Selected and Adapted Excerpts

Collision Course !

The Imminent Demise of Langara Golf Course

The City of Vancouver Board of Parks and Recreation is proposing that half or all of one of its Golf Facilities be SHUT DOWN to make room for park space.

LANGARA GOLF COURSE is a Municipal 18-Hole 86-Year-Old Golf Facility owned and operated by City of Vancouver in British Columbia.

Vancouver is looking to TRANSFORM PUTTING GREENS INTO GREEN SPACE (a.k.a. demise and destruction of the Golf Facility), as the park board debates transforming the oldest city-owned Golf Facility into a public park.

In what he calls « *a very cautious first step* », Aaron Jasper, Vancouver Park Commissioner with the Vision Party, will INTRODUCE A MOTION asking staff to « *compile and report back usage and revenue metrics* » for Langara Golf Course.

If the evaluation determines A GOLF FACILITY IS NOT THE BEST USE FOR THE LAND, the City of Vancouver Board of Parks and Recreation could move TO REPLACE EITHER SOME OR ALL of the 48.6-hectare Golf Facility with public park space, Mr. Jasper said.

According to Commissioner Jasper —

We know that's a part of the city that's going to see a lot of growth, a lot of density.

Collision Course !

The Imminent Demise of Langara Golf Course

Instead of just looking at the next two, three, five, ten years, let's look beyond that, in terms of what opportunities we are going to have TO PROVIDE QUALITY GREEN SPACE, park space, for that part of the city.

Jasper stressed the board has no interest in selling the Golf Facility for condominium development.

The city depends primarily on TWO methods to acquire park space —

- buying up lots adjacent to existing park space under a land-acquisition program, or
- negotiating public amenities packages with developments, such as Olympic Village.

Langara Golf Course is one of three 18-hole golf courses owned and operated by the City of Vancouver Board of Parks and Recreation, along with Fraserview and McCleery.

The net revenue for all three Golf Facilities is only about ONE-MILLION-DOLLARS PER YEAR, Mr. Jasper said.

Should the plan go through, the Golf Facility could be partially or entirely replaced with a « *passive park* » comparable to Queen Elizabeth Park, or an « *active park* » composed of playing fields.

Collision Course !

The Imminent Demise of Langara Golf Course

A golfing area could potentially be reduced as an executive nine-hole course, or COMPLETELY ANNIHILATED.

City Officials are expected to present the report in Fall 2012.

If approved, the TRANSFORMATION (a.k.a. demise and destruction of the Golf Facility) would take between five and ten years.

Langara Golf Course, located on the south slope of Vancouver, is popular with families in large part due to its affordability.

A round of golf costs between 50 to 56 dollars for adults, depending on the day; children and seniors get a discounted rate of 35.25 dollars from Monday to Thursday.

Park Commissioner Melissa De Genova said the pricing makes accessible to seniors and children « *a sport that's always been considered elitist* ».

She is supportive of improving the Golf Facility — looking at bettering amenities such as the club house, for instance — but concerned about its full or partial closing.

« *Become smaller ? Nobody would come ... if they play golf* », said Yoobok Kwon, who has golfed at Langara Golf Course for 15 years.

« *You cannot make it smaller than this.* »

Save the Langara Golf Course

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

Langara Golf Course Is DOOMED !

Golf Facilities like Langara Golf Course are not even considered as LEGITIMATE Green Spaces, and are considered ACCESSIBLE MOSTLY TO THE RICH ELITE.

In 2004, Langara Golf Course EXPENDED LARGE AMOUNTS OF MONEY AND RESOURCES to have itself designated as a CERTIFIED AUDUBON CO-OPERATIVE SANCTUARY.

Clearly, the prestigious Audubon environmental standards program FAILED AS A DETERRRENT AGAINST ENVIRO-LUNATICS.

There is NO DOUBT that the IMMINENT DEMISE of Langara Golf Course is due to the fact that City of Vancouver is operated by a Mayor and Government Officials who are GOLF-HATING ANTI-PESTICIDE ENVIRO-LUNATICS.

In fact, David Suzuki Foundation has INFESTED and now CONTROLS the City of Vancouver.

Suzuki is an Anti-Pesticide and Environmental-Terrorist Organization.

It is listed among CANADA'S PROMINENT ANTI-PESTICIDE AND ENVIRONMENTAL-TERRORIST ORGANIZATIONS.

Suzuki is presently UNDER INVESTIGATION FOR CHARITY FRAUD AND CONSPIRACY.

Suzuki is a PRINCIPAL ARCHITECT in the CONSPIRACY TO PROHIBIT against pest control products used in the Urban Landscape, and is responsible for the DESTRUCTION OF THE PROFESSIONAL LAWN CARE INDUSTRY.

Langara Golf Course Is DOOMED !

David Suzuki

David Suzuki Foundation was co-founded in 1991 by Non-Expert Enviro-Lunatic Fund-Raiser, Alliance-Puppet-Master, Psychedelic-Hippie, and Entertainer DAVID TAKAYOSHI SUZUKI.

David Suzuki Foundation operates across Canada and the United States, but its business headquarters, with over fifty employees (a.k.a. Suzuki-Lunatics), is LOCATED IN VANCOUVER, BRITISH COLUMBIA.

David Suzuki Foundation consists of Enviro-Lunatics who want to DESTROY THE GOLF INDUSTRY just as they DESTROYED THE PROFESSIONAL LAWN CARE INDUSTRY.

Suzuki HATES AND DESPISES the Golf Industry !

Suzuki-Lunatics have called on ALL PROVINCES TO EXTEND THEIR PESTICIDE BANS TO GOLF COURSES.

Suzuki has also stated that it DOES NOT WANT ANY PROHIBITION EXCEPTIONS FOR THE GOLF INDUSTRY.

Langara Golf Course Is DOOMED !

Suzuki DEMANDS NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products used in the Golf Industry.

David Suzuki himself made the following statement in 2008 —

[The new prohibition legislation in Ontario] allows GOLF COURSES to continue using pesticides and gives power to the Ontario minister of the environment to allow other exceptions, a potentially DANGEROUS LOOP-HOLE.

On its web site, David Suzuki Foundation has also made the following statement about the GOLF EXCEPTION STATUS on October 15th, 2008 —

If provincial prohibitions exempt GOLF COURSES, as proposed in the discussion paper, MUNICIPALITIES need clear authority to RESTRICT PESTICIDE USE on GOLF COURSES within their boundaries to better protect public health and the environment.

According to Non-Expert Suzuki-Lunatics, Quebec's Anti-Pesticide PROHIBITION is still the best model for regulating pest control products.

Under existing Quebec legislation, Golf Facilities must submit RIDICULOUS PESTICIDE-USE REDUCTION PLANS every three years ... thanks to Suzuki.

Gregor Robertson

Since 2008, Gregor Robertson is Mayor of City of Vancouver as well as Leader of Vision Vancouver Party.

Langara Golf Course Is DOOMED !

Vision Vancouver Party functions as the POLITICAL SHIELD for Anti-Pesticide and Environmental-Terrorist Organizations like David Suzuki Foundation.

From 2005 to 2008, Robertson also served as a Member of the Legislative Assembly (MLA) under New Democratic Party of British Columbia.

Not surprisingly, New Democratic Party of British Columbia also functions as the POLITICAL SHIELD for Anti-Pesticide and Environmental-Terrorist Organizations.

From 2002 to 2004, Robertson was a Director of Tides Canada.

Tides Canada functions as the FINANCIAL SHIELD for Anti-Pesticide and Environmental-Terrorist Organizations like David Suzuki Foundation.

According to Researcher Vivian Krause, in 2008, Robertson won the Vancouver Municipal Election THANKS TO FINANCING FROM TIDES USA, the American counterpart to Tides Canada.

In the run-up to the 2008 municipal election, Vision Vancouver's BIGGEST FINANCIAL BACKER was the FORMER CHAIR OF TIDES USA, Joel Solomon.

In a rather candid interview in 2010, Solomon told the Huffington Post that the election of Robertson was the result of « *nearly 20 years of moving in a purposeful direction* ».

The TREASURER of Vision Vancouver Party, Martha Burton, also has a long history as a SENIOR ADVISER TO TIDES CANADA.

Mike Magee, the Chief of Staff at Vancouver City Hall, was also a SENIOR ADVISER TO TIDES CANADA, from 2002 to 2007.

Langara Golf Course Is DOOMED !

Krause has estimated that MILLIONS OF DOLLARS have been provided indirectly to David Suzuki Foundation from AMERICAN FOUNDATIONS, through TIDES CANADA or TIDES USA.

In at least one instance, the Vancouver address for Tides USA, as reported to the U.S. Internal Revenue Service by the Hewlett Foundation, was EXACTLY THE SAME AS THE ADDRESS of the David Suzuki Foundation —

2211 WEST FOURTH AVENUE, SUITE 219.

This demonstrates that Tides Canada operates as the FINANCIAL SHIELD for David Suzuki Foundation.

Since 1994, Robertson is Owner and Co-Founder of HAPPY PLANET, a manufacturer of so-called ORGANIC juices and smoothies, and essentially an Anti-Pesticide Organization.

Essentially, Mayor Gregor Robertson is a Non-Expert Anti-Pesticide Environmental Lunatic Politician.

Robertson is CONTROLLED by Tides Canada.

Robertson is CONTROLLED by Suzuki.

Suzuki HATES AND DESPISES the Golf Industry !

Ultimately, Robertson is the person who will decide on the FATE OF LANGARA GOLF COURSE.

And clearly, Langara Golf Course IS DOOMED !

Collision Course

The Imminent Demise of the Golf Industry

Anti-Pesticide PROHIBITION has already DESTROYED the Modern Professional Lawn Care Industry in many jurisdictions across Canada.

It is NOW DESTROYING the Lawn Bowling Industry.

It will soon begin its DESTRUCTION of the Golf Industry.

Anti-Pesticide PROHIBITION was/is NEEDLESS, SENSELESS, MALICIOUS, and UN-NECESSARY.

PROHIBITION is NOT NECESSARY since pest control products are GOVERNMENT-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, PRACTICALLY-NON-TOXIC, and CAUSE NO HARM.

Any PROHIBITION against pest control products is NOT JUSTIFIED because STRICT REGULATIONS based on scientific research already PROTECT our health and our environment.

ALL PROHIBITIONS are 100 per cent Politically-Based and 0 per cent Science-Based.

Anti-Pesticide PROHIBITIONS represent a TRIUMPH OF SENTIMENT OVER SCIENCE.

The MAJOR SOURCE of exposure to pest control products is from FOOD SUPPLY, and NOT the Urban Landscape.

PROHIBITION is NOT necessary, and has led to CATASTROPHIC CARNAGE such as BUSINESS FAILURES and UNEMPLOYMENT, and even DEATH.

IN THE 9|11 ERA OF ANTI-GOLF TERRORISM ...

The Golf Industry is on a COLLISION COURSE with the BLACK DEATH of Environmental and Anti-Pesticide Terrorism !

Collision Course

The Imminent Demise of the Golf Industry

Golf Facilities WILL become ABANDONED WASTE DUMPS !

The Anti-Pesticide Terrorists will ANNIHILATE the Golf Industry !

We Are Now Living in the 9|11 Era of Environmental-Terrorism Against the Green Space Industry — which includes the IMMIDENT DEMISE of the Golf Industry.

The PROHIBITION CONSPIRACY against pest control products has now attained NATIONAL proportions, and the provinces are FALLING LIKE DOMINOES.

The Professional Lawn Care Industry has been systematically ANNIHILATED by Anti-Pesticide Terrorists across Canada.

PROHIBITION has led to HORRENDOUS and CATASTROPHIC CARNAGE for businesses operating in the Professional Lawn Care Industry, in the form of IMMENSE LOSSES OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, and even HORRIFIC FINES.

The Golf Industry can eventually EXPECT THE SAME CARNAGE.

In virtually all Anti-Pesticide jurisdictions, the Golf Industry has been provided with an EXCEPTION STATUS, and its use of pest control products HAS NOT BEEN PROHIBITED.

The Golf Industry can eventually EXPECT TO LOSE ITS EXCEPTION STATUS.

The Golf Industry, because of the attitude of its trade association leaders — an attitude of denial, protectionism, and mock-dismay at any form of criticism — ignored the supreme historic opportunity to join forces with the Professional Lawn Care Industry, and LITIGATE against the forces of Anti-Pesticide Terrorist-Evil.

A failure to do so was LETHAL, and future generations will someday ask the question — WHY DID YOU NOT ACT ?

The SUBVERSIVE CONSPIRACIES OF ANTI-PESTICIDE PROHIBITION WILL NEVER END — and it will SPREAD to the Golf Industry.

Collision Course

The Imminent Demise of the Golf Industry

The Golf Industry is on a COLLISION COURSE with the LOOMING SHIPWRECK of Anti-Pesticide and even Anti-Fertilizer TERRORISM !

For the first time within collective history, it can honestly be said that there is NO LONGER A HOPEFUL FUTURE for anyone in the Golf Industry.

IN THE YEAR 2020 ...

- The game of golf is NO LONGER a flourishing Billion-Dollar-Industry.
- Canadian Cancer Society has succeeded in ANNIHILATING the Golf Industry.
- The Golf Industry is SEVERELY WEAKENED by aging and declining membership, falling revenues, over-saturated market, unstable economy, volatile weather, and ANTI-PESTICIDE SUBVERSION.
- Golf Facilities are ANNIHILATED by Enviro-Lunatic LAWSUITS with FALSE ALLEGATIONS of pesticide and fertilizer pollution.
- Enviro-Lunatics SHUT-DOWN Golf Facilities under the PRETEXT of saving obscure and meaningless animal species like tadpoles and snakes.
- Municipalities SHUT DOWN their Golf Facilities to make room for park space.
- Enviro-Lunatics also SHUT-DOWN Golf Facilities under the PRETEXT of saving bees.
- ORGANIC PESTICIDE-FREE golf course maintenance DOES NOT WORK.
- Bethpage and Vineyard, once used as U.S. examples, are DISMAL FAILURES.
- Pest control products are PROHIBITED NATIONALLY, despite being INDISPUTABLY SAFE to use.
- Anti-Pesticide PROHIBITION in Anti-Pesticide countries like Denmark DESTROYS most of golf facilities.

Collision Course

The Imminent Demise of the Golf Industry

- Integrated Pest Management and Green Alternatives are DISMAL FAILURES.
- The ENTIRE Golf Industry has its PESTICIDE EXCEPTION STATUS REVOKED.
- Pest problems are TOTALLY UNMANAGEABLE without conventional products.
- The labour now needed for pesticide-free maintenance is STAGGERING.
- The concept of Brown Is Beautiful is also a DISMAL FAILURE.
- Golfers NO LONGER want to play on BROWN DEPRESSING UNPLAYABLE courses.
- Golf Facilities can no longer offer BEAUTIFUL RESTFUL green spaces to its clients.
- Playing conditions are TOTALLY DISMAL at virtually ALL pesticide-free golf facilities.
- Only the VERY RICH ELITE golfer can afford GREEN HEALTHY PLAYABLE courses.
- Over seventy per cent of golfers ABANDON the sport.
- All Golf Facilities are considered as WORTHLESS investments.
- No one can buy or sell a golf facility, and owners are FRANTIC — who wants to buy a PESTICIDE-TREATED golf course facing IMMINENT ANTI-PESTICIDE BANS ?
- Golf Facilities can NO LONGER AFFORD to pay the property taxes.
- In North America, over sixty per cent of all golf clubs CLOSE DOWN or GO BANKRUPT — many facilities are simply ABANDONNED.
- Superintendents are NO LONGER NECESSARY or NEEDED.
- The Multi-Billion-Dollar-Golf-Industry is ANNIHILATED.
- Large numbers of Golf Facilities become ABANDONED WASTE DUMPS.
- The Golf Industry succumbs to BLACK DEATH.

The Demise of the Golf Industry Is Imminent

FORCE OF NATURE | THE WHOLE TRUTH[®] FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the Green Space Industry (NORAHG)

N O R A H G

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
