MR DON GORDON (1957 - 2019) !

Mr Gordon was well-beloved and highly-appreciated by golf course superintendents and owners, as well as lawn care professionals throughout Eastern Canada and beyond. He was truly one of the truly great heroes of the green space industry. For four decades, from 1982 to 2019, Mr Gordon dedicated a life-time of service to the protection and the improvement of the green space industry. His leadership saved these industries for at least a

generation. Don Gordon was likely the last of the industry leaders to have fought valiantly and effectively against pesticide-hating fanaticism, a task that few today would have the courage to consider anywhere in North America.

His decisions, participation, and leadership in industry matters will influence us for generations. He touched the professional lives of thousands of people in Eastern Canada, and even throughout the nation. Thanks to his leadership, he saved the golf industry for generations of superintendents and owners. In recognition of his services, the Quebec Golf Superintendents Association officially instituted the Don Gordon Suppliers Golf Tournament, to be held every year in July.

Don was known for many wonderful qualities, including honesty and perseverance. He had a quick wit and wonderful smile. He got to the point very quickly in any discussion. He was beloved by all, respected by his peers, and one heck of a great guy.

Mr Don Gordon. Thank you for everything you did for us in the green space industry. In the golf industry. Find us a good starting time at a golf course in the sky. Thank you, Don.

This was written by your friend Mr William H Gathercole (with Norah G). May you rest in peace.
