

The Enviro-Pepper-Spray !

Pepper Spray Ring Designed for the Green Space Industry

The Environmentally-Friendly Way of Repelling Enviro-Maniac-Vermin !

With the infestation of Enviro-Maniacs in our society, we are now NOT ONLY living in THE ERA OF 9/11 FOR THE GREEN SPACE INDUSTRY, we are also witnessing THE SIEGE OF ENVIRO-TERRORISM.

Enviro-Maniac-Activists, who are often unable to control their impulses, HARASS, INTIMIDATE and TERRORIZE legitimate businesses and innocent people in the Green Space Industry. They often HARASS employees with mock-demands to stop performing applications. They like to lie down in front of vehicles, and create media spectacles with mock-outbursts of blood-curdling screaming and yelling. They VANDALIZE buildings, and THREATEN employees. What can be done until the police take these WACK-JOBS to jail or the loony bin ? ☺

The PEPPER SPRAY RING provides 2 to 3 one second bursts of concentrated pepper spray, and has an effective range of 12-inches. Just press the small button on the side to spray. The ring's spray has a heat rating of 2 million SHU — causing inflammation of the eye capillaries and all other mucous membranes, resulting in immediate temporary visual impairment, difficult breathing, coughing, choking, sneezing, and nausea, with acute symptoms and discomfort lasting for 45 minutes.

Testimonial from the Green Space Industry :

<< *I love this Pepper Spray Ring. When enviro-maniacs come to make trouble at my lawn care business, we just spray 'em. It's fun just to hear 'em choking, coughing, sneezing, snorting, and throwing up !* >> ☺
