THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUIE that seek to harm the Green Space Industry (NORAHG)

We are living in the 9/11 Era of Environmental Terror !

In the event that criminal charges for fraud and conspiracy are laid in Newfoundland, legal experts say that the following information will lead to a successful prosecution !

All Enviro-Lunatic-Activists as well as Government-Conspirators have been identified on the basis of their statements, activities, affiliations, and whereabouts.

We are living in the 9/11 Era of Environmental Terror !

Overview from an Independent Perspective

Newfoundland (and Labrador) is a province of Canada on the country's Atlantic coast.

This eastern-most Canadian province is comprised of two main regions — the island of Newfoundland off the country's eastern coast, and Labrador on the mainland to the north-west of the island.

The province is often referred to by the acronym « NL ».

The population is greater than 500,000, and the capital city is Saint John's.

There are five principal Environmental-Terror-Organizations operating in Newfoundland —

- Canadian Cancer Society
- NL Environment Network
- NL Lung Association
- New Democratic Party (the POLITICAL SHIELD for the Environmental-Terror-Movement)
- NL Medical Association.

In 2009, NL Provincial Coalition on Pesticides a.k.a. **COALITION FOR ALTERNATIVES TO PESTICIDES** was created as a **PUBLIC POLICY SHIELD ORGANIZATION** by the Contemptible Canadian Cancer Society, along with mostly insignificant little clubs of Enviro-Lunatics, such as —

- Canadian Association of Physicians for the Environment
- Concerned Citizens' Group
- Food Education Action Saint John's
- Grand Riverkeeper Labrador
- Kelligrews Ecological Enhancement Program
- Mercy Centre for Ecology and Justice
- Municipalities of NL
- NL Association of Registered Nurses
- NL Environment Network
- NL Lung Association
- NL Medical Association
- Northeast Avalon Atlantic Coastal Action Program
- Saint John's Safer Soil
- Sierra Club of Canada — Atlantic Chapter.

Newfoundland

Atlantic Canada Conspiracy to Prohibit Pest Control Products

Newfoundland Gathering of Lunatic-Prohibition-Terrorists

COALITION FOR ALTERNATIVES TO PESTICIDES — NEWFOUNDLAND AND LABRADOR (CAP-NL) is a Prohibition-Terrorist-Organization.

This little mob of Enviro-Lunatics hopes the public will support a province-wide PROHIBITION on the use of so-called cosmetic pest control products in the Province of Newfoundland and Labrador.

According to these lunatics, several other provinces municipalities in Canada have already PROHIBITED pest control products.

This justification is a typical part of the LUNATIC-PROHIBITION-CONSPIRACY.

What these lunatics do not say is — that many of them were DIRECTLY RESPONSIBLE for the PROHIBITIONS in other jurisdictions across Canada.

The lunatics achieved PROHIBITION through the use of FRAUDULENT LIES, TERROR, MYTHS, DECEPTIONS, FEAR-MONGERING, MISCONCEPTIONS, COERCION, THREATS, and PARANOID CONSPIRACIES to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products.

What these lunatics do not say is — pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada.

Newfoundland

Atlantic Canada Conspiracy to Prohibit Pest Control Products

What these lunatics do not say is — NO pest control product can be sold or used until Health Canada's scientists have evaluated ALL the existing evidence to determine whether the product meets stringent health and safety requirements.

What these lunatics do not say is — when pest control products are used properly, there are NO harmful irreversible effects to health and the environment

According to these lunatics, NEWFOUNDLAND and LABRADOR SHOULD BAN PESTICIDES IN 2011.

On February 17th, 2010, there will be A GATHERING OF LUNATIC ENVIRO-TERRORISTS with ...

... a NON-EXPERT PAID-FOR-PROFIT GUEST SPEAKER ...

Guest Speaker: Gideon Forman

Background Information from an Independent Perspective

Gideon Forman

Non-Expert Enviro-Lunatic DESTROYED the Professional Lawn Care Industry in Ontario

GIDEON FORMAN is a Non-Expert Enviro-Lunatic Fund-Raiser for the REPUGNANT Canadian Association of Physicians for the Environment (CAPE).

CAPE was created for concealing the extremist views of supposedly moderate professionals, such as Enviro-Lunatic-Health-Care-Workers (i.e. doctors and nurses).

Most CAPE members are not even physicians.

Moreover, CAPE represents an infinitesimally small number of doctors.

CAPE merely represents less than 4 per cent of all doctors in Canada.

Neither Forman nor any of his Enviro-Lunatic co-conspirators have ANY recognized expertise, training or background in matters concerning pest control products.

Consequently, their opinions are TOTALLY VALUELESS and UTTERLY WORTHLESS. They are NOT competent to give advice.

Forman is neither a scientist nor a researcher nor an expert.

Overall, the opinions originating from Forman are VALUELESS and WORTHLESS in matters concerning pest control products.

He does not know what he is talking about !

Forman compensates for his ignorance and lack of expertise by frequently resorting to MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES about pest control products.

Background Information from an Independent Perspective

Gideon Forman

Forman, and his Enviro-Basterd-Buddies, have CONSPIRED to give the FALSE and FRAUDULENT impression that the public is being exposed to health-threatening and cancer-causing agents whenever a pest control product is used in the Urban Landscape. [Wrong !]

Forman's CONSPIRACY to PROHIBIT pest control products has not prevented a single case of cancer. Nor has there been any reduction in birth defects and neurological illness.

By preaching LUNATIC-TERRORIST-PROHIBITION, Forman's GREEDY and AVARICIOUS organization attracts MORE MEMBERS, MORE DONATIONS, and MORE PROFIT by SCAMMING THE PUBLIC with the CONCOCTION of FRAUDULENT LIES and NON-EXISTENT DANGER regarding pest control products used in the Urban Landscape.

When Forman and CAPE brandish JUNK SCIENCE and PROHIBITION, it is LUCRATIVE and PROFITABLE ... with donations and grants that are worth MILLIONS OF DOLLARS.

Forman has further compensated for his ignorance and lack of expertise by resorting to USING CHILDREN AS WEAPONS OF ULTIMATE ENVIRONMENTAL-TERROR against pest control products.

Forman is the current lunatic-heir apparent to the aging DAVID SUZUKI.

But, in order to ascend to such a venerable position within the Environmental-Terror-Movement, Forman will have to address those issues pertaining to his public image.

Whereas Suzuki projects the image of the kindly-wise-but-deadly Mister Miyagi from the original Karate Kid movies, Forman's demeanour, with his goatee and stern Fu Manchu look, reminds people of the sinister EMPEROR MING from the Flash Gordon films.

Ming-the-Merciless / Forman, along with his Terrorist-Buddies, have DESTROYED the Modern Professional Lawn Care Industry in the Province of Ontario.

Their DEPRAVED INDIFFERENCE has led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on thousands of hapless victims throughout the Professional Lawn Care Industry.

Sheilagh O'Leary

Enviro-Lunatic Nude-Artist
DELUDED into believing that
she knows better than Health Canada

SHEILAGH O'LEARY is a Non-Expert Nude-Artist and Enviro-Lunatic Councillor of the City of Saint John's.

O'Leary apparently believes, and wants you to believe, that Health Canada's approval of residential pesticides available in stores is erroneous and unreliable, because its endorsement is based on research it receives from the businesses that produce them.

And further proof this issue is about politics, not science.

Enviro-Lunatic Councillor O'Leary is apparently unfamiliar with the concept of independent, third-party verification.

According to Health Canada, the manufacturers of pest control products submit their research data to the agency, which then checks it against other research that has been conducted on the substance, to see if the company's safety claims are valid.

The U.S. Environmental Protection Agency and the World Health Organization use the same method.

O'Leary does not seem to recognize the subtle but important facts.

O'Leary has NO competent expertise, recognized training, or background, in matters concerning pest control products.

O'Leary is blatantly and consistently WRONG with her opinions and recommendations.

O'Leary's expertise cannot be valid since her educational background is in FINE ARTS, and her work background is in NUDE PHOTOGRAPHY.

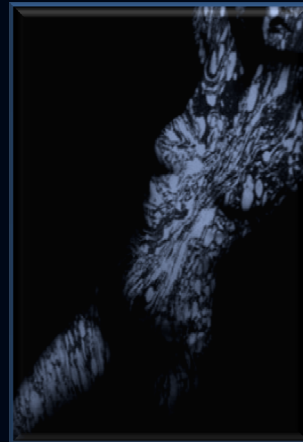

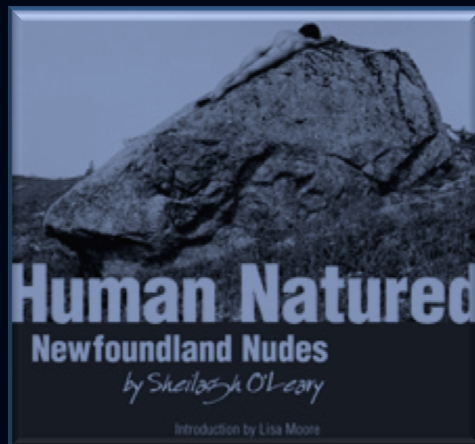

Background Information from an Independent Perspective

Sheilagh O'Leary

Overall, the opinions of O'Leary are TOTALLY VALUELESS and UTTERLY WORTHLESS in matters in matters concerning pest control products.

O'Leary is NOT COMPETENT to give advice !

According to observers, if you told O'Leary « *Being environmentally conscientious, I like to drink tap water rather than bottled water* », she might reply « *So, you like to drink.* »

Enviro-Lunatic Nude-Artist O'Leary
is uniquely qualified to rationally
discuss pest control products

Background Information from an Independent Perspective

Ian Simpson

IAN SIMPSON is merely a retired 75-year-old chronologically-gifted septuagenarian.

Simpson is a Non-Expert Enviro-Lunatic and member of Concerned Citizens' Group — Corner Brook Region, a little club that functions as a Prohibition-Terrorist-Organization.

Under the guise of being some kind of professional concerning pest control products, Simpson has written Letters to the Editor to express his TOTALLY VALUELESS and UTTERLY WORTHLESS opinion concerning pest control products.

In 2003, Simpson co-authored an article entitled « *Mind Control and Menopause* » — Simpson may have lots of expertise on menopause, but certainly has NO expertise regarding the Professional Lawn Care Industry.

Simpson has alleged, wrongfully, that there has been « *an increase in the economic sector* » because of the LUNATIC-TERRORIST-PROHIBITION of pest control products. [Wrong !]

In fact, LUNATIC-TERRORIST-PROHIBITION has inflicted EXTENSIVELY DAMAGED the Modern Professional Lawn Care Industry, leading to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on THOUSANDS of hapless victims.

In fact, Simpson knows NOTHING about pest control products, but knows lots about MINDLESS, SENSELESS, and FRAUDULENT FEAR-MONGERING !

Simpson has claimed that « *we as a society should adopt the Precautionary Principle* ».

The Twisted-Lunatic-Version of the so-called Precautionary Principle is another form of JUNK SCIENCE used by lunatics like Simpson against pest control products.

In fact, pest control products in the Urban Landscape DO NOT actually qualify for consideration under the Precautionary Principle since they are SCIENTIFICALLY SAFE.

Furthermore, Simpson has stated — « *Forgive me if I don't feel safe because Health Canada supposedly regulates those products* ».

Evidently, a Non-Expert Simpson considers the hundreds of qualified scientists of HEALTH CANADA's respected Pest Management Regulatory Agency to be incompetent and/or incapable of arriving at correct scientific findings concerning pest control products.

In order to allow SOUND SCIENCE to be effectively practiced, it would be preferable leave the interpretation of scientific research to those people WHO ARE COMPETENT to do it — HEALTH CANADA, and NOT people like Simpson.

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
