

Dear ---,

It's been a week since The Rebel published my latest book, *The Case Against David Suzuki: An Unauthorized Biography* and already more than 9,000 people have downloaded it!

By the way, a Canadian best-seller is 5,000 copies — so we're almost double that already!

The book is free at www.SuzukiBook.com, and if you haven't got your copy, please get one now.

Although the University of Alberta stubbornly insisted on giving Suzuki an honorary degree last week, we managed to turn lemons into lemonade, by using that occasion to spread the truth about Suzuki — the truth that the CBC suppressed about him for so many years.

Thank you.

But I'd like to ask you a personal favour.

If you liked the book, I have an idea: let's make the book the number one best-seller on Amazon, the online bookstore.

That way, everyone in the country will know about the book — not just Rebel fans.

And, just as important, all the elites who love Suzuki, whether they're in the mainstream media or at the U of A, will know that their decision to give him a public honour is completely out of step with the Canadian public.

If you have \$2.57 to spare — cheaper than a cup of coffee! — [you can buy the official e-book on Amazon.ca](#).

What that does is it moves the book up the bestseller rankings — and the whole world sees that. Right now, the e-book is ranked #945 in Canada. I bet we could get that in the top ten best-seller list in a day!

Like I say, the book will always be free at www.SuzukiBook.com. But for a Toonie and a bit, let's show the world that Suzuki's popularity has always been a myth — and we know the truth about him now.

Yours truly,

Sheila Gunn Reid

P.S. Wouldn't it be something if *The Case Against David Suzuki* were in the top ten best-sellers on Amazon.ca? Even the CBC would have to acknowledge that! [Click here now](#) to help make that happen!
