

Results of January 22nd 2008 survey of 5,000 Quebecers,
sponsored by the « TVA » television network,
the « Le Journal de Montréal » newspaper,
and « Corus » radio group.

Do you agree with the following statement ?
Considering one of the great debates of our society ...
I find it unfair that young people inherit a planet that
is heavily polluted by the generation of baby-boomers.

The margin of error is approximately 1.9 per cent, 19 times out of 20.
