Pesticide Truths

NORAHG Responds To Ontario Providing Free & Undeserved Money To Incompetent Bee-Keepers – 2014 04 30

May 3, 2014WILLIAM H. GATHERCOLE AND NORAH G

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

Incompetent Bee-Keepers Get Free & Undeserved Money From Ontario — Why?

On April 30th, 2014, the Government of Ontario announced that it will give one-time monetary assistance to Anti-Pesticide Bee-Keepers who have ALLEGED to have LOST their bees. Why is Ontario GIVING MONEY to the Bee-Keeper Industry, and NOT the Professional Lawn Care Industry ?!?! CLICK HERE Ontario's 2009 PROVINCIAL PROHIBITION DELIBERATELY DESTROYED the Professional Lawn Care Industry, and yet, NONE OF ITS BUSINESSES WERE EVER GIVEN ANY COMPENSATION. Why are Bee-Keepers who ALLEGE losses, and who ARE CLEARLY NOT COMPETENT TO MANAGE THEIR HIVES, DESERVE FREE MONEY from the Government of Ontario ?!?! Anti-Pesticide Lunatic-Bee-Keepers, operating through Ontario Bee-Keepers' Association, have obtained FREE MONEY BY FALSELY ALLEGING that their bee losses are a result of Neonicotinoid Insecticides used in the Agriculture Industry. BEE-KEEPERS PRETENDED THERE WAS A BEE CRISIS.

However, according to the Government of Ontario, THERE IS NO BEE CRISIS. According to Ontario Premier Wynne — « Although large bee die-offs have been observed in Ontario apiaries, they are NOT OCCURRING UNIFORMLY across all operations or areas of the province — many bee-keeping operations HAVE NOT BEEN AFFECTED and have been able to maintain strong and healthy bee colonies as evidenced by hive strength and honey production ». CLICK HERE

Moreover, THERE IS NO BEE CRISIS IN CANADA. Only A VERY LIMITED NUMBER of bee-keepers report losses, LESS THAN 1 PER CENT. Over 99 per cent of all Bee-Keepers are reporting NO LOSSES. Bee-Keepers know full well that *Varroa* Mites are the primary problem associated with so-called Bee Colony Collapse Disorder, and not Neonicotinoid Insecticides. Science and statistics DO NOT SUPPORT demands to PROHIBIT against Neonicotinoid Insecticides in agriculture. WHY DO WE BOTHER LISTENING TO ANTI-PESTICIDE LUNATIC-BEE-KEEPERS ?!?!

Bee-Keepers are FALSELY BLAMING BEE DEATHS on Neonicotinoid Insecticides. Sadly, Bee-Keepers are THE LEAST CREDIBLE AND THE LEAST QUALIFIED TO PROVIDE ANY ADVICE concerning Neonicotinoid Insecticides. There are A GROWING NUMBER OF REPORTS that Bee-Keepers ALL OVER NORTH AMERICA are VIOLATING FEDERAL LAW by using ILLEGAL, UNREGISTERED, DEADLY, and CANCER-CAUSING pest control

products. Recently, in Alberta, Bee-Keepers WERE FINED FOR USING THESE UNREGISTERED PEST CONTROL PRODUCTS TO COMBAT MITE INFESTATIONS, resulting HEFTY FINES from Health Canada. Bee-Keepers VIOLATE FEDERAL LAW by using products like AMITRAZ, which are KNOWN TO CAUSE CANCER, and are KNOWN TO KILL PEOPLE. In 2006, the United States Environmental Protection Agency (USEPA) classified AMITRAZ as a group C, A POSSIBLE HUMAN CARCINOGEN. Furthermore, exposure of men to greater amounts of AMITRAZ can LEAD TO DEATH DUE TO RESPIRATORY FAILURE, mainly after oral uptake or inhalation. In Turkey during 1989, 41 cases of DEADLY AMITRAZ INTOXICATIONS were detected. Other frequently occurring symptoms AFTER MASSIVE AMITRAZ INTOXICATION are BRADYCARDIA, DEPRESSION, HYPERGLYCEMIA, HYPOTHERMIA, LOSS OF CONSCIOUSNESS, MIOSIS, RESPIRATORY DEPRESSION, and VOMITING. In other words, Bee-Keepers are ILLEGALLY USING products that are known to CAUSE CANCER, and are known to KILL PEOPLE. It has been concluded that Bee-Keepers are producing potentially DANGEROUS HONEY. And yet, these same Bee-Keepers complain about Neonicotinoid Insecticides, which, in fact, DO NOT CAUSE CANCER, are SCIENTIFICALLY-SAFE, and CAUSE NO HARM. If Bee-Keepers are LYING AND CHEATING BY USING ILLEGAL PRODUCTS, then, are they also LYING AND CHEATING with their public statements about bee deaths and Neonicotinoid Insecticides ?!?! If we had less pesticide use in the environment, WE WOULD STILL HAVE Bee Colony Collapse Disorder, because MANY BEE-KEEPERS ARE NOT COMPETENT TO MANAGE THEIR HIVES. CLICK HERE CLICK HERE

Bee-Keepers SHOULD LEAVE SCIENCE TO THE REAL EXPERTS. There is NO UNAMBIGUOUS EVIDENCE to suggest that Neonicotinoid Insecticides are to blame for the decline in bee populations. Under normal use, Neonicotinoid Insecticides WILL NOT POSE A PROBLEM. In the European Union, PROHIBITION against Neonicotinoid Insecticides was A REACTION TO OVER-HEATED RHETORIC. In fact, studies in both Europe and in North America have proven there is NO ACCUMULATION and NO BIO-ACCUMULATION after 10 consecutive years. Why are Neonicotinoid Insecticides ENVIRONMENTALLY-FRIENDLY and CAUSE NO HARM TO BEES? It is because they are coated on agricultural seed, and the seed is buried in the soil, so it is INACCESSIBLE TO THE BEES. Moreover, Neonicotinoid Insecticides have EXTREMELY LOW TOXICITY TO HUMANS, EXTREMELY LOW TOXICITY TO OTHER MAMMALS as well as BIRDS and FISH. They have NO PERSISTENCE beyond the levels that you would expect in an agricultural field for one year. Additionally, there is NO REASON TO BELIEVE that Neonicotinoid Insecticides PERSIST IN WATER over long periods of time. SCIENCE and STATISTICS DO NOT SUPPORT DEMANDS to RECKLESSLY PROHIBIT against Neonicotinoid Insecticides used in the Agriculture Industry. There are NO VALID REASONS for their

PROHIBITION. If we had less pesticide use in the environment, WE WOULD STILL HAVE Bee Colony Collapse Disorder, because MANY BEE-KEEPERS ARE NOT COMPETENT TO MANAGE THEIR HIVES. <u>CLICK HERE CLICK HERE CLICK HERE CLICK HERE</u>

Even Canadian Honey Council OPPOSES PROHIBITION. Canadian Honey Council, representing ALL Bee-Keepers across the nation, ACTIVELY OPPOSES RECKLESS PROHIBITION, as demanded by Ontario Bee-Keepers Association [a.k.a. Sierra Club]. Canadian Honey Council argues that the HARM TO GROWERS WOULD BE SUBSTANTIAL, with NO NOTABLE CHANGE IN BEE LOSSES. Bee-Keepers appear to be UNABLE OR UNWILLING TO GET THEIR MAJOR PEST PROBLEMS UNDER CONTROL, such as *Varroa* Mites, leading observers to conclude that THEY MAY NOT BE COMPETENT TO HANDLE THEIR BUSINESSES, and may be WHOLLY UNSUITED TO BE RAISING BEES. CLICK HERE CLICK HERE CLICK HERE

Bee-Keepers DO NOT DESERVE FREE MONEY from the Government of Ontario because the Canadian Honeybee Industry is actually THRIVING. The industry is far from collapsing — the numbers don't lie. Both the total number of honeybee colonies and the total number of Bee-Keepers in Canada has RISEN DRAMATICALLY since 2008. CLICK HERE CLICK HERE Moreover, according to Agriculture Canada, CANADA'S HONEY YIELD IS TWICE THE WORLD'S AVERAGE. CLICK HERE Bee-Keepers DO NOT DESERVE FREE MONEY from Ontario — THERE IS NO BEE CRISIS. WHAT IS THE PROBLEM WITH THESE ANTI-PESTICIDE LUNATIC-BEE-KEEPERS ?!?!?!

If Bee-Keepers somehow DESERVE FREE MONEY from the Government of Ontario, then so do the DEVASTATED BUSINESSES operating in the Professional Lawn Care Industry. Because of Ontario's 2009 PROVINCIAL PROHIBITION, businesses were SELECTIVELY and DELIBERATELY STRIPPED of their conventional pest control tools. PROHIBITION in Ontario INFLICTED A TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED and THOUSANDS OF PEOPLE OUT OF WORK. PROHIBITION DAMAGED AND DESTROYED THE PROFESSIONAL LAWN CARE INDUSTRY. CLICK HERE And Ontario Government Officials WERE WARNED IN ADVANCE! Ontario Government Officials were OFFICIALLY WARNED about the CATASTROPHIC CARNAGE or SUN-SETTING that would result from PROHIBITION. The Environmental Commissioner's Report to the Ontario Legislative Assembly on October 6th, 2009, OFFICIALLY WARNED Government Officials about the SUN-SETTING CARNAGE of that would result from PROHIBITION — « In the short-term, however, the ban may have SIGNIFICANT EFFECTS on the economic health or continued viability of many lawn care businesses, effectively SUN-

SETTING components of an industry ». Because of Ontario's 2009 PROVINCIAL PROHIBITION, the Professional Lawn Care Industry LOST OVER 500,000,000 DOLLARS, with UP TO 12,500 UNEMPLOYED. Because of Ontario's 2009 PROVINCIAL PROHIBITION, ONE-COMPANY-PER-WEEK DISAPPEARS INTO TOTAL OBLIVION. Ontario Government Officials COULD NOT HAVE CARED LESS ABOUT CATASTROPHIC BUSINESS CARNAGE, or SUN-SETTING. Ontario Government Officials were/are MERE THUGS WITH DEPRAVED AND TOTAL INDIFFERENCE against one industry, and yet, not another. CLICK HERE CLICK HERE CLICK HERE

Why is Ontario GIVING MONEY to the Bee-Keeper Industry, and NOT the Professional Lawn Care Industry ?!?! Bee-Keepers who ALLEGE LOSSES are INCOMPETENT, and DO NOT DESERVE FREE MONEY from the Government of Ontario.

http://pesticidetruths.com/

Communities and businesses are being HARMED and DESTROYED and RAPED by LUNATICS who ARBITRARILY AND RECKLESSLY IMPOSE PROHIBITIONS against pest control products used in the Urban Landscape, and by other ACTS OF ENVIRONMENTAL TERRORISM.

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is perpetrated EVERY SINGLE DAY by LUNATICS.

A LUNATIC is a person whose actions and manner are marked by extreme recklessness.

The RECKLESS ACTS OF SUBVERSION by these LUNATICS has led to the ARBITRARY IMPOSITION of Anti-Pesticide PROHIBITION in several jurisdictions throughout North America.

The result was CATASTROPHIC CARNAGE!

Because of Anti-Pesticide PROHIBITION, provinces like Ontario now have a TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED and THOUSANDS OF PEOPLE OUT OF WORK, a MORE DANGEROUS OUTDOOR ENVIRONMENT, and a BLACK MARKET IN PESTICIDES.

Only TRUE LUNATICS would wish to create a TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED and THOUSANDS OF PEOPLE OUT OF WORK.

Because of these LUNATICS, we are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

An informed public is better able to protect itself and its communities and businesses from so-called activists (a.k.a. LUNATICS) who are THE LEAST QUALIFIED TO PROVIDE ANY ADVICE about pest control products or the environment.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry, and the well-being of our communities.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to LUNATICS and their Anti Pesticide PROHIBITIONS, resulting in the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT CONCOCTED BY LUNATICS of somehow « saving » the environment.

http://wp.me/P1jq40-2bo

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting PESTICIDE FREE FAILURES, as well as the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

http://wp.me/p1jq40-5DD

NORAHG responds on behalf of the VAST SILENT MAJORITY of the public that DOES NOT WANT PESTICIDE BANS, and SUPPORT those who work in the Professional Lawn Care Industry, the Golf Industry, and the Agriculture Industry.

http://wp.me/P1jq40-2bo

NORAHG is opposed to PESTICIDE FREE jurisdictions where LUNATICS have DOOMED CHILDREN to SUFFER INJURIES since Anti-Pesticide PROHIBITION inevitably leads to public and residential green spaces that become DANGEROUS AND PEST-INFESTED GARBAGE DUMPS.

http://wp.me/P1jq40-44q

http://wp.me/P1jq40-4z3

http://wp.me/p1jq40-7C4

NORAHG is concerned that, because of PESTICIDE FREE MAINTENANCE of parks and sports fields, CHILDREN ARE AT HIGHER RISK OF SUFFERING INJURIES with the creation of HAZARDOUS SLIPPING AND TRIPPING CONDITIONS.

http://wp.me/P1jq40-2ha

NORAHG pledges to deliver comprehensive reports that are worthy of peoples' time and of peoples' concern, reports that might ordinarily never have breached the parapet.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Force Of Nature was launched by NORAHG for CONTINUOUS transmission on the Internet on January 1st, 2009 — however, the VERY FIRST Stand-Alone FORCE OF NATURE Report was issued on September 19th, 2008.

On March 15th, 2010, Uncle Adolph independently launched The Pesticide Truths, an easy-to-use Web-Site that collects relevant reports of information right-off-the-press.

http://pesticidetruths.com/

Pesticide Truths and Force Of Nature, in some ways, are like Google for everything concerning the SUBVERSIVE ACTIVITIES of Anti-Pesticide and Enviro-Lunatic Terrorists.
