### Weed Man USA

Luke McGhee, a Wisconsin native, recently opened a franchise of Weed Man USA of Kenosha, Wisconsin.

Weed Man provides comprehensive and environmentally responsible lawn care services, including fertilization, weed control and integrated pest management.

Prior to entrepreneurship, McGhee attended the University of Wisconsin-Madison to study soil science-turf management.

Additionally, McGhee's professional background includes serving as an assistant golf course superintendent at a variety of different golf courses. He spent the last two years helping to build Wisconsin's newest golf resort, Sand Valley.

"Lawn care is a thriving industry, and I'm confident that Kenosha-area residents will embrace our services, as well as our commitment to both our customers and the environment," McGhee said in a statement.
