Honey Can Kill Children – Bee-Keepers Are Uneducated And Incompetent – Their False Allegations Against Insecticides Serve As A Mere Ploy To Attract Compensation – 2013 08 26

© August 26, 2013 (<http://pesticidetruths.com/2013/08/26/honey-can-kill-children-bee-keepers-are-uneducated-and-incompetent-their-false-allegations-against-insecticides-serve-as-a-mere-ploy-to-attract-compensation-2013-08-26/>)  WILLIAM H. GATHERCOLE AND NORAH G

Depraved Indifference Of Bee Men

It is inconceivable
how these bee-keeper
clowns think a few
dead kids from honey
infected botulism
is no big deal

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

(<http://pesticidetruths.com/wp-content/uploads/2013/08/Myth-BUSTING-Bees-Botulism-5.png>)

In their usual method of arriving at SCIENTIFICALLY ILLITERATE CONCLUSIONS, Bee-Keepers have somehow CONCOCTED THE IMAGINARY DANGER that Neonicotinoid Insecticides was the reason for Bee Colony Collapse Disorder.

Of course, this is a MYTH !

It is a PLOY to attract ENVIRO-PROFIT in the form of ILLEGITIMATE COMPENSATION.

It is also a PLOY to DISTRACT the public and Government Officials from the REAL PROBLEMS OF BEE-KEEPERS, such as BOTULISM.

BOTULISM-infected HONEY products can kill infants.

BOTULISM is a paralytic illness that can be fatal.

Food-borne BOTULISM is an intoxication caused by consuming HONEY contaminated with the BOTULINUM TOXIN.

Honey is the ONLY KNOWN DIETARY RESERVOIR OF BOTULISM SPORES LINKED TO INFANT BOTULISM.

HONEY IS A DANGER TO CHILDREN UNDER 1 YEAR OLD !

HONEY CAN KILL CHILDREN !

Health Canada has released a report informing the public about the DANGERS OF HONEY and what to do to protect children from BOTULISM.

PESTICIDE TRUTHS — BEE COLONY COLLAPSE DISORDER — 2013 08 23 — THE DANGERS OF HONEY — HONEY IS THE ONLY FOOD THAT HAS BEEN PROVEN TO BE LINKED TO INFANT BOTULISM — PROTECTING CHILDREN FROM BOTULISM — HEALTH CANADA (Report)

<http://pesticidetruths.com/2013/08/23/health-canada-botulism-in-honey-can-kill-activist-tibor-szabo-ignores-precautionary-principle-for-profit-ontario-bee-working-group-bee-bulletins/> (http://pesticidetruths.com/2013/08/23/health-canada-botulism-in-honey-can-kill-activist-tibor-szabo-ignores-precautionary-principle-for-profit-ontario-bee-working-group-bee-bulletins/)

With DEPRAVED INDIFFERENCE TOWARDS CHILDREN, Bee-Keepers REACTED NEGATIVELY to the Health Canada report.

Bee-Keepers COULD NOT CARE LESS ABOUT THE RISKS TO CHILDREN since they are MORE INTERESTED IN PROFITS FROM THE SALE OF HONEY.

What about Neonicotinoid Insecticides ?

Bee-Keepers ALLEGE, with NO SCIENTIFIC PROOF, that Neonicotinoid Insecticides used by the Agriculture Industry somehow cause Bee Colony Collapse Disorder.

If it is SAFE to eat BOTULISM-infected HONEY, then it is SAFE to raise honey-bees near farms using Neonicotinoid Insecticides.

Bee-Keepers are perpetuating a MYTH !

In fact, when used properly by the Agriculture Industry, with Best Management Practices, Neonicotinoid Insecticides CAUSE NO HARM, and DO NOT HURT BEES.

There is NO EVIDENCE to suggest a link between Neonicotinoid Insecticides and Bee Colony Collapse Disorder.

However, FALSE ALLEGATIONS by Bee-Keepers against Neonicotinoid Insecticides serve three purposes.

1. It is a PLOY to attract ENVIRO-PROFIT in the form of ILLEGITIMATE COMPENSATION FOR BEE LOSSES. (In fact, Bee-Keepers are already insured this eventuality.)
2. It provides a DISTRACTION from the REAL PROBLEMS OF BEE-KEEPERS, such as BOTULISM, ILLEGAL USE OF PRODUCTS, and BEE RUSTLING. (In fact, these issues DAMAGE THE CREDILITY of Bee-Keepers and their statements against Neonicotinoid Insecticides.)
3. It serves as REVENGE AGAINST HEALTH CANADA for having released its report regarding the SCIENTIFIC LINK TO BOTULISM AND HONEY.

Bee Colony Collapse Disorder is the FAULT of Bee-Keepers and their MIS-MANAGEMENT PRACTICES.

Bee-Keepers fail to admit that there are only an INFINITESIMALLY SMALL OF BEE LOSSES are actually caused by Neonicotinoid Insecticides.

Nevertheless, Bee-Keepers SEEK TO DESTROY EVERYONE ELSE'S LIVES IN THE AGRICULTURE INDUSTRY because they cannot control the loss of their bees, and therefore, a decline in their profits.

They want to DESTROY the Agriculture Industry.

Which, coincidentally, is an AVOWED OBJECTIVE of their MAJOR FINANCIAL SUPPORTERS IN THE ECO-TERRORIST NETWORK, such as Sierra Club and Environmental Defence and Canadian Association Of Physicians For The Environment.

Fear Mongering Fact-Less Bee Men

Bee-keepers want to
destroy everyone
else's lives because
they cannot control
the loss of their bees,
and therefore, a
decline in their profits

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

(<http://pesticidetruths.com/wp-content/uploads/2013/08/Myth-BUSTING-Bees-Botulism-6.png>)

Bee-Keepers appear to be UNABLE OR UNWILLING TO GET THEIR MAJOR PEST PROBLEMS UNDER CONTROL, such as Varroa mites.

Some observers have concluded that Bee-Keepers may NOT BE COMPETENT to handle their businesses, and are WHOLLY UNSUITED to be raising bees.

Bee-Keepers ALLEGE the BANNING Neonicotinoid Insecticides will somehow bring their bees back.

This is FALSE !

Overall, Bee-Keepers are UNEDUCATED AND INCOMPETENT, and HAVE ABSOLUTELY NO EDUCATIONAL BACKGROUND WHATSOEVER.

Bee-Keepers KNOW ALMOST NOTHING ABOUT PEST CONTROL PRODUCTS, and KNOW ABSOLUTELY NOTHING ABOUT NEONICOTINOID INSECTICIDES.

If they had not somehow received loans and grants to start up their Bee-Keeping Businesses, they would otherwise be BEGGING FOR FOOD ON STREET CORNERS.

They have NO OTHER JOB SKILLS, and they are rapidly becoming an UNNECESSARY BURDEN TO SOCIETY.

The fact that BEE DEATHS are occurring is a TESTAMENT to the fact that Bee-Keepers DO NOT KNOW WHAT THEY ARE DOING.

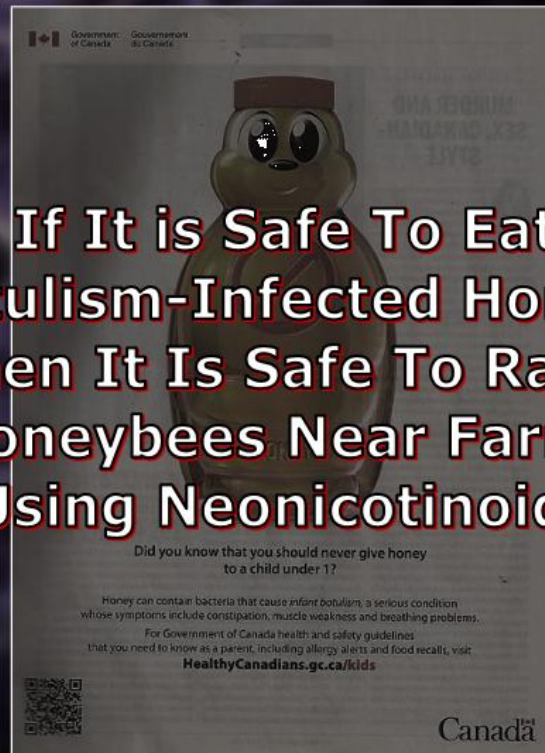

Bee-Keepers are HARMING BEES, and NOT Neonicotinoid Insecticides.

And remember ...

If It is Safe To Eat Botulism-Infected Honey, Then It Is Safe To Raise Honeybees Near Farms Using Neonicotinoid Insecticides.

According to Health Canada ...

Honey Is A DANGER To Children Under 1 Year Old

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

Discover What Anti-Pesticide And Enviro-Lunatic Terrorists Are Doing And Saying About Subversively Imposing Their Life-Style Choices Against Our Society

Read ... Force Of Nature and Pesticide Truths — The Whole Truth From An Independent Perspective.

Go to The Pesticide Truths Web-Site (Archive Of Reports) ...

<http://pesticidetruths.com/> (<http://pesticidetruths.com/>)

Communities and businesses are being HARMED and DESTROYED and RAPED by PROHIBITIONS against pest control products used in the Urban Landscape, and by other ACTS OF ENVIRONMENTAL TERRORISM.

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is perpetrated EVERY SINGLE DAY by these terrorist.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

An informed public is better able to protect itself and its communities and businesses from so-called activists who are THE LEAST QUALIFIED TO PROVIDE ANY ADVICE about pest control products or the environment.

NORAHG is the National Organization Responding Against HUJE that seek to harm the

Green space industry, and the well-being of our communities.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment. <http://wp.me/P1jq40-2bo> (<http://wp.me/P1jq40-2bo>)

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS. <http://wp.me/p1jq40-5DD> (<http://wp.me/p1jq40-5DD>)

NORAHG responds on behalf of the VAST SILENT MAJORITY of the public that DOES NOT WANT PESTICIDE BANS, and SUPPORT those who work in the Professional Lawn Care Industry. <http://wp.me/P1jq40-2bo> (<http://wp.me/P1jq40-2bo>)

NORAHG is opposed to Pesticide-Free jurisdictions that have DOOMED children to SUFFER INJURIES since Anti-Pesticide PROHIBITION inevitably leads to public and residential green spaces that become DANGEROUS AND PEST-INFESTED GARBAGE DUMPS. <http://wp.me/P1jq40-44g> (<http://wp.me/P1jq40-44g>) <http://wp.me/P1jq40-4z3> (<http://wp.me/P1jq40-4z3>)

NORAHG is concerned that, without pest control products, CHILDREN ARE AT HIGHER RISK OF SUFFERING INJURIES with the creation of HAZARDOUS SLIPPING AND TRIPPING CONDITIONS in sports turf. <http://wp.me/P1jq40-2ha> (<http://wp.me/P1jq40-2ha>)

NORAHG pledges to deliver comprehensive reports that are worthy of peoples' time and of peoples' concern, reports that might ordinarily never have breached the parapet.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Force Of Nature was launched by NORAHG for CONTINUOUS transmission on the Internet on January 1st, 2009 — however, the VERY FIRST Stand-Alone FORCE OF NATURE Report was issued on September 19th, 2008.

On March 15th, 2010, Uncle Adolph independently launched The Pesticide Truths, an easy-to-use Web-Site that collects relevant reports of information right-off-the-press.

<http://pesticidetruths.com/> (<http://pesticidetruths.com/>)

Pesticide Truths and Force Of Nature, in some ways, are like Google for everything concerning the SUBVERSIVE ACTIVITIES of Anti-Pesticide and Enviro-Lunatic Terrorists.
