San Francisco Mayor, Ed Lee, VETOED legislation to transform Sharp Park Golf Course into national park property.

The prospect of turning the Sharp Park Golf Course into national park property is dead for now.

On December 19<sup>th</sup>, 2011, Mayor Ed Lee VETOED legislation that opened the door for the links to come under the tutelage of federal managers.

The 400-acre course in Pacifica is in San Mateo County, but it is managed by the City of San Francisco.

A sweeping ENVIRONMENTAL TERRORIST EFFORT to return the seaside golf course to its natural state was prompted by concerns over the dwindling populations of Red-Legged Frogs and San Francisco Garter Snakes.

The Board of Supervisors passed legislation by a 6 – 5 vote earlier this month that would have allowed the City of San Francisco's Recreation and Park Department to open a dialogue with Golden Gate National Recreation Area officials on a long-term management strategy.

It takes eight votes to overturn a veto.

Since it is the only consolidated city-county in California, San Francisco is the only California city with a Mayor who is also the County Executive, and a County Board of Supervisors that also acts as the City Council.

Mayor Lee said, after discussing the matter with Rep. Jackie Speier, he is SKEPTICAL that any federal money would be available to transform golf courses into parkland.

Mayor Lee said a new partnership with the federal agency would disturb current studies being done by the Recreation and Park Department, which is working to restore 19 acres of habitat while devising a long-term management strategy with San Mateo County officials.

According to Mayor Lee in the veto letter to Supervisors —

<< I believe in striving for an equilibrium between environmental and recreational needs. >>

Supervisor John Avalos, the legislation's sponsor, noted that the law would have allowed the national park status as only one in a slew of possibilities to fix problems at the golf course, which he said « has been a financial and environmental liability ».

Mayor Lee's veto is his second since he took office in January and his first since being elected in November to a full four-year term.

MEDIA RELEASE — NORAHG Responds to the SIEGE OF ENVIRONMENTAL TERROR Against Sharp Park Golf Course, San Francisco, California.

The Mayor of San Francisco, Hon. Ed Lee, must be CONGRATULATED for SAVING Sharp Park Golf Course on December 19th, 2011.

The Five San Francisco Supervisors (i.e. City Councillors) who supported the Mayor must also be CONGRATULATED.

And the Mayor and Supervisors of San Mateo County have also EARNED OUR THANKS.

This golf facility has been under a SIEGE OF ENVIRONMENTAL TERROR under the PRETEXT of somehow protecting obscure and insignificant species.

In fact, Sharp Park Golf Course is NOT harming ANY animal species.

Not surprisingly, Enviro-Lunatics DESPISE the Game of Golf.

Anti-Golf Organizations like National Parks Conservation Association and Wild Equity Institute have TERRORIZED the City of San Francisco for years over the future of Sharp Park Golf Course.

The golf facility MAY STILL BE CLOSED because of their RELENTLESS AND UNCEASING LIES and MIS-INFORMATION.

The habitat that Enviro-Lunatics are trying to « recover » was originally created when the golf course was built along with a sea wall, isolating the Laguna Sal from ocean waves.

IF the golf course had NEVER BEEN BUILT, there would be no habitat for the endangered species.

Anti-Golf Enviro-Lunatics seek the DESTRUCTION of the Golf Industry.

These terrorists ATTACK the Golf Industry under the PRETEXT of ALLEGED ill-effects on the habitats of obscure and insignificant species like Garter Snakes and Tadpoles.

They also FALSELY ALLEGE that pest control products used by Golf Facilities are somehow detrimental to health and environment.

Anti-Golf Enviro-Lunatics are forcing society to live in the DARK AGE OF ANTI PESTICIDE ENVIRONMENTAL TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

The Golf Industry Should Tell Anti-Golf Activists to Get OFF Our grASS and Roast In Hell.
