Prohibition RESCINDED

March 8th, 2011

Salmon Arm, British Columbia

The Professional Lawn Care companies in the City of Salmon Arm can now conduct business in an UNOBSTRUCTED MANNER.

On February 23rd, 2009, Salmon Arm's Elected Officials had legislated a NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION By-Law of pest control products used in the Urban Landscape.

Victory

The Salmon Arm Era of Prohibition Terror Is ENDED !

Two years later, on February 28th, 2011, at a Meeting of the City Council, readings to AMENDMENTS to the By-Law included a number of NEW and HYPOCRITICAL EXCEPTIONS.

Among these, Elected Officials GAVE CITY STAFF AN EXCEPTION STATUS, and THE GO-AHEAD TO USE PEST CONTROL PRODUCTS TO TREAT INFESTATIONS AND ON MUNICIPAL INFRA-STRUCTURE.

These INFRA-STRUCTURES included HARD-SCAPES such as sidewalks, roads and boulevards.

Originally, when Elected Officials performed the first, second, and third readings of the new AMENDMENTS, Professional Lawn Care companies were NOT considered.

During the City Council Meeting, owners of local Professional Lawn Care companies CRIED UNFAIR.

Dean Edwards of Salmon Arm Property Maintenance stood up during the Council Meeting, and asked specifically if the Elected Officials were allowing themselves to use pest control products, and not letting « *Certified Applicators* » use the same products for the residents of Salmon Arm.

The Mayor addressed the question first, and then asked city staff for clarification that he was correct in his answer, and was advised that « yes » he was.

The city could use the products once all alternatives had been tried on City infrastructure if there was an infestation.

Dean Edwards then commented that this was « *typical* ».

The following week, and prior to the final reading of the AMENDMENTS to the By-Law the following week, it was finally decided to provide « *Certified Applicators* » with an EXCEPTION STATUS.

During the City Council's final reading, Dean Edwards had stood up at the end of the meeting, and interjected again.

What about « *Certified Applicators* » ?

The Mayor asked for clarification from city staff, who was then advised that Edward's question would have to be referred to the head of the City's Parks Department.

The owners of local Professional Lawn Care companies were then taken aside, and told that they would have a meeting with city staff who would clarify the By-Law.

On March 2nd, 2011, during the meeting with city staff, the owners received an UPDATED COPY of the By-Law, which now included an EXCEPTION STATUS for « *Certified Applicators* ».

EXCEPTION — « *Pest infestations treated by a Certified Applicator* ».

Henceforth, the Professional Lawn Care companies in the City of Salmon Arm could conduct business in an UNOBSTRUCTED MANNER.

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
