**Can The Golf Industry's Trade Associations Strike Back & Destroy David Suzuki & His Fanatical Operatives ?!?!**

## **Why Anti-Pesticide Fanatics Are Bad At Their Jobs**

David Suzuki Foundation is a golf-hating, anti-pesticide, & environmental-terrorist organization that conspires to impose reckless and arbitrary prohibition against pest control products across the nation.

Suzuki and his fanatical-operatives have concocted the politicized-doctrine that cancer occurs because pesticides are used on golf courses. [ ?!?! ]

Suzuki was dishonest about cancer caused by golf courses.

Scientific research proves that pest control products will cause NO harm and DO NOT cause cancer. <http://wp.me/P1jq40-2nl> <http://wp.me/P1jq40-4qC>

With this kind of politicized-doctrine perpetuated by Suzuki, golf businesses are being terrorized and will be destroyed, golf employees will suffer economic hardships and lost jobs, and communities will be weakened.

Can the golf industry's trade associations strike back & destroy Suzuki and his fanatical-operatives ?!?!

YES !

Suzuki and his operatives are NOT very good at their jobs — and they mess-up and they are dishonest.

**Anti-Pesticide Fanatics Are  
Dishonest With The Public,  
& They Mess-Up, Frequently**

There are three main ways in which these fanatics are messing-up.

First —

**David Suzuki & His Fanatical-  
Operatives Feel As If They Have  
Something Valid To Say On  
Any Topic Under The Sun**

Sadly, all of these fanatics have messed-up because they know nothing about pest control products and golf course maintenance.

They have NO expertise, NO training, and NO education in these matters.

They compensate for their lack of expertise by being dishonest and by concocting imaginary dangers about pest control products.

Overwhelming scientific evidence clearly demonstrates that pest control products are scientifically-safe, and will NOT cause harm to children, adults, animals, or the environment. <http://wp.me/p1jq40->

7HR <http://wp.me/P1jq40-2ha> <http://wp.me/p1jq40-6Q6> <http://wp.me/p1jq40-5ni>

Not surprisingly, Suzuki and his operatives have clearly shown that they are incapable of processing overwhelming scientific evidence.

They are incapable of processing overwhelming scientific evidence.

Should we trust these fanatics, who conveniently ignore scientific evidence, and attempt to impose their twisted life-style choices against our society ?!?!

NO !

Second —

**David Suzuki & His Fanatical-  
Operatives Are Ideologically  
Committed To Politicized-  
Doctrines, Regardless Of  
The Scientific Evidence**

The poster child for these politicized-doctrines is David Suzuki himself, the dishonest anti-pesticide ideologue who has messed-up by somehow linking pest control products to cancer.

David Suzuki's anti-pesticide doctrine is supported neither by the weight of REAL scientific evidence nor by the expert opinions of the globe's best scientists.

Suzuki has based his politicized-doctrine upon extremely low-quality politicized reports, such as those performed by Ontario College of Family Physicians, a group that has NO scientists and NO credibility whatsoever. <http://wp.me/P1jq40-37C>

Thankfully, the vast majority of the globe's best scientists are honest and hard-working people who are trying to do a good job assessing the REAL scientific facts about pest control products. <http://wp.me/p1jq40-8DV>

Suzuki just messes-up with his politicized doctrine against the golf industry.

Should we trust Suzuki and his politicized-doctrines ?!?!

NO !

Third —

**David Suzuki & His Fanatical-Operatives Are Incapable Of Separating Scientific Fact From Politicized-Doctrine**

Virtually all of these fanatics mess-up with an overly simplistic world-view —

***You're Either With Us  
Or Against Us***

***There's No Room For  
Policy Negotiation***

As a general rule, David Suzuki and his fanatical-operatives not only mess-up a lot, they are also dishonest.

In fact, they are lying sacks of crжp. <http://wp.me/p1jq40-aal>

Case in point —

The #@!!% Suzuki-Documentary, « *Dad and the Dandelions* », which first aired on March 2nd, 2017, represented the most dishonest anti-pesticide campaign against the golf industry by falsely and strongly implying that golf courses cause cancer. <http://wp.me/p1jq40-a82>

On top of being prone to mess-ups and dishonesty, Suzuki and his operatives are known for their destructive interference, false-politicized-doctrines, illegal activities, incompetence, and profit-seeking.

Consequently, they face some huge challenges because of these many serious vulnerabilities. ( See next segment. )

Can the golf industry's trade associations strike back & destroy Suzuki and his fanatical-operatives ?!?!

YES !

They can be easily destroyed.

**Can The Golf Industry's Trade Associations Strike Back & Destroy David Suzuki & His Fanatical Operatives ?!?!**

## **Clear Steps For DESTROYING David Suzuki In A Public Debate**

Everyone in the golf industry — no matter where they live — must take clear and aggressive steps to destroy David Suzuki and his fanatical-operatives.

Anyone who does not bother to take action does not deserve a career, or a business, or any success in the golf industry.

The golf industry must vigorously exploit the following Suzuki vulnerabilities ...

- Suzuki illegally interferes in partisan politics & public policy.
- Suzuki imposes politicized-doctrines that lead to children at risk, personal suffering, business hardship, high costs, and dead, dying, & dangerous urban environments that look like garbage dumps.
- Suzuki imposes politicized-doctrines to destroy businesses and to harm their owners & employees.
- More specifically, Suzuki imposes politicized-doctrines with the intent to harm the golf industry.
- Suzuki is a lying hateful bastxrd with politicized-doctrines that have proven to be destructive.

- Suzuki is just a largest multi-million dollar money-making machine of its kind.
- Suzuki is unfit to give advice because of his personal incompetence.
- Suzuki exists for one reason and one only ... and that is to make money through illegal activities.

It's time to find a new and better David Suzuki

Suzuki must be stopped !

Can the golf industry's trade associations be trusted to strike back & destroy David Suzuki ?!?!

Please go to later segments for more details.

Trade Associations  
Need To Do**

DESTROY**

His Operatives In**

# A Public Debate

## The Necessary Steps For DESTROYING David Suzuki

WILLIAM H GATHERCOLE AND NORAH G write blogs and reports for Force Of Nature and they have responded many times standing up for the rights of the golf superintendents and their facilities.

David Suzuki and his operatives are affectionately called « *fanatics* » because we need to make a distinction between how the so-called environmentalists behave now, and what the original definition of environmentalist was.

WILLIAM H GATHERCOLE AND NORAH G have challenged these fanatics' lust for enviro-profit, false-doctrines, illegal activities, and destructive campaigns with direct and honest responses, which can be found on The Pesticide Truths web-site.

What follows are brief examples of the 9 steps to destroy David Suzuki, or one of his operatives, in a debate.

---

**What Trade Associations Need To Do – How To DESTROY David Suzuki**

### **1. Frame Suzuki As Unfit To Provide Any Advice**

**Is Suzuki Incompetent ?!?!**

David Takayoshi Suzuki has NO competent expertise, NO recognized training, and NO successful background in matters concerning environmental issues and pest control products.

Actually, he is a mere expert on fruit flies.

His educational background is clearly inadequate for dealing with environmental issues — B.A. Honours in Biology and a mere Ph.D. in Zoology.

David Suzuki's personal background is also inadequate, with vested interests with anti-pesticide & environmental-terrorist organizations that illegally interfere in partisan politics & public policy concerning pest control products —

- chairman ( until 2011 ) & co-founder ( 1991 ), David Suzuki Foundation
- honorary board member, Ecojustice Canada
- honorary board member, Environmental Defence Canada.

Serving on all of these boards of directors DOES NOT make Suzuki competent.

Suzuki is NOT a scientist and NOT a researcher.

He is NOT competent to provide any advice.

Suzuki compensates for his incompetence by becoming a lying sack of cr@p.

David Suzuki has huge vested interests in perpetuating lunatic-lies, imaginary-dangers, & politicized-doctrines because he is paid to do so.

And so are his fanatical-operatives.

These fanatics know nothing about pest control products and golf course maintenance.

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who are unfit to give advice because of their personal incompetence !

## 2. Exploit Suzuki's Greatest Weakness

### **Suzuki's Illegal Activities Are Under Investigation**

In anticipation of an unfavourable & imminent audit by Canada Revenue Agency, David Suzuki himself was forced to resign from his own foundation for fear that his outspoken political views and interference in partisan politics would compromise the foundation's charity tax exempt status.

Poor li'l enviro-terrorist charity !

Although David Suzuki was forced to quietly step down from the Board of Directors of David Suzuki Foundation during summer of 2011, his resignation was NOT officially announced until 2012.

On April 13th, 2012, Suzuki officially announced he had stepped down from the board of directors of his organization, alleging that he wanted to shield it from partisan attacks [ ?!?! ] —

*I want to speak freely without fear that my words will be deemed too political, and harm the organization of which I am so proud.*

*I am keenly aware that some governments, industries and special interest groups are working hard to silence us.*

*They use threats to the Foundation's charitable status in attempts to mute its powerful voice on issues that matter deeply to you and many other Canadians.*

Suzuki's decision followed the Government of Canada's decision to investigate environmental terrorist organizations and their illegal interference in partisan politics & public policy.

Canada Revenue Agency was allocated 13.4 million dollars to ensure that no more than 10 per cent of monetary resources was being spent by organizations like Suzuki while interfering on these issues.

Demands are now being made for David Suzuki to step down as host of television programs produced by Canadian Broadcasting Corporation, including The Nature Of Things.

We need a better David Suzuki, and NOT the Suzuki that exists only to make money through illegal activities !

**What Trade Associations Need To Do – How To DESTROY David Suzuki**

### **3. Shine A Spotlight On The REAL Suzuki With Its Vested Interests**

#### **Suzuki's Multi-Million Dollar Money-Making Foundation**

David Suzuki Foundation is an anti-pesticide, golf-hating, & environmental-terrorist organization that conspires to impose reckless and arbitrary prohibition against pest control products across the nation.

It operates across Canada and the United States, but its business headquarters, with over fifty fanatical-employees, is located in Vancouver, British Columbia.

It has branch offices in Ottawa and Montreal.

David Suzuki Foundation uses junk science to coerce, intimidate, and alarm the public with lunatic-lies, imaginary-dangers, & politicized-doctrines to conserve nature and to help achieve sustainability within a generation.

It claims that ...

*The David Suzuki Foundation works through science and education to protect the diversity of nature and our quality of life, now and for the future. [ ?!?! ]*

In fact, Suzuki's main objective is profit through donations, by scamming the public with the concoction of fraudulent lunatic-lies, imaginary-dangers, & politicized-doctrines about pest control products and other environmental issues.

More lies means more profit for Suzuki.

It is a mere fund-raising, profit-seeking, and lobbying organization, and it is NOT a science, NOT a research, and NOT a health organization.

It claims to be funded by more than forty-thousand donors from around the world ( including eighteen-thousand in Ontario ), as well as over fifty corporations and foundations.

Not surprisingly, Suzuki is presently under investigation for illegally interfering in partisan politics & public policy.

Its operating budget is close to five-million-dollars per year. Suzuki avoids government grants, although it does accept money from organizations funded by the government.

Moreover, in 2010, Suzuki DID accept grants from Ontario Trillium Foundation, ranging from 100,000 to 250,000 dollars, ostensibly for his political interference in a provincial election.

From at least five of its principal private donors alone, Suzuki has obtained over five-million-dollars since its creation in 1991.

Researcher Ms Vivian Krause has estimated that millions of dollars have been provided indirectly to David Suzuki Foundation from American foundations, through Tides Canada or Tides USA.

In at least one instance, the Vancouver address for Tides USA, as reported to the U.S. Internal Revenue Service by the Hewlett Foundation, was EXACTLY THE SAME AS THE ADDRESS of the David Suzuki Foundation — 2211 West Fourth Avenue, Suite 219.

This demonstrated that Tides Canada operates as the financial shield for David Suzuki Foundation.

We need a better David Suzuki, and NOT the David Suzuki that is just a large multi-million dollar money-making machine !

#### **4. Emphasize Suzuki's Failed-Legacy Through Politicized-Doctrines**

##### **The Legacy Of Catastrophic Carnage Inflicted By Suzuki**

Now in his 80s, nearing the end of his journey, Suzuki finds himself standing before yet another mountain.

It's frustrating, but he says he isn't ready to give up.

Overall, David Suzuki still admits that his legacy is total failure.

Typically, Suzuki has blamed business, government, skeptics, and everyone else for his failures, and has acknowledged he wasted his life.

Is he worried about his failed-legacy ?!?! —

*When I'm dead, I won't give a shit what they say about me.*

*I'll be dead.*

*I'm not thinking about legacy.*

*My concern now is to get the message out, to get people to understand how serious this is.*

In fact, David Suzuki's failed-legacy has been catastrophic carnage.

For example, Suzuki and his fanatical-operatives were the principal architects in the subversive conspiracy to recklessly & arbitrarily prohibit against pest control products used in the urban landscape.

They concocted lunatic-lies, imaginary-dangers, & politicized-doctrines against pest control products, hence creating a dark age of anti-pesticide terrorism where sound science is trumped by junk science and unverifiable secret evidence.

Their acts of subversion have extensively damaged and terrorized and destroyed the professional lawn care industry that relied heavily on these products.

Suzuki and his fanatical-operatives mercilessly terrorized, baselessly smeared, falsely accused, grotesquely punished, innocently convicted, shamelessly persecuted, and wrongfully deprived the thousands of people dependent on lawn care businesses.

This catastrophic carnage of business destruction somehow represented a major success for David Suzuki himself.

The carnage displayed his personal depraved indifference towards destroyed businesses, lost jobs and hardship for people, and weakened communities.

Now in his 80s, David Suzuki himself is busy re-writing history by promoting his failed-legacy through books and events.

The final chapter of Suzuki's lifelong journey should depict where he belongs ... in jail.

Suzuki deserves the spotlight of scrutiny and the terror of a courtroom. It's time to find a new and better David Suzuki !

Here are examples of the failed-legacy of catastrophic carnage inflicted by David Suzuki —

### **Suzuki's Failed-Legacy Of Garbage Dump Green Spaces**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, communities now live in dangerous and pest-infested garbage dumps — pesticide bans have never made our urban green spaces look so #@!!% ugly.

## **Suzuki's Failed-Legacy Of Business Carnage & Suffered Hardships**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, thousands of decent, hard-working, and law-abiding people have lost their jobs and have suffered hardship because of disintegrating customers & plummeting revenues in the professional lawn care industry.

## **Suzuki's Failed-Legacy Of Business Carnage & Destruction**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, legitimate and tax-paying businesses operating in the professional lawn care industry are destroyed & suffer failures.

## **Suzuki's Failed-Legacy Of Bogus Green Alternatives**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, money and resources have been squandered on green alternatives and organic lawn care services & products — all of which are bogus & dismal failures.

## **Suzuki's Failed-Legacy Of Children-At-Risk**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, dangerous playing surfaces have been created and children are suffering injuries — pesticide bans are dangerous for children.

## **Suzuki's Failed-Legacy Of Fatal Weeds**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, government officials have been liable for deaths caused by uncontrolled toxic noxious weeds — pesticide bans kill people !

## **Suzuki's Failed-Legacy Of Exorbitant Costs**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, municipalities cannot afford the stunningly exorbitant costs needed to

maintain their greens spaces in beautiful and safe condition — who can afford this #@!!% ban nonsense ?!?!

### **Suzuki's Failed-Legacy Of No More Natural Grass**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, natural grass sports fields are being replaced by exorbitantly expensive & dangerous artificial/synthetic grass.

### **Suzuki's Failed-Legacy Of Dead & Dying Urban Forests**

Because of Suzuki's interference in partisan anti-pesticide conspiracies, ornamental pests have not been controlled — Suzuki's politicized-doctrines have led to dying and dead urban forests because of uncontrolled pests like emerald ash borer.

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who impose politicized-doctrines that lead to children-at-risk, personal suffering, business hardship, high costs, and dead, dying, & dangerous urban environments that look like garbage dumps !

**What Trade Associations Need To Do — How To DESTROY David Suzuki**

## **5. Further Emphasize Suzuki's Politicized-Doctrines Leading To Catastrophic Carnage**

### **Suzuki's Catastrophic Business Destruction & Business Failures**

David Suzuki Foundation has been a principal architect in the conspiracy to prohibit against pest control products used in the urban landscape.

This politicized-doctrine has led to the extensive damage & destruction of the professional lawn care industry.

This is because there are NO valid economical alternatives to replace those conventional pest control products.

Green alternatives DO NOT WORK !

Consequently, professional lawn care businesses have been incapable to provide adequate weed and insect control, and have been unable to keep their customers satisfied — leading to catastrophic business destruction & business failures !

Because of Suzuki's politicized-doctrine, professional lawn care businesses have been forced to terminate many or most of their employees, and close their doors in bankruptcy.

Suzuki and his fanatical-operatives have mercilessly terrorized, baselessly smeared, falsely accused, grotesquely punished, innocently convicted, shamelessly persecuted, and wrongfully deprived those people working in the professional lawn care industry.

Through political interference & subversive conspiracies, Suzuki has given the public the false & fraudulent impression that children and adults are somehow being exposed to harmful agents whenever a pest control product is used in the urban landscape.

David Suzuki Foundation has ridiculously implied that its non-expert assessment concerning pest control products is somehow being withheld from Health Canada and every other science-based regulatory agency in the world.

Not surprisingly, Suzuki and his operatives have demonstrated that they are incapable of processing overwhelming scientific evidence.

Should we trust these fanatics, who conveniently ignore scientific evidence, and attempt to impose their politicized-doctrines and twisted life-style choices against our society ?!?!

NO !

In fact, indisputable and conclusive scientific research shows that, as reported through Health Canada's and the U.S. Environmental Protection

Agency's vast toxicology databases, NO harm will occur when pest control products are used according to label directions.

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who impose politicized-doctrines to destroy businesses and to harm their owners & employees !

---

**What Trade Associations Need To Do – How To DESTROY David Suzuki**

## **6. Exploit Suzuki's Lying Hateful Indifference**

**Suzuki Is A Lying Hateful Bastard  
With Depraved Indifference ?!?!**

Observers have suggested that David Suzuki himself hates people.

Is this true ?!?!

Suzuki appears to hate those people who are opposed to his politicized-doctrines.

Seemingly, Suzuki also hates everyone in the lawn care industry, and has imposed politicized-doctrines that have ruined its businesses and put its people out of work.

Suzuki hates golfers and despises the game of golf.

He continues to impose his politicized-doctrines against the golf industry, and, consequently, will inflict more ruined businesses, and people out of work.

Wherever the name Suzuki is heard, the screams of terror, despair, and destitution are deafening !

Suzuki's imposition of his politicized-doctrines NOT simply confined to commercial industries.

David Suzuki has provided sarcastic and depraved doctrines for stimulating the economy —

*You could have a car accident.*

*That would mean money spent on repairs, insurance, investigations, and maybe even a new car.*

Is there no end to his hatred ?!?!

Suzuki even hates his fans by staring at them woodenly with icy silence whenever they seek to adore him with attention.

Suzuki hates humans because he believes they are maggots.

Suzuki hates Santa Claus and ruins Christmas for children.

Suzuki even sends propaganda packages directly to schools in order to brain-wash hapless children with his politicized-doctrines.

Is there no end to his hatred as a non-expert hateful bastærd with depraved indifference ?!?!

David Suzuki is also a lying sack of cræp !

He is truth-challenged !

He lies and lies and lies and lies.

He never stops !

He repeatedly lies, and he is repeatedly wrong !

He states lunatic-lies & imaginary-dangers like they are truth, and in a way that make people listen to him.

Suzuki WAS Canada's leading anti-pesticide global warming environmental guru.

Suzuki lied about so-called global warming.

Suzuki lied about polar bears.

Suzuki lied about salmon farming.

Suzuki lied about PCBs.

Suzuki lied about pesticides.

Suzuki lied about cancer caused by golf courses.

Suzuki's lies are intended to discredit government and business.

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who are lying hateful bastards with politicized-doctrines that have proven to be destructive !

---

**What Trade Associations Need To Do – How To DESTROY David Suzuki**

## **7. Scrutinize Suzuki's Interference Campaigns**

### **Suzuki's Interference In Partisan Politics & Public Policy !**

David Suzuki Foundation promotes itself as a nation-wide, non-partisan, non-profit, registered-charity, tax-exempt environmental organization.

The rules at the Canada Revenue Agency seem clear.

A registered charity « *cannot be involved in partisan political activities* ».

Unless, apparently, you are David Suzuki and the David Suzuki Foundation.

Here is how Canada Revenue Agency defines what is prohibited to David Suzuki Foundation —

*A political activity is considered partisan if it involves direct or indirect support of, or opposition to, a political party or candidate for public office.*

*Charities can promote the policies of political parties and candidates they agree with, but must NOT directly or indirectly support the political party or candidate for public office.*

### **Example Of Suzuki's Subversive Interference With Partisan Politics !**

On July 21st, 2011, the Toronto Star reported David Suzuki, in an interview, urged Ontarians to re-elect Liberal Premier Dalton McGuinty on October 6th, 2011 —

*I'm offering an endorsement of what Mr McGuinty has done, absolutely.*

### **Example Of Suzuki's Subversive Interference With Partisan Politics !**

Suzuki was a principal partisan architect with the Ontario McGuinty Government in conspiring to prohibit pest control products used in the urban landscape.

Suzuki described the environmental policies of McGuinty's Conservative opposition rival, Mr Tim Hudak, as « *absolute insanity*». [ ?!?! ]

### **Example Of Suzuki's Subversive Interference With Partisan Politics !**

In a speech at McGill University, David Suzuki suggested Conservative Prime Minister Stephen Harper and Conservative Alberta Premier Ed Stelmach, should be jailed for « *inter-generational* » climate crimes. [ ?!?! ]

A spokesman for the Suzuki foundation later said Suzuki was NOT speaking literally about so-called climate crimes.

This is Suzuki's bogus excuse to remain in compliance with taxation laws.

### **Example Of Suzuki's Subversive Interference With Partisan Politics !**

In Calgary, Suzuki told an audience of school children, as he accepted 835 dollars they raised for his foundation —

*The only thing ( Prime Minister Stephen Harper ) cares about is getting re-elected with a majority government.*

*He has never, ever indicated he cares about the environment. [ ?!?! ]*

### **Example Of Suzuki's Subversive Interference With Partisan Politics !**

In 2017, Suzuki himself hosted a television documentary that exploited the supposed death of a golfer as a weapon of coercion and environmental terror against products that have been clearly shown to be LESS TOXIC THAN Aspirin, baking soda, caffeine, cannabis, nicotine, table salt, and Tylenol.

This was truly a cheap shot, merely designed to alarm and infuriate the public against the golf industry, and interfere with public policy against the use of pest control products.

Suzuki had NO real evidence concerning the death, just politicized-doctrines intended to harm the golf industry.

### **Example Of Suzuki's Illegal Violation Of Taxation Laws !**

Here are more of Suzuki's bogus excuses to remain in compliance with taxation laws.

Regarding his partisan comments, he has said that they are « *my personal opinion* » and « *nothing to do with my foundation* ».

No one should condemn his tax-free money-making foundation based upon his personal comments. [ ?!?! ]

How can the public distinguish the views of David Suzuki from the David Suzuki Foundation ?!?!

Its web-site is « *davidsuzuki(dot)org* » and NOT « *davidsuzukifoundation(dot)org* ».

There's even a picture of David Suzuki himself at the top of every page.

His views and biographical information are prominently displayed.

Who has the average person ever heard of in the David Suzuki Foundation, aside from David Suzuki ?!?!

The public must demand a total revocation of Suzuki's registered charity tax-exempt status !

**David Suzuki Foundation  
Must Lose Its Charity  
Tax-Exempt Status**

No more free-money for enviro-terrorist interference in partisan politics & public policy !

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who illegally interfere in partisan politics & public policy !

---

**What Trade Associations Need To Do – How To DESTROY David Suzuki**

**8. Challenge Suzuki's Politicized-Doctrine Of Cancer  
Caused By The Golf Industry**

**Why Is David Suzuki Attacking  
The Golf Industry ?!?!**

Pesticides on golf courses may cause cancer ?!?!

Really ?!?!

Under the politicized-doctrine of stopping cancer, golf businesses are being attacked by Suzuki and his fanatical-operatives.

Suzuki's latest anti-golf campaign, in the form of a documentary on CBC's The Nature of Things, falsely-implies that cancer occurs because pesticides are used on golf courses.

In fact, Suzuki has found ONLY ONE cancer-patient who MAY have been afflicted.

Moreover, photos of this cancer-patient clearly show him as being bloated, fat, pale, stressed, and totally out-of-shape — the perfect candidate for cancer.

Does Suzuki's documentary present ANY evidence of harm because of golf ?!?!

NO !

Do golf courses cause cancer ?!?!

NO !

Is golf making people sick ?!?!

NO !

All is well since all conventional pest control products have been evaluated for their carcinogenic potential. <http://wp.me/p1jq40-6yf>

Scientific research proves that pest control products will cause NO harm and DO NOT cause cancer.

Pest control products causing cancer IS A MYTH. <http://wp.me/P1jq40-2nl>

Even Canadian Cancer Society's own web-sites state repeatedly that scientific research DOES NOT provide a conclusive link between pest control products and cancer. <http://wp.me/P1jq40-4qC>

Now in his 80s, David Suzuki's own demise will NOT be caused by pesticides, and is far more likely to be caused by disease, accidents, or suicide ( the most likely cause of conspiracy theorists' deaths ).

The following is a list of the causes of human deaths world-wide, arranged by their associated mortality rates ...

- heart disease 30%
- cancer 25%
- chronic lower respiratory diseases 5%
- accidents ( unintentional injuries ) 5%

- stroke ( cerebrovascular diseases ) 5%
- alzheimer's disease
- diabetes
- influenza & pneumonia
- nephritis, nephrotic syndrome, & nephrosis
- intentional self-harm ( suicide ).

There are thousands of known deaths per year from known cancer-causing factors such as unhealthy diet, physical inactivity, excess body weight, alcohol consumption, and over-exposure to the sun.

There are NONE related to pest control products, which are scientifically-safe, and will NOT cause harm to people, animals, or the environment.

Suzuki's politicized-doctrine linking pest control products to cancer is simply based upon extremely low-quality politicized science.

In fact, there is NOT ONE KNOWN ILLNESS from the proper use of pest control products used on ANY golf course.

In essence, Suzuki HAS NOTHING !

Sadly, this kind of reckless campaign of politicized-doctrines by Suzuki will inevitably lead to terrorized & destroyed golf businesses, lost jobs and hardship for golf employees, and weakened communities.

All because Suzuki is a lying sack of cr@p !

Pest control products DO NOT cause cancer !

Suzuki has NO REAL evidence, just politicized-doctrines intended to harm the golf industry.

Health Canada, and NOT Suzuki, has the essential expertise on the subject of pest control products used by the golf industry.

We need a better David Suzuki, and NOT the Suzuki, with his fanatical-operatives, who impose politicized-doctrines with the intent to harm the golf industry !

---

What Trade Associations Need To Do – How To DESTROY David Suzuki

## 9. Tell Suzuki To Get Off The grASS Of The Golf Industry

**The #@!!% Suzuki-Bastards  
Deserve NO Free Money**

David Suzuki and his fanatical-operatives conspired to impose reckless & arbitrary prohibition, and deserve no less than —

- arrests
- fines
- imprisonment
- sanctions
- loss of donation money
- revocation of tax-exempt charity status.

In the event that criminal charges for FRAUD and CONSPIRACY are laid, Suzuki and his operatives should be advised that they have ALL have been identified on the basis of their statements, activities, affiliations, and whereabouts. <http://wp.me/P1jq40-4aU>

In the event that criminal charges for fraud and conspiracy are laid, legal experts say that there is sufficient information to lead to a successful prosecution !

More specifically, it is believed that Suzuki and his operatives ought to be investigated by taxation agencies in both the United States and Canada.

If Suzuki and his operatives want to interfere in partisan politics & public policy, then their charity tax-exempt statuses must be revoked.

Furthermore, the #@!!% Suzuki-bastards deserve NO free money !

Suzuki can be STOPPED, just like Greenpeace.

Environmental-terrorist organizations like Greenpeace have already lost their statuses in Canada in other jurisdictions — and Suzuki MUST be next !

Suzuki must be ratted-out through the appropriate complaint channels.

### **Complain. Complain. Complain.**

ANY information concerning the illegal activities of David Suzuki should be recorded and relayed to local government or taxation offices in order to assist with investigation. <http://wp.me/P1jq40-1PE>

### **Meet-&-Greet With Elected Officials**

Everyone in the green space industry ( including the golf industry ) — no matter where they live — must meet with their elected officials, regardless of party affiliation, to complain about Suzuki and his operatives. In order to meet and inform these elected officials, you must donate the maximum amount to the party, which is approximately 1,200 dollars. The cost of this donation is insignificant when compared to the catastrophic business destruction inflicted by Suzuki and his operatives. Any business owner in the green space industry who does not bother to meet with the local MPP is a pitiful fool and an idiot, and does not deserve a career, or a business, or any success.

### **Complain. Complain. Complain.**

Suzuki must be stopped ! Demand a revocation of Suzuki's and his operatives' registered charity tax-exempt statuses ! Suzuki and his operatives no longer deserve any donations or support. They DO NOT deserve their charity tax-exempt statuses. They DO deserve to face the spotlight of scrutiny and the terror of the courts !

We need a better David Suzuki, and NOT the David Suzuki who lusts for enviro-profit, and is filled with false-doctrines, illegal activities, and destructive campaigns.

Suzuki is non-partisan ?!?!

Non-profit ?!?!

Legitimate charity ?!?!

Enviro-fanatic ?!?!

In compliance with Canada Revenue Agency rules ?!?!

Laughing all the way to the to the bank !

Without paying taxes !

Ka-Ching !

Suzuki deserves the spotlight of scrutiny and the terror of a courtroom.

It's time to find a new and better David Suzuki !

The #@!!% Suzuki-bastards deserve NO free money !

Suzuki and his fanatical-operatives must be stopped !

Complain. Complain. Complain.

***NO Prohibition  
Exception Status

FORCE OF NATURE | DARING TO DEFY BY EXPLORING THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from  
National Organization Responding Against HUE that conspire to destroy the Green space and other industries (NORAHG)

## WE SPEAK THE WHOLE TRUTH ABOUT DAVID SUZUKI FROM AN INDEPENDENT PERSPECTIVE !

We are the National Organization Responding Against HUJE that conspire to destroy the Green space and other industries ( NORAHG). As a non-profit and independent organization, we are environmentalists who are dedicated to reporting about Truth-Challenged Pesticide-Hating Fanatics, like David Suzuki, who conspire to destroy businesses that are dependent on their use of conventional pest control products. We also report on the work of Respected and Highly-Rated Experts who promote Environmental Realism and Pesticide Truths. <http://wp.me/p1jq40-8DV>

NORAHG is the sworn enemy of lying, pompous, smug, uneducated, & pesticide-hating enviro-fanatics, like David Suzuki. Overwhelming scientific evidence clearly demonstrates that pest control products are scientifically-safe, and will not cause harm to children, adults, animals, or the environment. <http://wp.me/p1jq40-7HR> <http://wp.me/P1jq40-2ha> <http://wp.me/p1jq40-6Q6> <http://wp.me/p1jq40-5ni>

Enviro-fanatics, like Suzuki and his operatives, have shown that they are incapable of processing overwhelming scientific evidence. Do we want to trust these fanatics, who conveniently ignore scientific evidence, and attempt to impose their politicized-doctrines and twisted life-style choices against our society !?!

NORAHG was the brainchild of Mr William H Gathercole and his colleagues in 1991. Mr Gathercole is now retired, although his name continues to appear as founder.
