

OFFICIAL DISTRIBUTOR OF

STER-SAN PV rtu

(Ready to use)

The disinfectant that is helping to stop the spread of COVID-19 and other microbial problems.

STER-SAN PV rtu is specifically designed as a general nonacid cleaner and disinfectant for large surface areas such as golf club houses, power and pull golf carts, maintenance vehicles and mowers, benches, ball washers and other course furniture.

Approved by the Government of Canada this disinfectant may be used against SARS-CoV-2, the CORONAVIRUS that causes COVID-19. It is also a strong disinfectant for HIV-1, HCV, BVDV, Norovirus, Avian Influenza and many more.

It is formulated to disinfect hard non- porous inanimate surfaces such as:

- Floors
- Walls
- Metal Surfaces
- Porcelain
- Kitchen Areas
- Stainless Steel Surfaces
- Glazed Ceramic Tile
- Plastic Surfaces
- Bathrooms, Shower Stalls
- Cabinets
- Patio Areas
- Mobile Equipment

DIN: 20474166

No scrubbing required, simply spray area until it is covered with the solution and allow it to dry on surface area. The area can also be wiped off with a clean cloth, sponge or mop. Once surfaces have been cleaned there will be no grit or soap scum left.
