Owner and Founder of The Environmental Factor
Organo–Lunatic Lawn Maintenance Company (Ontario)
UNVERIFIABLE Claims Concerning Pesticide–Free

These have been very exciting tomes for the organic industry.

[?!?!]

We have quadrupled in service over the last five years.

*One of the biggest questions that I am asked in the organics
... homeowners will say ... what will my lawn look like ?*

We like to demonstrate ...

The DISMAL FAILURE of BOGUS Organo–Lunatic–Maintenance by The Environmental Factor

This lawn, for example, has been treated with pesticides for the last three years.

It is depleted.

[Depleted because of pesticides ?!?!]

It needs watering.

[More watering is needed because of pesticides ?!?!]

It has some chinch bug.

[It has insects because of pesticides ?!?!]

And it also has some weeds.

[It has weeds because of pesticides ?!?!]

This lawn has been pesticide-free for over ten years.

In turn ...

... you have a healthy green lawn.

[Green and healthy because it is pesticide-free ?!?!]

It's moist.

[The lawn is moist because it is pesticide-free ?!?!]

And it's soft to walk on.

[The lawn is soft because it is pesticide-free ?!?!]

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

BOGUS—Organic—and—Pesticide—Free
Lawns and Golf Courses are promoted by people
with UNVERIFIABLE SUCCESS STORIES !

Virtually ALL Organic—and—Pesticide—Free
Maintenance Methods Are BOGUS

The terms ORGANIC and PESTICIDE—FREE have NOT been OFFICIALLY DEFINED by
the Modern Green Space Industry.

They have ONLY been defined by PROFITEERING Environmental—Terrorist—
Organizations.

BOGUS—Organic—and—Pesticide—Free Lawns and Golf Courses are promoted by peo-
ple with UNVERIFIABLE SUCCESS STORIES !

BOGUS—Organic—and—Pesticide—Free Lawns and Golf Courses are promoted by peo-
ple who falsely allege success, and who are likely concocting LIES, MISCONCEP-
TIONS, and DECEPTIONS for their own twisted personal interests.

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

Green Alternatives are NOT viable, NOT efficacious,
NOT economical ... most are NOT even legal

Virtually All Green Alternatives Are BOGUS

Overall, the so-called Organo-Lunatic Lawn Maintenance Companies ARE UNABLE TO PROVIDE A THICK, GREEN, and PEST-FREE LAWN AND LANDSCAPE.

BOGUS-Organic-and-Pesticide-Free Lawns and Golf Courses cannot be adequately maintained with LEGAL Green Alternatives to conventional pest control products.

Moreover, these Enviro-Vermin use ILLEGAL Green Alternatives, such as beet juice, copper sulphate, micro-organisms, and neem oil.

They also use conventional pest control products ... WHEN IT SUITS THEM !

They will apply pest control products when customers are not present on the property, or when the facilities are closed.

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

BOGUS—Organic—and—Pesticide—Free
Lawn Care Companies and Golf Facilities Represent
a MAJOR THREAT to the Modern Green Space Industry

The ENEMIES of the
Modern Green Space Industry

LUNATIC—PROHIBITION—TERRORISTS DESPISE the Green Space Industry.

Any trend that embraces BOGUS—Organic—and—Pesticide—Free Lawns and Golf Courses will NEVER provide ANY protection against these Lunatic—Vermin who CONSPIRE to ANNIHILATE the Modern Green Space Industry.

These Lunatics CONCOCT BOGUS and UNVERIFIABLE SUCCESS STORIES in order to ADVANCE THEIR CONSPIRACY TO PROHIBIT CONVENTIONAL PEST CONTROL PRODUCTS.

Lunatics DEMAND the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of ALL pest control products, except their own Green Alternatives, despite the fact that conventional products are LEGAL and SCIENTIFICALLY SAFE.

The DISMAL FAILURE of

BOGUS Organo Lunatic Maintenance

Any trend favouring
BOGUS-Organic-and-Pesticide-Free
Lawn Care Companies and Golf Facilities
will DRIVE CUSTOMERS AWAY and will lead
to ECONOMIC HARDSHIP and BANKRUPTCY

INADEQUATE and UNECONOMICAL Turf Conditions

BOGUS-Organic-and-Pesticide-Free Lawn Care Companies and Golf Facilities are UNABLE to provide ADEQUATE TURF and PLAYING CONDITIONS.

Unfortunately, Organic-and-Pesticide-Free Maintenance leads to UNBEARABLE and DESTRUCTIVE PEST PROBLEMS and DISORDERS.

BOGUS-Organic-and-Pesticide-Free Lawn Care Companies and Golf Facilities are now facing BANKRUPTCY since they are NOT able to afford the HIGH COST OF LABOUR needed to manually remove millions of pests, or the STUNNINGLY EXPENSIVE and INEFFECTIVE Green Alternatives.

The DISMAL FAILURE of

BOGUS US Organo Lunatic Maintenance

In some cases, Organo-Lunatic-Maintenance
using Green Alternative Pesticides
may be considered as UNSAFE
as using Agent Orange, DDT,
and other banned products

Green Alternative Pesticides
SHOULD NOT BE ALLOWED ANYWHERE NEAR CHILDREN !

The Green Alternative methods of controlling pests and fertilizing turf and ornamental plants are almost INEFFECTIVE and NON-EXISTENT.

A well-maintained conventional lawn and landscape can ONLY BE ACHIEVED WITH CONVENTIONAL pest control products and fertilizers.

Fortunately, CONVENTIONAL pest control products and fertilizers are SAFE, EFFECTIVE, and ECONOMICAL.

CONVENTIONAL pest control products and fertilizers DO NOT CONTAIN LIVING PATHOGENIC ORGANISMS, FERMENTED MATERIALS, OR METALS THAT MAY BE DEEMED UNSAFE FOR CHILDREN, ADULTS, AND THE ENVIRONMENT.

The DISMAL FAILURE of

BOGUS Organo Lunatic Maintenance

In many cases, so-called Organo-Lunatic Lawn Maintenance Companies use Green Alternative Pesticides that are questionably HIGHER IN TOXICITY, and pose HIGHER ENVIRONMENTAL RISKS.

Many Organo-Lunatic Lawn Maintenance Companies use Green Alternative Pesticides are NOT EVEN FEDERALLY-REGISTERED and TESTED FOR THE SAFETY OF HUMAN HEALTH AND THE ENVIRONMENT.

Many Organo-Lunatic Lawn Maintenance Companies may use Green Alternative Pesticides that may be DEEMED UNSAFE FOR EXPOSURE TO CHILDREN.

Many Green Alternative Pesticides have NOT BEEN TESTED by Good Laboratory Practice (GLP) qualified laboratories, as is the case with CONVENTIONAL pest control products registered by the Federal Government.

Many Green Alternative Pesticides are NOT SCIENTIFICALLY SAFE !

Many Green Alternative Pesticides may be deemed NOT SAFE, especially for children !

In many cases, Organo-Lunatic-Maintenance using Green Alternative Pesticides SHOULD NOT BE ALLOWED ANYWHERE NEAR CHILDREN !

In some cases, Organo-Lunatic-Maintenance using Green Alternative Pesticides may be considered as UNSAFE as using Agent Orange, DDT, and other banned products.

The DISMAL FAILURE of

BOGUS US Organo Lunatic Maintenance

GARBAGE DUMPS and DANGEROUS Playing Surfaces

LUNATIC-TERRORIST- PROHIBITION in Canada has created GARBAGE DUMPS and DANGEROUS PLAYING SURFACES — ESPECIALLY TO CHILDREN !

In jurisdictions where LUNATIC-PROHIBITION was imposed, playing surfaces like home lawns, public green spaces, and sports fields became WEED-INFESTED and INSECT-INFESTED.

They became OVER-RUN by Dandelions and other weed pests, and were DESTROYED by damaging insect pests like European Chafer.

THE PROHIBITION OF PEST CONTROL PRODUCTS REPRESENTED A HAZARD TO ANYONE USING THESE PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rained, organically-maintained pest-infested playing surfaces were SLIPPERY MUD BOGS.

When dry, organically-maintained pest-infested playing surfaces were AS HARD AS CONCRETE.

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

Green Alternatives Are BOGUS

Virtually all Green Alternatives are BOGUS, displaying negative characteristics such as the following —

- BOGUS Green Alternatives are ALMOST TOTALLY INEFFECTIVE except under specific circumstances
- BOGUS Green Alternatives require EXTREMELY-HIGH-INPUTS OF ACTIVE INGREDIENT since they will otherwise be less effective
- BOGUS Green Alternatives are HIGHER IN TOXICITY, and pose HIGHER ENVIRONMENTAL RISKS
- BOGUS Green Alternatives are PROHIBITED and ILLEGAL in some jurisdictions because of concerns about safety
- BOGUS Green Alternatives are STUNNINGLY MORE EXPENSIVE to use when compared to conventional pest control products
- BOGUS Green Alternatives are supplied by the same For-Profit-Enviro-Terror-Businesses that sought LUNATIC-TERRORIST-PROHIBITION against conventional pest control products
- BOGUS Green Alternatives have negative side-effects like PHYTO-TOXICITY (adversely affects plant growth) or CORROSION or RODENT-ATTRACTION or REPULSIVE ODOUR
- BOGUS Green Alternatives require MORE PERSONAL PROTECTION for the user

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

Green Alternatives are NOT SAFER,
NOT BETTER, and NOT MORE EFFECTIVE

BOGUS–Organic–and–Pesticide–Free Lawn Care Companies and Golf Facilities are promoted by the SAME people who advocate for Integrated Pest Management, which is ANOTHER BOGUS form of pest management.

BOGUS–Organic–and–Pesticide–Free Lawn Care Companies and Golf Facilities are promoted by people having NO valid expertise, training, or background in these matters !

BOGUS Green Alternatives are a DISMAL FAILURE

Overall, Green Alternatives are a DISMAL FAILURE since they merely SUPPRESS or INHIBIT pests of turf, and require an excessive number of repeat applications, often with EXTREMELY-HIGH-INPUTS OF ACTIVE INGREDIENT.

On the other hand, conventional pest control products FULLY, EFFECTIVELY, and SAFELY CONTROL pests, without the need for excessively repeating applications, or without using exorbitant quantities of active ingredient.

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

Integrated Pest Management Is a BOGUS and a FAILED PUBLIC RELATIONS STRATEGY

Integrated Pest Management is a FAILURE and a WASTE OF TIME AND MONEY for the Green Space Industry.

Moreover, using IPM accomplishes virtually NOTHING in terms of resolving the public affairs issues concerning LUNATIC-TERRORIST-PROHIBITION against pest control products.

Nor does Integrated Pest Management effectively and consistently control the pests of established turf and ornamental plants — at best, it MAY provide some LIMITED IMPROVEMENT towards the efficiency and effectiveness of conventional pest control products.

Integrated Pest Management is an INEFFECTIVE management strategy for CONTROLLING the damaging pests of established turfgrasses, as well as trees and shrubs.

The Professional Lawn Care Industry used Integrated Pest Management, and FAILED to defend itself from LUNATIC-TERRORIST-PROHIBITION.

Furthermore, it will be increasingly difficult for the Golf Industry to defend any Exception Status based upon the need for high-quality playing conditions, especially since ALL pest control products, including those used on the golf course, represent to Lunatic-Vermin some kind of IMAGINARY DANGER.

The DISMAL FAILURE of

BOGUS

Organo Lunatic Maintenance

Integrated Pest Management is a DISMAL FAILURE and a WASTE OF TIME AND MONEY for the Modern Green Space Industry.

LUNATIC-TERRORIST-PROHIBITION DESTROYED the Modern Professional Lawn Care Industry DESPITE ITS ADOPTION OF INTEGRATED PEST MANAGEMENT.

Virtually All Organic and Pesticide-Free
Lawn Care Companies and Golf Facilities
are BOGUS

They represent a MAJOR THREAT
to the Modern Green Space Industry

Canada Revenue Agency Informant Leads Program

The Canada Revenue Agency (CRA) takes abuse of Canada's tax laws very seriously. When an individual or business does not fully comply with tax legislation, an unfair burden is placed on law-abiding taxpayers and businesses and the integrity of Canada's tax base is jeopardized.

The mandate of the Informant Leads Program is to co-ordinate all leads that the CRA receives from informants, to determine if there is an element of non-compliance with tax legislation, and to ensure that appropriate enforcement action is taken.

The program is regionalized into five offices across the country. To report suspected tax evasion, contact the office in your region (An informant's identity will not be disclosed or you may provide information anonymously):

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
