The owner of an Ontario lawn care company now sees unfortunately that Force of Nature was right !

---

Dear Force of Nature

I guess you were right about the dismal economic effect on LCO's [ Professional Lawn Care Companies ] in Ontario because of McGuinty [ the Premier of Ontario ] .

I run a medium sized lawn care company, and I've been in business for over 20 years in the area west of Toronto.

I am now operating with 60 per cent of my original customer base now.

I LOST FORTY PER CENT OF MY CUSTOMERS SINCE THE ONTARIO BAN BEGAN THIS SPRING !

# Consequences

## Part 6

28/09/2009

I thought I had a very loyal base, but many customers didn't see any value in the lawn program if there was no weed, grub, or chinch bug control.

Sadly, I am still doing much better than many of my competitors, who have not been able to maintain 30 per cent of their customers.

**SOME HAVE LOST 70 PER CENT OF THEIR CUSTOMERS !**

I will try to do more property maintenance, like mowing, but this is an area that I loathe.

Many times, by 2 p.m., most of my staff have punched out for the day already.

My employees are willing to work less hours for the time being, in they hope things will change.

Lies perpetrated by environmental opportunists :  
<< [...] *legislation will be a boon to our economy --  
boosting business and creating green jobs.* >>

**There are now frightening  
predictions regarding  
the toll caused by  
environmental terrorism  
and the destructive  
policies leading to the  
prohibition of legal, safe,  
and irreplaceable  
pest control products.**

# Consequences

## Part 6

The following figures are based upon indicators in markets that have prohibited pest control products.

**In the Province of Ontario, the Professional Lawn Care Industry will suffer the following damages because of the prohibition of legal, safe and irreplaceable pest control products :**

**\$500 million in annual loss of revenue**  
**8,300 to 12,500 people unemployed**  
**780 business failures & bankruptcies**

**FORCE OF NATURE** was launched for continuous transmission on the Internet on January 1<sup>st</sup>, 2009. It is a series of e-newsletters destined for the **GREEN SPACE INDUSTRY**, the **ENVIRONMENTAL TERROR MOVEMENT**, politicians, municipalities, and the media, nation-wide across Canada, and parts of the United States and overseas. **FORCE OF NATURE** is produced in two parts: First, The **MEDIA REPORT** itself that reports on the current events affecting the future of the **GREEN SPACE INDUSTRY**. Second, **INDEPENDENT PERSPECTIVE**, which is a running commentary, sometimes technical in nature. Force of Nature is the **WHOLE TRUTH** from an **INDEPENDENT PERSPECTIVE**!

**FORCE OF NATURE** is the brainchild of William H. Gathercole and his entourage. Norah G. is actually an acronym for the stable of writers that contribute to this e-newsletter. The opinions expressed in Force of Nature, even though from an **INDEPENDENT PERSPECTIVE**, may not reflect those of everyone in the **GREEN SPACE INDUSTRY**, or Mr. Gathercole's many associates. Be warned! Mr. Gathercole and Norah G. may sometimes be very irreverent and fearless with these e-newsletters. **DON'T THANK US. IT'S A PUBLIC SERVICE. AND WE ARE GLAD TO DO IT.**

William H. Gathercole holds a degree in horticulture from the **UNIVERSITY OF GUELPH**, and another pure and applied science degree from **MCGILL UNIVERSITY**. He has worked in virtually all aspects of the **GREEN SPACE INDUSTRY**, including public affairs, personal safety, and environmental issues. Mr. Gathercole has been a consultant and instructor for decades. He also was an agricultural agronomist. Mr. Gathercole has been following the evolution of **ENVIRONMENTAL TERRORISM** for a quarter-century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others, legal action against unethical and excessive municipal regulations restricting the use of pest control products. (i.e. the Town of Hudson.) Although he can be accused of being **ANTI-ENVIRONMENTAL MOVEMENT**, he is, in fact, simply a strong advocate **FOR** the **GREEN SPACE INDUSTRY**. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of our long journey with environmental issues is **UNDENIABLE**. (Hopefully!) For many years, Mr. Gathercole has been a contributing columnist for **TURF & RECREATION Magazine**, Canada's Turf and Grounds Maintenance Authority.

All document excerpts and pictures contained in **FORCE OF NATURE** were found somewhere on the Internet. We believe that they are in the public domain, serving one of the following purposes: archive, education, promotion, publicity, or press release.

We believe that environmental terrorism can be **BEATEN**! Information presented in **FORCE OF NATURE** has been developed for the education and entertainment of the reader. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. The mission of Force of Nature is to respond to those statements and activities originating from culprits that conspire to prohibit **FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE** conventional pest control products. Culprits are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each culprit is a mis-guided adversary, each still deserves our respect. The term "culprit" is not an accusation of any legal wrong-doing. Force of Nature is simply holding culprits accountable for changes in public policy that have terrorized the Green Space Industry. Force of Nature believes that the prohibition policies of the **ENVIRONMENTAL TERROR MOVEMENT** will lead to **UNEMPLOYMENT, BANKRUPTCY, BUSINESS FAILURE, DESPAIR, and DESTITUTION**. The actions of the movement is viewed as a form of **TERROR** against the Green Space Industry.
