THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

We are living in the 9/11 Era of Environmental Terror !

I rise to speak on behalf of all New Democrats on our motion to ban the use of pesticides used for cosmetic purposes in private homes and public spaces. A motion that I'm pleased to have rest in my name.

Mr. Speaker, in back yards and school yards, parks, gardens and green spaces across Canada a toxic cocktail of cancer causing chemicals are being used to kill weeds, and pests. [Wrong !]

These chemicals are seeping into our soil, leaching into the water we drink, being absorbed by our homes, harming our bodies and claiming the lives of our children. [Wrong !]

It is time to take concrete action to ban the use of these unnecessary cosmetic pesticides. [Wrong !]

New Democratic Party (NDP) is one of three opposition parties in Canada.

The Enviro-Lunatic-Leader of the federal NDP is Jack Layton.

New Democratic Party is the POLITICAL SHIELD for PROHIBITION-TERRORIST-ORGANIZATIONS like Canadian-Cancer-Society.

If successfully elected, New-Democrat-Lunatics WILL CONSPIRE TO IMPOSE NATIONAL-PROHIBITION on ALL pest control products.

Giving New-Democrat-Lunatics ANY political power will lead to the NATIONAL-EXTERMINATION of the Modern Green Space Industry.

New Democratic Party and other Prohibition-Terrorist-Organizations have already EXTERMINATED the PROFESSIONAL LAWN CARE INDUSTRY in several jurisdictions across Canada.

New-Democrat-Lunatics have been responsible for INFLICTING TERROR, DESPAIR, and DESTITUTION on THOUSANDS of people throughout the Professional Lawn Care Industry — and they will CONTINUE TO EXTERMINATE the rest of the Green Space Industry.

Giving New-Democrat-Lunatics ANY political power will lead to further LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT.

Giving New-Democrat-Lunatics ANY political power will lead to LUNATIC-PROHIBITIONS against FERTILIZERS ... and then GOLF INDUSTRY ... and then NURSERY PRODUCTION ... and then AGRICULTURE ... and then NATIONAL-PROHIBITION OF ALL PEST CONTROL PRODUCTS AND FERTILIZERS !

Jack Layton's lunatic speech on national
ban on the use of cancer-causing pesticides

New Democratic Party of Canada
(the third federal opposition party)

I rise to speak on behalf of all New Democrats on our motion to ban the use of pesticides used for cosmetic purposes in private homes and public spaces.

A motion that I'm pleased to have rest in my name.

In so doing I'd like to recognise the important work being done on this issue by our members for Winnipeg Centre, Skeena-Bulkley Valley and Victoria.

Mr. Speaker, only five countries in the world use more pesticides per capita than Canada.

This is an issue that impacts our environment, and it's an issue that impacts the very health of Canadians. [?!?!]

That's why New Democrats are calling on Parliamentarians from all parties to support this motion and take a positive step forward together.

Mr. Speaker, in back yards and school yards, parks, gardens and green spaces across Canada a TOXIC COCKTAIL OF CANCER causing chemicals are being used to kill weeds, and pests. [Wrong !]

While these carcinogens are very effective at keeping our yards and public spaces looking green, they are far from being green.

Pesticides that in many cases may have life altering implications not just in the near term, but decades down the road, such as immune system damage, reproductive damage, skeletal abnormalities, skin damage, and cancer. [Wrong !]

As the Canadian-Cancer-Society has said, and I quote –

« Since the ornamental use of pesticides has no countervailing health benefit and has the potential to cause harm, we call for a ban on the use of pesticides on lawns and gardens. » [Wrong !]

So Mr. Speaker, why does the federal government continue to allow these cancer-causing [sic] pesticides to be used ? [?!?!]

These chemicals are seeping into our soil, leaching into the water we drink, being absorbed by our homes, harming our bodies and claiming the lives of our CHILDREN. [Wrong !]

Mr. Speaker, only yesterday, we watched as a warehouse fire broke out near the village of Debden, Saskatchewan.

Lunatic Terrorist Prohibition of Pest Control Products

The fire burned pesticides, and placed hundreds of school children at potential health risk.

This dramatic example shows the importance not only of safe pesticide storage, but the threat such chemicals pose. [?!?!]

Mr. Speaker, the wait and see attitude of past governments puts more and more Canadians at risk. [?!?!]

The science is in, enough time has been wasted ... it is incumbent upon us as Parliamentarians, to do what is right for our communities, the families we represent, the people who rely on us to be their voice in this place.

It is time to take concrete action to ban the use of these unnecessary cosmetic pesticides. [Wrong !]

That's why New Democrats are moving this motion.

That's why we're calling on the pesticide manufacturers to prove that their products are safe before they can be marketed to the Canadian public. [?!?!]

Just as the government oversees and regulates the use of drugs, the use of pesticides must be held to similar government oversight. [?!?!]

By reversing the onus of proof, with proper scientific and government oversight we will move Canada forward toward a greener, cleaner, future that is healthier for our CHILDREN and grandchildren. [Wrong !]

*P*est control products are stringently regulated in Canada.

*S*pecial attention is also given to the unique exposures and physiological characteristics of children, ensuring that factors such as their unique behaviours, different diets and lower body weights are considered.

*W*hen a registered product is used according to label directions and when good hygiene practices are followed, exposure will usually be minimal and pose no risk.

Health Canada
May 16th, 2008

IN CANADA, PEST CONTROL PRODUCTS, OR PESTICIDES, ARE REGULATED BY HEALTH CANADA UNDER THE PEST CONTROL PRODUCTS ACT, AND ARE AMONG THE MOST STRINGENTLY REGULATED SUBSTANCES IN CANADA.

THE PEST MANAGEMENT REGULATORY AGENCY (PMRA) IS THE BRANCH OF HEALTH CANADA THAT ADMINISTERS THE ACT ON BEHALF OF THE MINISTER OF HEALTH.

THE PRIMARY OBJECTIVE OF THE PMRA IS TO PREVENT UNACCEPTABLE RISKS TO PEOPLE AND THE ENVIRONMENT FROM THE USE OF PEST CONTROL PRODUCTS.

Layton LIES and LIES and LIES and LIES Here's why ...

How are the health risks from pest control product use assessed, including risks to children ?

Pest control products are **STRINGENTLY REGULATED** in Canada.

Before a product is registered for use, it must undergo a **COMPREHENSIVE AND RIGOROUS SCIENTIFIC ASSESSMENT**, including the results of epidemiology and toxicity studies.

If the assessment does not indicate that a product can be used safely, it is not registered for use in Canada.

Pest control products undergoing re-evaluation must meet that same standards.

The human health risk assessment looks for the short- and long-term potential of a pest control product to cause adverse health effects such as cancer, birth defects and endocrine disruption.

Layton LIES and LIES and LIES and LIES

Here's why ...

A broad range of toxicity studies are examined, which must be conducted following STRICT METHODOLOGIES.

Dose levels that cause an effect in laboratory animals as well as the dose where no effect is observed are noted.

The dose where there is NO EFFECT is then compared to levels that people may be exposed to, in order to determine how far apart these numbers are – the larger the difference (i.e., the farther apart the numbers are), the better in terms of ensuring that RISK IS MINIMAL.

ALL sources and routes (oral, dermal, inhalation) of potential exposure are assessed, including exposure from the diet and drinking water and from contact with treated areas like lawns and gardens.

As well, occupational exposures, both during and after pest control product application, are considered.

Because some population groups may be more susceptible to potential effects of pest control products, the assessment ensures that the most sensitive sub-populations, like CHILDREN and PREGNANT WOMEN, are protected.

Special attention is also given to the unique exposures and physiological characteristics of children, ensuring that factors such as their unique behaviours, different diets and lower body weights are considered.

Pest control products are only registered if there is a wide enough margin of safety between what people are exposed to and the dose that causes no effects according to scientific research.

Normally this margin is 100 TO 1,000-FOLD.

When a registered product is used according to label directions and when good hygiene practices are followed, EXPOSURE WILL USUALLY BE MINIMAL AND POSE NO RISK.

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
