. LUNATICS) who are THE LEAST QUALIFIED TO PROVIDE ANY ADVICE about pest control products or the environment.

NORAHG is the National Organization Responding Against HUJE that seek to harm theGreen space industry, and the well-being of our communities.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to LUNATICS and their Anti Pesticide PROHIBITIONS, resulting in the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT CONCOCTED BY LUNATICS of somehow « *saving* » the environment.

<http://wp.me/P1jq40-2bo>

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting PESTICIDE FREE FAILURES, as well as the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

<http://wp.me/p1jq40-5DD>

NORAHG responds on behalf of the VAST SILENT MAJORITY of the public that DOES NOT WANT PESTICIDE BANS, and SUPPORT those who work in the Professional Lawn Care Industry, the Golf Industry, and the Agriculture Industry.

<http://wp.me/P1jq40-2bo>

NORAHG is opposed to PESTICIDE FREE jurisdictions where LUNATICS have DOOMED CHILDREN to SUFFER INJURIES since Anti-Pesticide PROHIBITION inevitably leads to public and residential green spaces that become DANGEROUS AND PEST-INFESTED GARBAGE DUMPS.

<http://wp.me/P1jq40-44g>

<http://wp.me/P1jq40-4z3>

<http://wp.me/p1jq40-7C4>

NORAHG is concerned that, because of PESTICIDE FREE MAINTENANCE of parks and sports fields, CHILDREN ARE AT HIGHER RISK OF SUFFERING INJURIES with the creation of HAZARDOUS SLIPPING AND TRIPPING CONDITIONS.

<http://wp.me/P1jq40-2ha>

NORAHG pledges to deliver comprehensive reports that are worthy of peoples' time and of peoples' concern, reports that might ordinarily never have breached the parapet.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Force Of Nature was launched by NORAHG for CONTINUOUS transmission on the Internet on January 1st, 2009 — however, the VERY FIRST Stand-Alone FORCE OF NATURE Report was issued on September 19th, 2008.

On March 15th, 2010, Uncle Adolph independently launched The Pesticide Truths, an easy-to-use Web-Site that collects relevant reports of information right-off-the-press.

<http://pesticidetruths.com/>

Pesticide Truths and Force Of Nature, in some ways, are like Google for everything concerning the SUBVERSIVE ACTIVITIES of Anti-Pesticide and Enviro-Lunatic Terrorists.
