

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

In the City of Durango, Colorado ...

On August 21st, 2012, the Durango City Council VOTED UNANIMOUSLY TO REJECT a petition-driven ordinance (a.k.a. Anti-Pesticide PROHIBITION) against the use of conventional pest control products, as well as non-organic fertilizers, on city parks and property.

The City of Durango is located in the State of Colorado, with a population of almost 17,000.

On August 21st, 2012, Durango City Council listened to a three-hour debate with attempts to COERCE Municipal Government Officials to IMPOSE PROHIBITION against the use of pest control products in the Urban Landscape.

Anti-Pesticide Lunatics ATTEMPTED TO DECEIVE CITY COUNCIL BY ALLEGING THAT OTHER JURISDICTIONS HAVE SUCCESSFULLY ADOPTED PROHIBITIONS, such as Boulder, Colorado.

In response, Municipal Government Officials noted the ABUNDANCE OF WEEDS in Boulder parks when relying on so-called ORGANIC PESTICIDE-FREE MAINTENANCE.

Municipal Government Officials also estimated that Anti-Pesticide PROHIBITION will lead to STUNNINGLY EXORBITANT MAINTENANCE COSTS as well as GARBAGE DUMP Green Spaces, just like many other jurisdictions in North America.

The costs for maintaining Durango's PARKS will INCREASE from \$34,550 to \$237,450 annually.

The costs for maintaining Durango's NATURAL LANDS will INCREASE from \$8,000 to \$76,700 annually.

Municipal Employees will be forced to resort to the BACK-BREAKING AND AGONIZING JOB OF WEED-PULLING BY HAND.

Municipal Government Officials URGED ANTI-PESTICIDE LUNATICS TO CONSIDER A MORE COLLABORATIVE APPROACH IN DRAFTING ANOTHER ORDINANCE with various stakeholders, such as representatives for the Hillcrest Golf Course and Professional Lawn Care companies.

Mayor Doug Lyon REJECTED THE FEARS OF PEST CONTROL PRODUCTS by citing information from web-sites of the Environmental Protection Agency and Health Canada, agencies that have approved pest control products for use in the Urban Landscape.

Durango's Municipal Government Officials attempted to APPEASE local Anti-Pesticide Lunatics with so-called CHEMICAL FREE PARKS.

Two city-owned parks, Brookside and Pioneer, were designated as so-called CHEMICAL FREE PARKS.

The condition of these parks relied upon so-called ORGANIC PESTICIDE-FREE MAINTENANCE AND NON-ORGANIC FERTILIZER.

The CHEMICAL FREE PARKS were ABYSMAL FAILURES.

They were examples of why ORGANIC MAINTENANCE CANNOT WORK ON A LARGER SCALE without turning the entire city into a GIGANTIC GARBAGE DUMP. (See mock-photo.)

The so-called CHEMICAL-FREE PARKS are unsightly due to the BROAD-LEAVED PLANTAIN WEEDS growing amidst the grass where the children play.

It would be preferable to apply pest control products that are SCIENTIFICALLY-SAFE, CAUSE NO HARM, and are NO THREAT TO CHILDREN.

Mechanical aeration of the soil, applications of gypsum, and over-seeding with improved cultivars WILL NOT CONTROL WEEDS.

According to Durango's Municipal Government Officials —

We put up signs to let residents know the parks were maintained organically as a way to APOLOGIZE for how badly they look. Those two parks are AT LEAST 50 PER CENT WEED-COVERED.

ORGANIC PESTICIDE-FREE MAINTENANCE IS NOT ECONOMICALLY VIABLE WITHOUT DROVES OF LABORERS TO HAND PULL UNWANTED PLANTS.

Moreover, Durango's CHEMICAL FREE PARKS HAVE DOOMED CHILDREN TO SUFFER INJURIES.

PESTICIDE-FREE MAINTENANCE creates HAZARDOUS SLIPPING CONDITIONS in sports turf.

In fact, WITH PESTICIDE-FREE MAINTENANCE, children are actually AT HIGH RISK OF TRIPPING and becoming SERIOUSLY HURT.

CARNAGE Leading To **GARBAGE DUMP** Green Spaces

Durango, Colorado's Pesticide-Free Garbage Dump

Brookside Park, designated as a so-called Chemical-Free Park, is now infested with 50 per cent plantain weeds

CARNAGE Leading To GARBAGE DUMP Green Spaces

prohibition carnage

PESTICIDE BANS DESTROY PUBLIC AND RESIDENTIAL GREEN SPACES BY TURNING THEM INTO GARBAGE DUMPS.

Summary of CATASTROPHIC CARNAGE CAUSED BY GARBAGE DUMP GREEN SPACES ...

- Children are at HIGH RISK OF TRIPPING ON WEEDS and BECOMING HURT.
- Dandelions are the DOMINANT GROUND COVER ... EVERYWHERE !
- Invasive noxious weeds like Japanese Knotweed and Giant Hogweed.
- Lawns are DECIMATED and ruined by pests like white grubs.
- Mature street trees are DYING because of uncontrolled pests.
- Natural grass sports fields are being REPLACED by dangerous artificial turf.
- Parks are INFESTED with weeds that crowd out grass.
- People are SUFFERING from SEVERE REACTIONS to weeds like Poison Ivy.
- Pesticide-free maintenance is STUNNINGLY EXPENSIVE.
- Playing surfaces are INFESTED with damaging weeds and insects.
- Rose plantations are DYING and must be REMOVED by cities.
- Swarms of flies are EVERYWHERE !
- Weed-infested playing surfaces are HARD and DANGEROUS.
- Weeds are UNCONTROLLED in ditches and are INVADING nearby farms.
- WHO WANTS TO LIVE IN #@!!% PEST-INFESTED GARBAGE DUMPS ?!?!

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

NORAHG

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

The information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader by providing a sequence of events WITH COMMENTARY, striving for accuracy in history, politics, and science.

FORCE OF NATURE is TOTALLY INDEPENDENT and provides NO guarantee regarding accuracy or completeness. In no event shall FORCE OF NATURE be liable for any incidental or consequential damages, lost profits, or any indirect damages.

NORAHG also produces A LOOK AT, a series of reports providing TECHNICAL INFORMATION on issues such as Career Management, Golf Course Maintenance, Green Alternatives, Summer Stress, Turfgrass Pests, and Turfgrass Species.

Finally, NORAHG frequently responds to anti pesticide activists in LETTERS TO THE EDITOR in newspapers across Canada and around the world.

All information, excerpts, and pictures contained in FORCE OF NATURE, A LOOK AT, and LETTERS TO THE EDITOR were retrieved from the Internet, and may be considered in the public domain.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
