CBC News

City Of Charlottetown, Province Of Prince Edward Island (PEI)

Selected And Adapted Excerpts

A clueless municipal employee has to confirm a pest infestation before a banned product can be used in Charlottetown, on Prince Edward Island

FORCE OF NATURE | DARING TO DEFY BY EXPLORING THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE
National Organization Responding Against HUIE that conspire to destroy the Green space and other industries (NORAH)

Charlottetown Councillor Bob Doiron believes the \$50 fee that residents are forced to pay to apply to spray their lawn with banned pesticides is NOT FAIR.

The fee is part of the new pesticide by-law [i.e. prohibition with pay-for-spray predatory-permits providing exception statuses].

It pays for a clueless municipal employee to confirm a diagnosis of a pest infestation already made by a professional lawn care business.

Charlottetown Councillor Bob Doiron wants a vote

FORCE OF NATURE | DARING TO DEFY BY EXPLORING THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE
National Organization Responding Against HUIE that conspire to destroy the Green space and other industries (NORAH)

On September 11th, 2017, at Charlottetown's city council meeting, [Our Hero] Councillor Bob Doiron put in a notice for a motion at the next council meeting to vote to GET RID OF THE FEE.

According to Councillor Doiron —

I've asked for their [Charlottetown's city council] support on this to stop this TAX-GRAB against the city residents and that's all I can do.

I'm not going to go to each and every one, I know there's certain people that don't believe in this, some that do.

I'm just putting it on the floor to see that council hopefully in their wisdom would look at this and say this is unneeded.

Councillor Doiron wants to see the SECOND INSPECTION [performed by a clueless municipal employee] by a city official ELIMINATED.

According to Councillor Doiron, the lawn care business have the necessary expertise, and they DO NOT need the city looking over their shoulders.

He would also like to see the fees already collected REFUNDED to residents.

NORAHG Response

THE SELLING OF #@!!% PREDATORY-PERMITS BY CHARLOTTETOWN & SUMMERSIDE ON PRINCE EDWARD ISLAND IS LOATHSOME !

Both municipalities have maliciously prevented the Professional Lawn Care Industry from operating its businesses without first extorting the purchase of 50-dollar predatory-permits for every single pest control treatment on residential properties.

With their by-laws, these municipalities have granted themselves the power to legally extort untold thousands of dollars in unjustified profits from the sale of predatory-permits.

Typically, a 50-dollar fee is levied against residents and/or lawn care businesses for every single pest control treatment — in defiance of the fact that the actual cost of the application may be less than the fee itself.

In essence, these loathsome municipalities have despicably conspired to impose prohibition against conventional pest control products with the intention of profiting from the sale of predatory-permits.

Who can afford this #@!!% nonsense ?!?!

There should be NO #@!!% predatory-permits in Charlottetown and Summerside. Or, anywhere else.

Background Information

Charlottetown

And Its Conspiracy To Impose Arbitrary &
Profitable Prohibition Against Pest Control
Products Used In The Urban Landscape

✓ **FACTS** About Charlottetown & Prince Edward Island

✓ **FACT** — Charlottetown Is The Capital & Largest City On The Province Of Prince Edward Island (PEI) With A Population Of Almost 35,000

✓ **FACT** — In 2010, Prince Edward Island Imposed A LIMITED PROVINCIAL PROHIBITION Against Conventional Pest Control Products Used In The Urban Landscape

✓ **FACT** — The PEI PROHIBITION Was Imposed Under The False-Pretext That Conventional Pest Control Products Cause Cancer, In Defiance Of Statements By Leading Scientific International Experts Like Dr Leonard Ritter, Who Has Stated That These Products Are NOT The Leading Cause Of Cancer

✓ **FACT** — PEI's PROHIBITION Arbitrarily Removed 240 Products From Use By Consumers

✓ **FACT** — PEI's PROHIBITION Was Imposed Specifically Against 2,4-D Herbicide Use By Either Consumers Or Lawn Care Businesses, But The Golf Industry Was Provided With A Full Exception Status

✓ **FACT** — PEI's LIMITED PROHIBITION Provided An Exception Status, Except For 2,4-D, For Businesses Operating In The Professional Lawn Care Industry

✓ **FACT** — In Charlottetown, Government Officials & Activists Were Not Satisfied With PEI's LIMITED PROHIBITION, & Demanded TOTAL PROHIBITION Against ALL Pest Control Products Used In The Urban Landscape

✓ **FACT** — PEI's Provincial Officials Indicated That Municipalities, Like Charlottetown, DO NOT Have The Authority To Impose Prohibition Against Pest Control Products

✓ **FACT** — In 2017, Charlottetown Defied Provincial Officials & Imposed Its Own TOTAL PROHIBITION Against Conventional Pest Control Products

✓ **FACT** — Charlottetown's TOTAL PROHIBITION Removed The Full Exception Status Enjoyed By Businesses Operating In The Professional Lawn Care Industry

✓ **FACT** — Charlottetown's TOTAL PROHIBITION Was Defended By Municipal Officials Who Launched A Propaganda Campaign That Attempted To Brain-Wash Residents Into Believing That Green Alternative Pesticides Are As Effective As The Conventional Products That Were Prohibited [?!?!]

✓ **FACT** — As A Consequence Of Charlottetown's TOTAL PROHIBITION, Green Spaces Became Pest-Infested & Dangerous Garbage Dumps, With Rampant & Uncontrolled Invasive Weeds & Damaging Insects — Municipal Officials Responded With A Predatory-Permit System That Allowed A Pay-For-Spray Exception Status

✓ **FACT** — Charlottetown's Predatory-Permit System Granted The City The Power To Legally Extort Untold Thousands Of Dollars In Unjustified Profits

✓ **FACT** — With Charlottetown's Predatory-Permits, A 50-Dollar Fee Is Levied Against Residents And/Or Lawn Care Businesses For Every Single Pest Control Treatment — In Defiance Of The Fact That The Actual Cost Of The Application May Be Less Than The Fee Itself

✓ **FACT** — In Late 2017, A Charlottetown Councillor Moved To Axe These Predatory-Permits, Calling Them A Tax-Grab

✓ **FACT** — In Charlottetown, Government Officials & Activists Are A Small Group Of Fanatics With Vested Interests In Concocting Imaginary Danger Against Pest Control Products

✓ **FACT** — In Charlottetown, Fanatic-Activists, Like Sharon Labchuk & Maureen Kerr, Have Demanded EVEN MORE PROHIBITION Which Would Include The Agriculture Industry

✓ **FACT** — In Charlottetown & Throughout PEI, Fanatic-Activists Sharon Labchuk, & Her Green Party Conspirators, Have Launched A Informant Service Against The Agriculture Industry — These Lunatic Housewives Have Self-Appointed Themselves To Spy On Farmers While They Perform Chores Such As Spraying & Fertilizing

✓ **FACT** — Sharon Labchuk & Her Green-Conspirators Use Their Lunatic Informant Service Just Like Hitler's Nazi Germany

✓ **FACT** — In Charlottetown, Fanatic-Activist Maureen Kerr Has Falsely-Blamed Pest Control Products For The Death Of Her Mother In Order To Exploit Her Anti-Pesticide Agenda

✓ **FACT** — In Charlottetown, There Is NOT One Known Illness Or Death From The Proper Use Of Pest Control Products Used In The Urban Landscape

✓ **FACT** — In Charlottetown, Some Government Officials Are Starting To Think Twice About Prohibiting Products That Are Otherwise Safe & Effective

SUMMARY

Selling Of Predatory-Permits That Allow A Pay-For-Spray Exception Status In Charlottetown Is A Loathsome Tax-Grab

Exception statuses have represented the best examples of the failures & the ridiculousness of anti-pesticide prohibition !

While imposing their arbitrary by-laws — prohibiting some uses but NOT others through exception statuses — municipalities, like Charlottetown, CANNOT stop the public from realizing that a large quantity of deliberate mis-information & propaganda has been spread about the imaginary danger of conventional pest control products.

Despite imposing prohibition, municipalities across the nation have allowed thousands & thousands of inconsistent & unfair exception statuses, including agriculture, forestry, fruit gardens, fruit trees, golf facilities, greenhouses, hard-landscapes, industrial properties, institutional properties, lawn care businesses, lawns that need to be safe for use, new lawns (seeded), municipal infra-structures, municipal green spaces, commercial properties, new parks, pest infestations, public infra-structures, rose gardens, sports fields, urban forests, vegetable gardens, and more.

These exception statuses have been conveniently incorporated into by-laws in order to allow municipal staff to circumvent prohibition, to arbitrarily suit the needs of elected officials, and to falsely maintain alignment of these officials with their political precepts & doctrines !

Clearly, exception statuses have been incorporated into by-laws because invasive weeds & destructive insects MUST BE CONTROLLED ANNUALLY in order to protect residential and municipal green spaces.

These exception statuses have even allowed the sale of predatory-permits, hence granting municipalities, like Charlottetown, the power to legally extort untold thousands of dollars in unjustified profits.

Typically, a 50-dollar fee is levied against residents and/or lawn care businesses for every single pest control application — in defiance of the fact that the actual cost of the application may be less than the fee itself.

Municipalities, like Charlottetown, are collecting thousands of dollars in unjustified profits from the sale of predatory-permits.

In essence, loathsome municipalities, like Charlottetown, despicably conspire to impose prohibition against conventional pest control products with the intention of profiting from the sale of predatory-permits.

Who can afford this #@!!% nonsense ?!?!

There should be NO #@!!% predatory-permits.

Otherwise, there should be NO #@!!% exception statuses whatsoever !

Prohibitions will continue to be dismal failures for municipalities in jurisdictions like Prince Edward Island and even British Columbia.

On Prince Edward Island, the following loathsome municipalities have allowed the selling predatory-permits — Charlottetown, Summerside, and others.

In British Columbia, the following loathsome municipalities have allowed the selling predatory-permits — Gibsons, Maple Ridge, Nelson, North Vancouver (City & District), Oak Bay, Saanich, Sechelt, Victoria, and others.

WE SPEAK THE WHOLE TRUTH ABOUT PREDATORY PERMITS FROM AN INDEPENDENT PERSPECTIVE !

We are the National Organization Responding Against HUE that conspire to destroy the Green space and other industries (NORAHG). As a non-profit and independent organization, we are environmentalists who are dedicated to reporting about truth-challenged pesticide-hating fanatics (HUE) who conspire to destroy businesses that are dependent on the use of safe and effective conventional pest control products. We also report on the work of several highly-rated leading experts who have recognized expertise, training, and background in matters concerning pest control products, and who promote environmental realism and pesticide truths.

Not surprisingly, enviro-fanatics have demonstrated that they are incapable of processing overwhelming scientific evidence. Should we trust these fanatics, who conveniently ignore scientific evidence, and attempt to impose their politicized-doctrines and twisted life-style choices against our society !?!?

NORAHG was the brainchild of Mr William H Gathercole and his colleagues in 1991. Mr Gathercole is now retired, although his name continues to appear as founder. We dare to defy the pesticide-hating fanatics by exploring the whole truth from an independent perspective on The Pesticide Truths Web-Site ... <http://pesticidetruths.com/> If you wish to receive free reports on issues that concern you, please contact us at ... force.of.de.nature@gmail.com WILLIAM H GATHERCOLE AND NORAH G
